Michael Agerskov

The Doctrine Of Atonement And The Shorter Road:

Questions and Answers Johanne Agerskov,1979 This book combines the first and second supplement to *Toward the Light* in one volume and contains commentaries on the message of *Toward the Light* It answers questions on the origin of human existence on the problems of life on Earth and on our relationship to God It explains the cause of evil in this world and the grief and suffering of human existence Together the two supplements offer a wealth of concise information covering a wide range of subjects from science to philosophy in a way that casts light on practically every aspect of life It was furthermore the wish of the transcendental world that human beings should be given authentic guidance in the important area of sexual matters This guidance has been included as a special appendix to this book entitled *Marriage Birth Control and Abortion* since it was not occasioned by questions from the earthly world *Toward the Light!* Michael

Agerskov,1920-03-01 *Toward the Light* is a message to humanity from the transcendental world An account of man s creation about the necessity of reincarnation for our spiritual development and the struggle between good and evil light and darkness

Agerskov,1979 This small work was published separately because it constitutes a special Message from the transcendental world to all who bear the name of Christian As its title suggests it deals with the question of the origin of the Doctrine of Atonement and how this doctrine relates to the essence of Christianity **Neology not true, and truth not new, 3 short**

volume offers groundbreaking dialogue by many of the most prominent scholars in the field in a definitive treatment of central issues in theism and Christian faith *James Baldwin and the Short Story* Benedict Ushedo,2018-03-21 This book examines the range of issues that echo in James Baldwin s short stories It articulates and defends the claim that the stories in the collection *Going to Meet the Man* are driven by the autobiographical memory of the author To support this line of thought and the related proposition that the stories feed into themes relevant to self knowledge vicarious suffering love and forgiveness their effectiveness as transformative and revelatory texts is highlighted By drawing on contemporary studies and challenging the view that short stories are no more than miniature pieces merely echoing major works of their authors this book demonstrates that the short story genre can be profoundly forceful and effective in the articulation of complex human issues This study shows also that the humanistic import of the Baldwin stories is amplified by their ability to accumulate moral tension as they elicit the participation of the reader in an imaginative quest for a better world **Systematic**
