The Great Succession Henry James And The Legacy Of Hawthorne:

The Great Succession Robert Emmet Long, 1979 The first book devoted to the literary relationship between Henry James and his American predecessor Nathaniel Hawthorne Robert Emmet Long demonstrates James transformation of Hawthorne's romantic forms into realism as one of the significant features of James early career Long shows that Hawthorne provided James with a native tradition having its own conceptions of American psychological experience *The Great Succession* Robert Emmet Long, 1994 *The Great Succession* Robert Emmet Long, **The Great Succession** Robert

Emmet Long, 2010-11-23 The first book devoted to the literary relationship between Henry James and his American predecessor Nathaniel Hawthorne Robert Emmet Long demonstrates James transformation of Hawthorne's romantic forms into realism as one of the significant features of James early career Long shows that Hawthorne provided James with a native tradition having its own conceptions of American psychological experience **Henry James and the Second Empire**

Angus Wrenn, 2017-12-02 Three years spent in France during the Second Empire of Napoleon III gave Henry James an early mastery of the French language and its literature When he settled in Europe as an adult it was not in Britain but briefly yet crucially in Paris This study identifies the missing link in the history of James's literary engagement with France between Balzac revered throughout his career and later French writers It was Second Empire writers who spurred James's own contribution to the novel While realism courted official displeasure culminating in the prosecution of Flaubert's *Madame Bovary* and closure of the radical *Revue de Paris* which serialized it the conservative *Revue des Deux Mondes* to which James subscribed enjoyed imperial approval James remained indebted to the authors published in its pages Edmond About Victor Cherbuliez and Octave Feuillet to his close friend Paul Bourget and to the era's greatest playwright Alexandre Dumas fils

A Historical Guide to Nathaniel Hawthorne Larry John Reynolds, 2001 This historical guide collects a number of original essays by Hawthorne scholars that place the author in historical context It includes a brief biography and illustrated chronology of the author's life and times **The Grand Continuum** David A. White, 2010-11-23 The assumptions that

literary criticism and philosophy are closely linked and that both disciplines can learn much from each other lead David White to examine key passages in James Joyce's novels both as a philosopher and as literary critic In so doing he develops a thesis that Joyce's attempt to capture the mysterious process whereby perception and consciousness are translated into language entails a fundamental challenge to everyday notions of reality Joyce's stylistic brilliance and virtuosity his destruction of normal syntax and meaning shock one into a new reality In the book's final section White examines the subtle relation between literary language and human consciousness and traces parallels between Joyce's stylistic experimentation and Wittgenstein's and Husserl's ideas about language *The Art of Criticism* Henry James, 1986-06-15 A collection of the

most important of Henry James Prefaces his studies of Hawthorne George Eliot Balzac Zola de Maupassant Turgenev Sainte Beuve and Arnold and his essays on the function of criticism and the future of the novel P 4 of cover **The School of**

Hawthorne Richard H. Brodhead, 1990-02-22 In *The School of Hawthorne* Brodhead uses Hawthorne as a prime example of how literary traditions are made not born Under Brodhead's scrutiny the Hawthorne tradition opens out onto a wide array of subjects many of which have received little previous attention He offers a detailed account of Hawthorne's life in American letters showing how authors as varied as Melville Howells James and Faulkner have learned from Hawthorne's model while all the while changing the terms in which he has been read As he traces Hawthorne's continued life among his heirs Brodhead also reflects on the ways in which writers receive and resist official tradition how their work is conditioned by the institutionalized pasts that surround them and how they go about creating new traditions to counter existing ones An important contribution to literary history *The School of Hawthorne* also establishes new ways in which literary history itself can be understood

The Cambridge Companion to Nathaniel Hawthorne Richard H. Millington, 2004-09-23 The *Cambridge Companion to Nathaniel Hawthorne* first published in 2004 offers students and teachers an introduction to Hawthorne's fiction and the lively debates that shape Hawthorne studies In commissioned essays twelve eminent scholars of American literature introduce readers to key issues in Hawthorne scholarship and deepen our understanding of Hawthorne's writing Each of the major novels is treated in a separate chapter while other essays explore Hawthorne's art in relation to a stimulating array of issues and approaches The essays reveal how Hawthorne's work explores understandings of gender relations and sexuality of childhood and selfhood of politics and ethics of history and modernity An Introduction and a selected bibliography will help students and teachers understand how Hawthorne has been a crucial figure for each generation of readers of American literature

