The Disposition Of The Subject:

The Dispositional Architecture of Epistemic Reasons Hamid Vahid, 2020-09-06 This book is concerned with the conditions under which epistemic reasons provide justification for beliefs The author draws on metaethical theories of reasons and normativity and then applies his theory to various contemporary debates in epistemology In the first part of the book the author outlines what he calls the dispositional architecture of epistemic reasons The author offers and defends a dispositional account of how propositional and doxastic justification are related to one another He then argues that the dispositional view has the resources to provide an acceptable account of the notion of the basing relation In the second part of the book the author examines how his theory of epistemic reasons bears on the issues involving perceptual reasons He defends dogmatism about perceptual justification against conservatism and shows how his dispositional framework illuminates certain claims of dogmatism and its adherence to justification internalism Finally the author applies his dispositional framework to epistemological topics including the structure of defeat self knowledge reasoning emotions and motivational internalism The Dispositional Architecture of Epistemic Reasons demonstrates the value of employing metaethical considerations for the justification of beliefs and propositions It will be of interest to scholars and advanced students working in epistemology and metaethics

Treatise on the Virtues St. Thomas Aquinas, 2019-08-15 In his Treatise on the Virtues Aquinas discusses the character and function of habit the essence subject cause and meaning of virtue and the separate intellectual moral cardinal and theological virtues His work constitutes one of the most thorough and incisive accounts of virtue in the history of Christian philosophy John Oesterle's accurate and elegant translation makes this enduring work readily accessible to the modern reader

Belief, Inference, and the Self-Conscious Mind Eric Marcus, 2021 It is impossible to hold contradictory beliefs in mind together at once Eric Marcus examines the nature of belief and inference in light of the phenomenon of rational necessity to reveal how the unity of the rational mind is a function of our knowledge of ourselves as bound to believe the true

Peter of Spain Francis P. Dinneen, 1990-01-01 This book is a translation of Petrus Hispanus 13th century text Hispanus was a contemporary of linguistic theorists called Modistae after 12th to 14th century writings entitled De Modis Significandi Their concerns involved differences between the way things are in themselves how we understand them and how grammatical conventions require us to communicate about them
