*Shakespeare, Cinema, Counter-Culture* Ailsa Grant Ferguson,2016-06-23 Addressing for the first time Shakespeare s place in counter cultural cinema this book examines and theorizes counter hegemonic postmodern and post punk Shakespeare in late 20th and early 21st century film Drawing on a diverse range of case studies Grant Ferguson presents an interdisciplinary approach that offers new theories on the nature and application of Shakespearean appropriations in the light of postmodern modes of representation The book considers the nature of the Shakespearean inter text in subcultural political contexts concerning the politicized aesthetics of a Shakespearean body in pieces the carnivalesque and notions of Shakespeare as counter hegemonic weapon or source of empowerment Representative films use Shakespeare and his accompanying cultural capital to challenge notions of capitalist globalization dominant socio cultural ideologies and hegemonic modes of expression In response to a post modern culture saturated with logos and semiotic abbreviations many such films play with the emblematic imagery and references of Shakespeare s texts These curious appropriations have much to reveal about the elusive nature of intertextuality in late postmodern culture and the battle for cultural ownership of Shakespeare As there has yet to be a study that isolates and theorizes modes of Shakespearean production that specifically demonstrate resistance to the social political ideological aesthetic and cinematic norms of the Western world this book expands the dialogue around such texts and interprets their patterns of appropriation adaptation and representation of Shakespeare

*Inside Out* ,2008-01-01 The incursions of women into areas from which they had been traditionally excluded together with the literary representations of their attempts to negotiate subvert and appropriate these forbidden spaces is the underlying theme that unites this collection of essays Here scholars from Australia Greece Great Britain Spain Switzerland and the United States reconsider the well entrenched assumptions associated with the public private distinction working with the notions of public and private spheres while testing their currency and exploring their blurred edges The essays cover and uncover a rich variety of spaces from the slums and court rooms of London to the American wilderness from the Victorian drawing room and sick room to out of the ordinary places like Turkish baths and the trenches of the First World War Where previous studies have tended to focus on a single

aspect of women's engagement with space this edited book reveals a plethora of subtle and tenacious strategies found in a variety of discourses that include fiction poetry diaries letters essays and journalism Inside Out goes beyond the early work on artistic explorations of gendered space to explore the breadth of the field and its theoretical implications God, Why Didn't He Cover Me? Karen D. Reid, 2008-11-20 GOD WHY DIDNT HE COVER ME DISCLAIMER This is not the typical tell all story it is an uncompromising expose Emotionally and sexually abused by religious leaders God has anointed me in the area of my affliction to purely expose the devices of Satan and challenge the Body of Christ to raise the standard of holiness purity and integrity As I am willing to become transparent in this three part series From Mistress to Ministry my testimony capitalizes on scriptural references and information in conjunction with past experiences to present a biblical reformation that will promote genuine holiness in a wayward church The principle of spiritual warfare is that we must be called to order before we can advance to the next level of victory My objective is three fold to nurture damaged spirits to foster a healing process for victims of abuse and to present the deliverance that repentance brings to those who are trapped in sexual sins Pastors can God count on you to avoid the damaging effects of committing spiritual incest Husbands can your wives trust you to shun the immoral acts of adultery fornication Fathers can your daughters lean on you to steer clear of raping them of their innocence Teachers can our children expect you to be mentors and not molesters Executives can your subordinates rely on you to refrain from sexual harassment violations Political officials can your citizens depend on you to protect us against economic hardship President of the United States can God trust you to call this nation back to Him and snatch us out of the hand of the enemy More than mere members of an organization or a population we are your sons and daughters Powerful ambassadors of God will you cover us in our imperfections and not continue to exploit our vulnerabilities For the time is come that judgment deliverance through investigation or examination must begin at the house of God When the Kingdom of God does not influence the nation through truth and righteousness the leadership of the nation is not equipped to positively affect its citizens However the nation cannot be healed until the church has been cleansed Thus we can not afford to remain complacent to the issues of clergy misconduct and the abuse and misuse of spiritual power Secret issues can only be eradicated by exposing old wounds otherwise hidden infection will inevitably spread throughout the Body In presenting this 21st century exposition of the consequences of making ungodly decisions I minister based on where I am after I have judged myself based on where I was Therefore seeing we have this ministry as we have received mercy we faint not but have renounced the hidden things of dishonesty not walking in craftiness nor handling the Word of God deceitfully but by manifestation of the truth commending ourselves to every man's conscience in the sight of God II Cor 4 1 2 **Grant Morrison and the Superhero Renaissance** Darragh Greene, Kate Roddy, 2015-08-01 Superheroes are enjoying a cultural resurgence dominating the box office and breaking out of specialty comics stores onto the shelves of mainstream retailers A leading figure behind the superhero Renaissance is Grant Morrison long time architect of the DC Comics universe and author

of many of the most successful comic books in recent years Renowned for his anarchic original creations Zenith The Invisibles The Filth We3 as well as for his acclaimed serialized comics JLA Superman Batman New X Men Grant Morrison has radically redefined the superhero archetype Known for his eccentric lifestyle and as a practitioner of pop magic Morrison sees the superhero as not merely fantasy but a medium for imagining a better humanity Drawing on a variety of analytical approaches this first ever collection of critical essays on his work explores his rejuvenation of the figure of the superhero as a means to address the challenges of modern life *Remote Summons* Mahwish Khan,2021-07-08 If you ever feel short on words to describe certain feelings about yourself read this book You will find a page where you will be in a form of a poem This book is not just poet s collection of poems but a part of you your thoughts and everyone s world all together stored in a book As You are a poem A melody a soul You are what Sun sees Moon adores You are everything more And yet you think You are not worth a call I summon you

**Inside/Outside** R. B. J. Walker,1993 In this book Rob Walker offers an original analysis of the relationship between twentieth century theories of international relations and the political theory of civil society since the early modern period He views theories of international relations both as an ideological expression of the modern state and as a clear indication of the difficulties of thinking about a world politics characterized by profound spatiotemporal accelerations International relations theories should be seen the author argues more as aspects of contemporary world politics than as explanations of contemporary world politics These theories are examined in the light of recent debates about modernity and post modernity sovereignty and political identity and the limits of modern social and political theory This book is a major contribution to the field of critical international relations and will be of interest to social and political theorists and political scientists as well as students and scholars of international relations

*Service-Learning in Literacy Education* Valerie Kinloch,Peter Smagorinsky,2014-03-01 This edited collection will stand as the first volume that specifically describes service learning programs and courses designed as part of teacher education programs in the fields of literacy education secondary English education elementary language arts education and related

fields The contributing authors describe the programs they have developed at their universities and or in their local communities providing information about the rationale for their initiative the design of the course the outcomes of the experience and other matters that will help literacy educators develop similar courses and experiences of their own Additionally this edited collection will fill a great gap in the field s knowledge of alternative forms of teacher education It will provide descriptions of service learning initiatives that have been field tested with demonstrable results Thus far the field has produced widely scattered articles in journals covering a variety of disciplines but no definitive collection of papers in which service learning designed to promote literacy instruction is housed in a single volume edited for cross referencing and thematic categorization The two editors have developed courses and received grants to support service learning initiatives at their universities and believe that others might develop similar programs if they had better understandings of their value and design Their intention with this volume is to promote service learning more broadly among literacy educators
