The Good Wine Spiritual Renewal In The Church Of England:

The Good Wine Josephine Bax, 1986 Evangelical Eucharistic Thought in the Church of England Christopher J. Cocksworth, 1993-01-14 This book studies the way the central act of Christian worship variously known as the Eucharist the Lord's Supper the Holy Communion and the Mass has been treated in the thought and practice of the Evangelical tradition in the Church of England Evangelicals are not associated with an emphasis on the Eucharist and Dr Cocksworth's study is important and potentially very influential because it demonstrates that at its times of strength the Evangelical tradition has held the Eucharist in the highest regard *Megachurches and Social Engagement* Mark J. Cartledge, Sarah Dunlop, Heather Buckingham, Sophie Bremner, 2019-06-07 This book is the first detailed academic study of megachurches in the UK In particular it explores the nature and significance of social engagement by megachurches in the context of London The research contains empirical case studies of two Anglican and three African diaspora Pentecostal churches As well as exploring the range of social engagement activities provided by these churches the study offers explanations in terms of theological motivations and the influence of globalisation Subsequently the book outlines the importance of the findings for the relationship between church and society in the contemporary context addressing the implications for social policy and practice The book advances discussions in public theology megachurch studies Pentecostal and Charismatic studies and ecclesiology **Charismatics and Postmodernity** Jitesh K. Patel, 2025-09-05 Is charismatic renewal a bit too much like postmodernism With its multiple ways of knowing what is true touchy feely and pragmatic with an emphasis on personal story and community why does it look like something dreamt up by postmoderns longing for a church befitting their ideals This book explores these questions by investigating an example of charismatic renewal the Charismatic Movement in the Church of England leading to some surprising results Appearances can be deceiving and what seems postmodern about charismatic renewal is a complex mix of modernism reactions to modernism and a longing to go back to a time before modernism reared its head Jitesh Patel helps show how renewal's ongoing life has much still to contribute to the wider church's life once it recognizes the strengths and weaknesses of how it has formed in the context of modernism and the chapters herein illuminate what its future could look like as a result Contemporary Doctrine Classics Church of England. Doctrine Commission, 2005 This volume brings together three classic books from the Church of England's Doctrine Commission *We Believe in God* 1987 *We Believe in the Holy Spirit* 1991 and *The Mystery of Salvation* 1996 Anglicans and Pentecostals in Dialogue David Hilborn, Simo Frestadius, 2023-09-22 This is the first comprehensive book on Anglican and Pentecostal ecumenical relations It introduces both movements with a particular focus on their approaches to ecumenism before exploring sacraments ministry ecclesiology pneumatology and mission with respect to both traditions As well as providing more theological and historical discussion the book also offers personal accounts of local national and international ecumenical engagement by both Anglicans and Pentecostals It is written predominantly although not exclusively from a

British perspective Even so as the first major published dialogue between these two global Christian traditions the book will be of value to all interested in Anglicanism Pentecostalism and ecumenism **Reinventing English Evangelicalism, 1966-2001** Robert E. Warner, 2007-12-01 This provocative book offers a revisionist history of the transdenominational initiatives of English evangelicals from 1965 to 2000 Warner provides an authoritative theological analysis and a constructive sociological critique This is an invaluable study for all those in the academy the church and wider society who want a fuller understanding of the social and religious significance and the evolutionary dynamics of this influential and diversifying religious tradition **Worship in the Spirit** James H. S. Steven, 2007-01-01 Since its beginnings in the early 1960s the Charismatic Movement has been at its most visible and influential in the sphere of public worship This book is the first major study of charismatic worship as it is encountered in Church of England parishes Having traced the historical development of the Charismatic Movement in the Church of England the book explores the public worship of six selected case study churches By focusing on patterns of liturgical order congregational singing and prayer ministry various aspects of worship are discussed These include leadership use of music and song transformation of people and place and the influence of cultural trends in notions of intimacy and characteristics of live performance presence spontaneity and visibility The concluding section offers a theological evaluation and investigates charismatic worship from a trinitarian perspective *Research in the Social Scientific Study of Religion* Ralph L. Piedmont, 2005-11-01 Various articles are presented covering psychological sociological and cross cultural topics or relevance to religious spiritual researchers and academics *Doing what Jesus Did* Alison Morgan, 2010 Doing what Jesus did takes a fresh look at the gifts of the Spirit suggesting they are best regarded as a description of the ministry of Jesus to be welcomed not as feathers in the caps of individuals but as shared resources given to enable the mission and ministry of the church With lots of illustrations and plenty of real life stories and testimonies this is a welcome and readable introduction to a topic about which little has been written in recent years It includes a Bible study for use in small groups The best theologically rigorous study of the gifts of the Spirit that I have read Especially because in this new book Alison Morgan from long experience includes sensible practical advice on how to get going Preb John Collins

Theology of Reconciliation in the Context of Church Relations Rula Khoury Mansour, 2020-01-31 Christians are called to be peacemakers in a world rife with conflict but how should Christians respond when the source of strife is not outside the church but within it Built on an in depth analysis of three Palestinian church splits this text examines the cultural and theological implications of intra church conflict in Arab evangelical communities in Israel Translating Miroslav Volf s formative theology of reconciliation into her contemporary Palestinian context Dr Rula Khoury Mansour provides a critical evaluation of both Volf s theory and Palestinian peacemaking models Through her research and analysis Dr Mansour develops a Middle Eastern theology of reconciliation and encourages congregations around the world to develop greater cultural and theological awareness in their quest to experience lasting peace within their churches and wider communities

Evangelicals Etcetera Kelvin Randall, 2017-11-28 The ordination of a gay bishop in the USA revealed sharp differences in the Anglican Church world wide The Church of England is seen as torn apart by divisions Evangelical churches and clergy threaten separation Behind the conflicts lies churchmanship Anglo catholic Evangelical Liberal Charismatic and similar labels are in regular use those who stand for particular churchmanships use labels both as battle cries and as accusations Evangelicals Etcetera is a comprehensive and authoritative guide to clergy churchmanship Four major questions are asked and answered in this book What is churchmanship Can it be measured Are particular kinds of people drawn to particular forms of churchmanship What difference does churchmanship make to the way Anglican clergy believe and behave
