Blanscet,2021-03-19 We often think of the apostles as spiritual giants men who were uniquely qualified to walk with Jesus and carry on His mission to the world But the reality is they stand out more for their lack of qualifications They were not trained religious scholars they often misunderstood what Jesus told them and sometimes they simply failed to live up to Jesus s expectations Not only did they lack qualifications but they also encountered many of the same fears and issues we experience They struggled with doubts cowardice ambition faithlessness pessimism and greed In other words the apostles were people just like us Yet Jesus chose them to change the world And they did Lessons from the Apostles describes the struggles and personalities of these ordinary men reveals the transformation Jesus made in their lives and identifies specific lessons you can apply in your own life You will also find brief accounts of the stories and legends regarding what

happened to the apostles after the Bible As you read about each of these men you will likely recognize your own personality in one or more of them And you will find encouragement from knowing that you too are the type of person God can use to change the world
