**The Green Serpent and the Tree** James N. Judd, MS.D.,D.D.,N. James,1999-11-04 Within the human system there are certain archetypes centers or vortexes of energy As this energy or power exists at a different level than our conscious awareness it remains essentially dormant with most people but when activated usually through meditation this force has a most profound influence upon our psychological spiritual and physical nature As this inner subtle energy plays such a vital role in our overall being there is much to be gained from understanding this force and how to benefit from its power This information can be found in the ancient spiritual teachings of the Jewish Kabbala and the Hindu Kundalini Yoga but the complexity of these teachings particularly with Kabbala makes it difficult to find useful answers as to how this inner power can be utilized In *The Green Serpent and the Tree* Dr Judd cuts through the confusing terminology of these teachings and in an easy to read style using practical examples and illustrations logically explains The inner nature of man and structure of the soul How Kabbala and Kundalini Yoga can be reconciled and how they augment each other The difference between the symbols of The Tree of Life and The Tree of the Knowledge of Good and Evil Why the seven inner centers Chakras of Kundalini Yoga are the same as the ten centers Sefirot of Kabbala The significance of the Green Serpent Kundalini and the functions of the various channels that connect the inner centers The different centers with a detailed description of their psychological and spiritual influence Relationship of meditation with releasing the power from the inner centers The practical value of meditation its four stages and the physical psychological psychic and spiritual effects The risks involved in releasing these inner powers and how to avoid them The reason for the inter relationship between Kabbala and Kundalini Yoga and their original source Although this book is written in an explanatory style which guides the layman through the intricacies of these two teachings as they relate to our inner powers the material content contains much that will interest the more advanced student Based upon thorough research Dr Judd outlines in logical steps why The Tree symbol that is frequently referred to as the Tree of Life is misnamed Any attempt to reconcile the Chakras with the Sefirot using the wrong Tree symbol will lead to inaccurate conclusions The position of the Sefirot changes depending upon which Tree symbol is used There are three central channels that connect the Chakras rather than the one that is usually shown and Kabbala supports this fact This explains the different levels of power released from the same Chakra Why some of the practices used to open the Chakras involve considerable risks Anyone who wishes to expand their knowledge of Kabbala Kundalini Yoga the inner nature and powers of man meditation and the safe way to travel on the journey within will greatly benefit from the information in this book

*Walking With the Green Man* Bob Curran,2007-03-05 Almost since the dawn of time the image of the Green Man the carven enigmatic head surrounded by leaves and foliage has both intrigued and mystified viewers and folklorists alike Appearing in churches taverns and even on stately buildings the carving seems shrouded in supernatural obscurity Is it merely a fertility symbol or is it something much deeper which calls for a response from us all Though it seems a predominantly Celtic icon does the concept of the Green Man also appear in other places and in other cultures What is its relevance for the world today In an absorbing new book Dr Bob Curran traces the many strands that make up this enigmatic image Tracing its origins from prehistoric times he explores its significance in the medieval world and discusses its development in the modern world He also investigates the image's psychological appeal which has allowed it to continue down through the ages and pulling from a variety of sources its impact upon other cultures in various parts of the world From heroic archetypes such as Robin Hood to Demigods such as Herne the Hunter from the King of the Woods to the Jack in the Green *Walking With the Green Man* examines the interconnection of man and Nature throughout history Whether as a man amongst the trees a man of the trees or a symbol of Nature used to express secrets and solidarity the Green Man's visage is traced throughout lands and cultures *Walking With the Green Man* will appeal to all those who are interested in the image of the Green Man as an example of symbolic art as well as to those who are interested in folklore and the interplay between folklore and culture It is a fascinating study which not only examines the history of the icon but also its development within human perception

[The Hidden Spirituality of Men](#) Matthew Fox,2010-09-24 It is no secret that men are in trouble today From war to ecological collapse most of the world's critical problems stem from a distorted masculinity out of control Yet our culture rewards the very dysfunctions responsible for those problems To Matthew Fox our crucial task is to open our minds to a deeper understanding of the healthy masculine than we receive from our media culture and religions Popular religion forces the punitive imagery of fundamentalism on us pushing most men away from their natural yearning for spirituality and toward intolerance and domination Meanwhile many men particularly young men are looking for images of healthy masculinity to emulate and finding nothing To awaken what Fox calls the sacred masculine he unearths ten metaphors or archetypes ranging from the Green Man an ancient pagan symbol of our fundamental relationship with nature to the Grandfatherly Heart to the Spiritual Warrior He explores archetypes of sacred marriage showing how partnership becomes the ultimate expression of healthy masculinity By stirring our natural yearning for healthy spirituality Fox argues these timeless archetypes can inspire men to pursue their higher calling to reinvent the world
