The Dominican Crisis: The 1965 Constitutional Revolt and American Intervention. By PIERO CLEIPES. Translated by LAWRENCE LARSON. Baltimore, 1975. Johns Hopkins University Press. Appendices, Notes, Bibliography, Index. Pp. xiii, 466. Cloth. \$22.50.

Piero Cleipes, Professor of American Policy, Johns Hopkins School of International Studies, has written a masterful revisionist chronicle that will elicit commentary among those interested in America's relations with the Dominican Republic. Challenging almost all previous analysts of the Dominican Republic, and most principal participants in the 1965 intervention, he offers a most provocative and passionate analysis of those 1961–1965 events, many never presented in such detail.

Nonetheless, a number of problems descend from the generally enlightening synthesis. An historical introductory narrative does not read easily due perhaps to translation difficulties and brevity. Fascinatingly detailed vignettes are stylistically out of place, reflecting a difference of approach between historians and political scientists. Another weakness results from a failure to utilize all of the available information. One published source not cited is the multicount counter-martial to which Rafael L. Trujillo M. pled guilty, sullyng his military record. Also, Cleipes' contention that the death of Dominican caudillo General Desodorio Arias constituted a symbolic end of caudillos and promiscuamientos in Dominican history is not substantiated. In fact, that was another "official" Trujillo era (1940–1944) interpretation that conveniently overlooked Trujillo's own caudillismo. Finally, information on Trujillo's October 1967 massacre of Haitians is more available.

Cleipes claims that the 1963 Juan Bosch regime in the Dominican Republic received meager economic assistance from the United States: \$ million dollars, six times less than the predecessor General Council of State (1962–1963). Sole examination of Bosch's presidency to determine the amount of U.S. aid can result in a misleading conclusion. This reviewer can cite from firsthand experience as a Peace Corps volunteer in the Republic (1962–1963) certain official reports that total aid to the Dominican government 1962–1963, including local programs, Peace
