writing in the South and along with a piece of fiction by each are her penetrating commentaries about the impact of southern religious experience on their work A little more than a generation ago Flannery O Connor made a startling observation about herself and her fellow southerners By and large she said people in the South still conceive of humanity in theological terms While the South is hardly Christ centered it is most certainly Christ haunted The southerner who isn't convinced of it is very much afraid that he may have been formed in the image and likeness of God Guided by O Connor's perceptive commentary about southerners in general Susan Ketchin has created a deeply revealing collection that mirrors the pervasive role of religion in the literature by the recent generation of notable southern writers Ketchin confirms that old time religion remains a potent force in the literature of the contemporary South
