The Gorilla Joke Book Phil Hirsch, 1976 A collection of jokes about gorillas and other apes *The Little Black Book of Dirty Jokes*, This raunchy little collection of smutty jokes serves up obscene amounts of fodder for every tasteless occasion No one escapes its gritty pages from doctors and ministers to donkeys and octogenarians Warning Mature actually immature Content King Kong Gorilla Jokes For Kids Peter Crumpton, 2015-01-15 The Sense of Humor Willibald Ruch, 2010-12-14 No detailed description available for The Sense of Humor **Whatever: Blogs & Crap** Sean Rima, 2017-09-28 Whatever is a collection of blogs by poet broadcaster and amateur philosopher Sean Rima **The Joke Is on Us** Julie A. Webber, 2018-12-11 This edited volume brings together scholars of comedy to assess how political comedy encounters neoliberal themes in contemporary media Central to this task is the notion of genre under neoliberal conditions where market logics motivate most actions genre becomes mixed Once stable discreet categories such as comedy horror drama and news and entertainment have become blurred so as to be indistinguishable The classic modern paradigm of comedy tragedy no longer holds if it ever did Moreover as politics becomes more economic and less moral or normative under neoliberalism we are able to see new resistance to comedic genres that support neoliberal strategies to hide racial and gender injustice such as unlaughter ambiguity and anti comedy There is also an increasing interest with comedy as a form of entertainment on the political right following both Brexit in the UK and the election of Trump in the U S Several essays confront this conservative comedy and place it in context of the larger humor history of these debates over free speech and political correctness For comedians too entry into popular media now follows the familiar neoliberal script of the celebration of self help with the increasing admonishment of those who fail to win in market terms Laughter plays an important role in shaming and valorizing often at the same time the precarious subject in the aftermath of global recession Doubling down on austerity self help policies and equivocation in the face of extremist challenges right and left politics foils the critical comedian s attempt to satirize and parody its object Characterized by ambiguity mixed genre and the increasing use of anti humor political comedy mirrors the social and political world it mocks parodies and celebrates often with lackluster results suggesting that the joke might be on us as audiences **Adventures of Dr. McNinja, The: King Radical** Christopher Hastings, 2015-08-04 When everyone thinks Dr McNinja is killed by a vengeful astronaut ghost it s his chance to infiltrate the criminal organization of King Radical But should he who fights rad monsters beware of becoming one himself **The Joke Was On Me** Barry Friedman, 2021-03-23 Barry Friedman a veteran of 30 years on the comedy road delivers another punchline on standup Filled with garden variety kleptomaniacs large rum drinking Bahamians bitter glorious troubled and sex addicted women with ankle monitors loquacious drug addicts first time Vegas lesbians and tall neurotic Jews in sweaters and these are the sane people The Joke Was On Me is the story his story of laughs and love and almost fame It s all true as much as comedy will allow anyway **Gorilla Joke Book** Hirsch, 1976-07-01 **Jokes Every Man Should Know** Don

Willful Defiance Mark R. Warren,2022 The story of how Black and Brown parents students and members of low income communities of color organized to dismantle the school to prison pipeline in their local schools and built a movement that spread across the country In Willful Defiance Mark R Warren documents how Black and Brown parents students and low income communities of color organized to dismantle the school to prison pipeline in their local schools and built an intersectional movement that spread across the country Examining organizing processes in Mississippi Los Angeles Chicago and other localities he shows how relatively small groups of community members built the power to win policy changes to reduce suspensions and expulsions by combining deep local organizing with resources from the national movement As a result over the course of twenty years the movement to combat the school to prison pipeline resulted in falling suspension rates across the country and began to make gains in reducing police presence in schools especially in places where there have been sustained organizing and advocacy efforts In documenting the struggle organizers waged to build national alliances led by community groups and people most impacted by injustice rather than Washington based professional advocates Warren offers a new model for movements that operate simultaneously at local state and national levels while primarily oriented to support and spread local organizing In doing so he argues for the need to rethink national social justice movements as interconnected local struggles whose victories are lifted and spread In the end the book highlights lessons from the school to prison pipeline movement for organizers educators policymakers and a broader public seeking to transform deep seated and systemic racism in public schools and the broader society
