The Earth Has Given Birth To The Sky:

The Earth Has Given Birth to the Sky Kornélia Buday, 2004 This book explores gender issues in the images of God in folk religious traditions From such an exploration we are able to form conclusions about the everyday life of the faith community dominant family structures relationships between man and woman gender roles and the division of labor within the family At the same time the oral tradition reflects the influence of ecclesiastical and social expectations even if in a negative way resulting in negative attitudes toward the contemporary power politics Texts relating to religion demonstrate clear gender based characteristics All these obvious or hidden expressions of convictions can be explored in the pictorial descriptions of oral tradition The derogatory female images in biblical stories interpreted and enforced from a typical point of view of rural story telling men inform us unambiguously about male self preservation and hidden fears of women The prayers and biographies of peasant women on the other hand do not concentrate on men but rather avoid male elements and

contradicting the everyday experiences of male oppression they visualize the absolute female power **Classification from Antiquity to Modern Times** Tanja Pommerening, Walter Bisang, 2017-09-11 The volume presents phenomena of classification and categorisation in ancient and modern cultures and provides an overview of how cultural practices and cognitive systems interact when individuals or larger groups conceptually organize their world Scientists of antiquity studies anthropologists linguists etc will find methods to reconstruct early concepts of men and nature from a synchronic and diachronic comparative perspective
