Avant-Garde Work on Paper Sascha Bru,2024-03-13 This book examines the many functions of paper in the fine art and
aesthetics of the early twentieth century modernist or historic avant garde Expressionism Cubism Futurism Dadaism
Surrealism Constructivism and many more With its many collages and photomontages the historic avant garde is generally
considered to have transformed paper from a mere support into an artistic medium and to have assisted in art on paper
gaining a firm autonomy Bringing together an international team of scholars this book shows that the story of paper in the
avant garde has thereby hardly been told The first section looks at a selection of canonized individual avant gardists work on
paper to demonstrate that the material and formal analysis of paper in the avant garde s artistic production still holds much
in store In the second section chapters zoom in on forms and formats of collective artistic production that deployed paper to
move around reproductions of fine art works to facilitate the dialogue between avant gardists to better promote their work
among patrons and to make their work available to a wider audience Chapters in the third section lay bare how certain
groups within the avant garde began to massively create monochrome works because these could be easily reproduced when
transferred to or reproduced as linocuts In the last section of the book chapters explore how the avant garde s attentiveness
to paper almost always also implied a critique of the ways in which paper and all that it stood for was treated and labored in
European culture and society more broadly The book will be of interest to scholars working in art history modernism and
design *The SciArtist* Walter Grünzweig,2012 This title presents criticism commentaries and creative responses to Carl

collection of artists books **Paul Klee** Roland Doschka,2001 Produced in close cooperation with the Klee Foundation in
Bern this catalogue gathers together the artist s outstanding masterpieces of the years 1917 to 1933 This extraordinary
survey which includes works which Klee originally intended to keep for himself has been made possible by loans from the
collection of Angela Rosengart in Lucerne the Klee Foundation in Bern and many private collectors Many of these works are
being presented to a wide audience for the first time Klee is widely seen as one of the most original artists of the twentieth
century Together with Feininger Kandinsky and Jawlensky he founded the Blue Four group and had a decisive influence on
artists such as Miro and Delaunay The years 1917 to 1933 were the most productive in Klee s work In Celebration of
