The anthology *The Greatest of Dystopian Classics of All Time* navigates the shadowy realms of human imagination through a striking collection of dystopian literature. It traverses time from Mary Shelley's prescient forebodings to the philosophical quandaries posed by E. M. Forster and the allegorical dimensions woven by Jonathan Swift. This collection encompasses a myriad of styles from the prophetic to the satirical, each shedding light on societal structures and individual agency. Distinct narratives engage with prevailing anxieties about technological advancement, moral decay, and socio-political upheaval, offering readers a venue to ponder the complexities of humanity itself. Contributing authors span the literary landscape, united by their stark portrayals of potential futures that extend beyond the conventional confines of their periods. Writers such as H. G. Wells, Edgar Allan Poe, and Ayn Rand craft speculative narratives that question the repercussions of socio-economic disparities and the ethical dilemmas inherent in technological progress. The anthology pays homage to diverse literary traditions and movements, including Romanticism's probing of human nature and realism's dialogue with industrial society, enhancing the book's thematic richness. This anthology invites readers to explore a confluence of prophetic voices and diverse literary crafts. It's an essential compendium for those seeking to understand the cultural and philosophical underpinnings of dystopian narratives across history. A unique intellectual journey within these pages awaits, challenging assumptions while providing multifaceted perspectives on the enduring appeal and relevance of dystopian fiction. The work is not only an engaging literary expedition but also a profound educational tool, facilitating dialogue between past contemplations and contemporary concerns.

The Ismaili Assassins James Waterson, 2008-10-30

A fascinating history. The Medieval conflict between Christians and Muslims has many similarities to the Middle East today. Firetrench: The Ismaili Assassins were an underground group of political killers who were ready to kill Christians and Muslims alike with complete disregard for their own lives. Under the powerful control of an enigmatic grand master, these devoted murderers often slayed

their victims in public cultivating their terrifying reputation They assumed disguises and their weapon of choice was a dagger The dagger was blessed by the grand master and killing with it was a holy and sanctified act poison or other methods of murder were forbidden to the followers of the sect Surviving a mission was considered a deep dishonor and mothers rejoiced when they heard that their Assassin sons had died having completed their deadly acts Unsurprisingly their formidable reputation spread far and wide In 1253 the Mongol chiefs were so fearful of them that they massacred and enslaved the Assassins women and children in an attempt to liquidate the sect The English monarch Edward I was nearly dispatched by their blades and Richard the Lionheart s reputation was sullied by his association with the Assassins murder of Conrad of Montferrat The Ismaili Assassins explores the origins actions and legacy of this notorious sect Enriched with eyewitness accounts from Islamic and Western sources this important book unlocks the history of the Crusades and the early Islamic period giving the reader entry into a historical epoch that is thrilling and pertinent An inherently fascinating deftly written and impressively informative read from beginning to end Midwest Book Review [The Greatest Works of H. The Greatest Lie on Earth
(Expanded Edition) Edward Hendrie, 2018-09-12 This book reveals the mother of all conspiracies It sets forth biblical proof and irrefutable evidence that will cause the scales to fall from your eyes and reveal that the world you thought existed is a myth The most universally accepted scientific belief today is that the earth is a globe spinning on its axis at a speed of approximately 1 000 miles per hour at the equator while at the same time it is orbiting the sun at approximately 66 600 miles per hour All of this is happening as the sun in turn is supposed to be hurtling through the Milky Way galaxy at approximately 500 000 miles per hour The Milky Way galaxy itself is alleged to be racing through space at a speed ranging from 300 000 to 1 340 000 miles per hour What most people are not told is that the purported spinning orbiting and speeding through space has never been proven In fact every scientific experiment that has ever been performed to determine the motion of the earth has proven that the earth is stationary Yet textbooks ignore the scientific proof that contradicts the myth of a spinning and orbiting globe Christian schools have been hoodwinked into teaching heliocentrism despite the clear teaching in the bible that the earth is not a sphere and does not move This book reveals the evil forces behind the heliocentric deception and why scientists and the Christian churches have gone along with it
