The Great Conspiracy Trial An Essay On Law Liberty And The Constitution:

The Great Conspiracy Trial Jason Epstein, 1971 *The Chicago Conspiracy Trial and the Press* Nick Sharman, 2016-05-11
This book analyzes the newspaper coverage of one of America's most famous and dramatic trials the trial of the Chicago 8. Covering a five month period from September 1969 to February 1970 the book considers the way eight radical activists including Black Panther leader Bobby Seale antiwar activists Tom Hayden David Dellinger and Rennie Davis and leading Yippies Abbie Hoffman and Jerry Rubin are represented in the press. How did the New York Times represent Judge Hoffman's decision to chain and gag Bobby Seale in the courtroom for demanding his right to represent himself? To what extent did the press adequately describe the injustice visited on the defendants in the trial by the presiding Judge Julius J. Hoffman? The author aims to answer these questions and demonstrate the press's reluctance to criticize Judge Hoffman in the case until the evidence of his misconduct of the trial became overwhelming. *The Press on Trial* Lloyd E. Chiasson, 1997-08-28
Perhaps no drama catches the interest of the American public more than a spectacular trial. Even though the reporting of a crime may quickly diminish in news value the trial lingers while drama builds. Although this has become seemingly more pronounced in recent years with the popularity of televised trials public interest in criminal trials was just as high in 1735 when John Peter Zenger defended his right to free speech or in 1893 when Lizzie Borden was tried for the murder of her father and stepmother. This book tells the stories of sixteen significant trials in American history and their media coverage from the Zenger trial in 1735 to the O J Simpson trial in 1995. Each chapter relates the history of events leading up to the trial the people involved and how the crimes and subsequent trials were reported. The Literary Mafia Josh Lambert, 2022-07-26
An investigation into the transformation of publishing in the United States from a field in which Jews were systematically excluded to one in which they became ubiquitous. From the very first page this book is funnier and more gripping than a book on publishing has any right to be. Anyone interested in America's intellectual or Jewish history must read this and anyone looking for an engrossing story should. Emily Tamkin author of *Bad Jews*. In the 1960s and 1970s complaints about a Jewish literary mafia were everywhere. Although a conspiracy of Jews colluding to control publishing in the United States never actually existed such accusations reflected a genuine transformation from an industry notorious for excluding Jews to one in which they arguably had become the most influential figures. Josh Lambert examines the dynamics between Jewish editors and Jewish writers how Jewish women exposed the misogyny they faced from publishers and how children of literary parents have struggled with and benefited from their inheritances. Drawing on interviews and tens of thousands of pages of letters and manuscripts *The Literary Mafia* offers striking new discoveries about celebrated figures such as Lionel Trilling and Gordon Lish and neglected fiction by writers including Ivan Gold Ann Birstein and Trudy Gertler. In the end we learn how the success of one minority group has lessons for all who would like to see American literature become more equitable. **Legendary Trials** Daniel J. Lanahan J.D., 2019-03-30
In an effort to show that history really does

repeat itself and highlight great issues of our times this book captures the essence of certain trials that took place in the history of the United States and reminds us that many issues of old are still with us yet unresolved and subject to great continuing public interest The author argues that public perceptions of guilt or innocence are often wrong and could have actually affected the results of famous trials Celebrity murders governmental manipulation death penalty and civil rights issues provide some of the backdrop for discussions The guilt of famous accused ax murderess Lizzi Borden a white churchgoing maiden from New England is compared with the terrorists Sacco and Vanzetti The murder of a child by other youths Leopold and Loeb creates a forum to discuss the death penalty as argued by famous trial lawyer Clarence Darrow The death penalty as applied to minors was only recently decided by the US Supreme Court The Civil Rights Movement developed from the Scottsboro Boys trial and World War II is analyzed Military commissions and tribunals and the treatment of prisoners of war and enemy combatants are issues that arise out of the Nuremberg trial Social and religious debates are dealt with in the Scopes Monkey trial The right of choice developed in Roe vs Wade and the special college admission case of Bakke vs the Regents of the University of California are all discussed Finally the impeachments and trials of Clinton and Johnson are compared This review of the last one hundred years in the courts wherein major issues many still with us is enlightening and thought provoking

Going to Hell to Get the Devil J. Christopher Schutz, 2024-03-20 The 1968 burning of the Lazy B Stables in Charlotte North Carolina attracted little notice beyond coverage in local media By the mid 1970s however the fire had become the center of a contentious and dubious arson case against a trio of Black civil rights activists who became known as the Charlotte Three The charges against the men garnered interest from federal law enforcement agents investigative journalists including one who later earned a Pulitzer Prize for coverage of the trials numerous New Left and Black Power activists and Amnesty International which declared the defendants political prisoners In *Going to Hell to Get the Devil* J Christopher Schutz offers the first comprehensive examination of this controversial case and its outcome In the 1960s and 1970s Charlotte's leaders sought to portray their home as a placid business friendly and racially moderate community When New Left and Black Power activists threatened that stability city leaders employed a variety of means to silence them including the use of law enforcement against African Americans they deemed too zealous In the Charlotte Three case prosecutors paid prisoners for testimony against the Black activists on trial resulting in their convictions with lengthy prison sentences The unwanted publicity surrounding the case of the Charlotte Three became a critical pivot point in the Queen City's post World War II trajectory *Going to Hell to Get the Devil* tells more than the story of an arson case it also tells the story of the South's future as the fate of the Charlotte Three