The Prose Elegy John B. Vickery, 2009-05-15 Traditional English poetic elegists offer both writers and readers hope After lamenting an individual's death and confronting the mortality of all living things these poets seek consolation from religion philosophy or culture for the inevitability of death The modern prose elegy however follows a different path one that determinedly questions all possible resolutions In *The Prose Elegy* John B. Vickery continues the work he began in *The Modern Elegiac Temper* which examined the form in British and American poetry He now considers the works of American and British fiction writers from Henry James to Joan Didion and reveals how the elegy expanded into prose and why it evolved so as to deal not only with death but also with other forms of loss Focusing on individual works Vickery explores both the forms the elegy takes throughout the twentieth century and the skeptical and uncertain attitudes of writers struggling to confront the trauma of loss He offers detailed interpretations of the elegiac components in the works of novelists James Joyce William Faulkner Virginia Woolf and Ernest Hemingway each of whom forged a distinctive style as well as chroniclers of a pervasive stoicism such as Malcolm Lowry and Joan Didion and writers as nuanced as Sherwood Anderson F. Scott Fitzgerald James Agee and Ford Madox Ford For these writers Vickery shows sorrow intrudes upon the personal intellectual and cultural aspects of daily living By exploring how loss touches each of these areas their books probe intellectual boundaries and discover new elegiac themes Truman Capote and John Updike for example view

memory which can disappear quickly as inherently sad They therefore elegize memory What consoles writers of the modern elegy changes too In place of Milton's religion or Shelley's philosophy twentieth century writers also seek comfort from what also saddens them family marriage and ideas of the self In *The Prose Elegy* Vickery convincingly demonstrates that the elegy remains a dominant mode throughout British and American literature with perhaps greater pertinence to our lives than ever before

Northrop Frye and American Fiction Claude Le Fustec, 2015-01-15 *Northrop Frye and American Fiction* challenges recent interpretations of American fiction as a secular pursuit that long ago abandoned religious faith and the idea of transcendent experiences Inspired by recent philosophical thinking on post secularism and by Northrop Frye's theorizing on the connections between the Bible and the development of Western literature Claude Le Fustec presents insightful readings of the presence of transcendence and biblical imagination in canonical novels by American writers ranging from Nathaniel Hawthorne to Toni Morrison Examining these novels through the lens of Frye's ambitious account of literature's transcendent or kerygmatic power Le Fustec argues that American fiction has always contained the seeds of a rejection of radical skepticism and a return to spiritual experience Beyond an insightful analysis of Frye's ideas *Northrop Frye and American Fiction* is powerful testimony of their continued interpretive potential

Henry James Graham Clarke, 1991 First Published in 1992 Routledge is an imprint of Taylor Francis an informa company

Vital Contact Patrick Chura, 2013-11-05 The book analyzes American literature about middle or upper class characters who voluntarily descend the class ranks to experience vital contact by living or associating temporarily with the poor The motivations of these characters and historical figures such as John Reed and Walter Wyckoff range from straightforward bohemian slumming among the exotics to more complex and psychologically wrought investigations of cross class empathy The study begins by charting downclasing processes in works of canonical nineteenth century authors including Melville Hawthorne James Howells and Jewett It then undertakes an original analysis of John Reed's involvement with the 1913 Paterson silk workers strike as a context for understanding Ernest Poole's now forgotten but then best selling fictionalization of the strike in his novel *The Harbor* In other richly historicized chapters it analyzes distillations of class radicalism in several works by Upton Sinclair in the early drama of Eugene O'Neill and in feminist novels of the 1910s by Elia Peattie and Clara Laughlin The concluding chapter looks at sophisticated treatments of vital contact in fiction of the 1930s by Dos Passos Steinbeck and Richard Wright The book provides Americanists with important new ways of thinking about various forms of class identification as they developed in the nineteenth and early twentieth centuries

Schober, 2004-07-30 This book undertakes a study of the trope of possessed child in literature and film It argues that the possessed child is fundamentally an American phenomenon which first may be traced to the Calvinist bias of the US as a nation founded on Puritanism and second to the rise of Catholicism in that country to which Puritanism owes its origins

The Nature of True Virtue James Duban, 2001-06 This study details the compatibility of ideas between Jonathan Edwards and Emanuel Swedenborg that helped forge the theological socialism of Henry James Sr Duban demonstrates how a forgotten newspaper exchange between the elder James and Unitarian minister Henry Whitney Bellows clarified the Puritan foundations of the elder James's philosophy Henry James Jr in turn transformed the phenomenalist and Edwardian foundations of his father's philosophy into the psychological dramas of major novels although deeming the father's political radicalism destructive of aesthetic valuation Henry James and the Ghostly T. J. Lustig, 2011-02-03 The importance of ghosts and liminal experience in general in the fiction of Henry James **Nathaniel Hawthorne** Harold Bloom, 2009 Presents a brief biography of Nathaniel Hawthorne thematic and structural analysis of his works critical views and an index of themes and ideas **Prospects for the Study of American Literature** Richard Kopley, 1997-08 What can there possibly be left to say about This common litany resonant both in and outside of academia reflects a growing sense that the number of subjects and authors appropriate for literary study is rapidly becoming exhausted Take heart admonishes Richard Kopley in this dynamic new anthology for this is decidedly not the case While generations of literary study have unquestionably covered much ground in analyzing canonical writers many aspects of even the most well known authors both their lives and their work remain underexamined Among the authors discussed are T S Eliot Ralph Waldo Emerson William Faulkner Harriet Beecher Stowe Walt Whitman Ernest Hemingway Richard Wright Edith Wharton Nathaniel Hawthorne Zora Neale Hurston Henry James Willa Cather Herman Melville Edgar Allan Poe Henry David Thoreau and Mark Twain
