McGirr, 2005-05 It was one day in October that a family's life would be forever changed Some could say for the better while others may argue for the worse Kay Wagner a registered nurse since 1985 spent most of her professional career in critical care settings Her love has been in caring for patients in the specialized area of neurology neurosurgery those with such disorders as strokes back and spinal cord injuries aneurysms and brain tumors Never in her wildest dreams could she have imagined that such skills would be put to the test in her own personal life Her oldest daughter Kara would be diagnosed with a brain cyst that was to be surgically treated with a shunt Acting on her professional instincts as a nurse and more importantly on her gut instincts as a mother she delves deeper into her daughter's diagnosis and finds that Kara had not only a cyst but a rare malignant brain tumor Kara's Courage is a heartwarming true story that will take you on a journey of uncertainty fear and humbleness as experienced by the author in her forever conflicting roles as a nurse and as a mother from the other side of the stretcher

The Persephone Myth in Young Adult Fiction Cristina Salcedo González, 2024-12-12 Investigating the widespread but understudied presence of the Persephone myth within 21st century young adult literature Cristina Salcedo González analyses six young adult novels which incorporate a reworking of this ancient Greek myth Through the identification of mythic themes mythemes and patterns within these novels González shows that these works evoke the female life cycle and develop current perceptions of the female maturational experience As a result Salcedo González makes an important contribution in establishing the cultural significance of young adult literature in the world of classical reception These novels all written by women also inflect or interpret the myth in ways influenced by their contemporary contexts specifically the impact of the novels' target readership on the aspects of the myth that are either emphasised e.g. Persephone's descent into the underworld her existence there and her re-ascent or de-emphasised e.g. the mourning and wanderings of Demeter This book makes original methodological contributions through its innovative dual perspective of myth criticism and classical reception to our understanding of the academically neglected genre of young adult literature and the reception of the myth of Persephone As a result Salcedo González significantly contributes to establishing the cultural significance of young adult literature within the realm of classical reception

The Life and Death of Objects Lars Lerup, 2022-04-04 Lars Lerup's conceptual explorations as a designer and thinker have been inspired by philosophers and artists from Foucault to Beckett Lerup's furniture designs elude consumer culture They conform neither to what is commonly understood as useful nor to what is typically regarded as necessary They question the assumed functions of furniture and at the same time their assigned place in space His pieces interrogate their roles and positions and introduce a disturbing or at least disconcerting note to conventional floor plans This autobiography of a design project is about rendering visible the consumerism that is driving the current economically motivated expansion of our cities and dealing with the consequences for the environment and society

Whirlwind Tim Ellsworth, 2008 When a powerful EF 4 tornado with winds in excess of 200 miles per hour slammed the Union University campus on February 5 2008 destroying eighteen dormitory buildings and causing 40 million in damage the immediate assumption was that dozens if not hundreds of lives would have been lost Miraculously nobody died and the next morning major media outlets flocked to Jackson Tennessee where Union students and faculty credited God for their survival and got to share their faith with millions worldwide God in the Whirlwind recounts the entire experience through twenty eye of the storm accounts from those who saw the walls and ceilings crashing down upon them and felt their ears pop as the pressure dropped from anxious parents who waited for their child's call and from Union leaders who marvel at the university's unbroken spirit in the face of such devastation This inspiring book also includes eighty photographs that visualize God's mighty hand upon nature and his gentle hand of grace
