The Donor:

The Donor Frank M. Robinson, 2025-05-21 You've heard the urban legend about a man who wakes up in a tub of ice in a hotel room with a kidney missing. In fact, organ thefts are a real phenomenon and the occurrence of the crime is on the increase. The legend comes to life in this dramatic and scary story ripped from the headlines of tomorrow's newspaper. Dennis, a college-age young man and an adoptee, wakes up in a small private hospital in San Francisco after a minor car accident to discover that one of his organs is missing. He's an involuntary transplant donor. He flees to a municipal hospital only to learn that this is the second organ to be harvested from him. He runs for his life. Clearly, someone somewhere is a close match for him; he needs his organs and knows his every move. The next time he might lose his heart or lungs. He won't wake up after that. Dennis heads home to Boston to confront his adoptive father, who seems to have forged his name to a donor card. And so the hunt is on. Dennis must find his harvester before the harvester finds him again. This is a gripping tale extremely well told. Publishers Weekly. A guide to better and more strategic fundraising. *Donor Cultivation and the Donor Life Cycle Map* presents the donor lifecycle map, which is circular in form, revealing how the convergence of the two subject matters, cultivation and the lifecycle map, can lead to better and more strategic fundraising. Author Deborah Kaplan Polivy specifically addresses the topic of cultivation and how, when focused over the donor lifecycle, it can become a logical and focused activity for obtaining increasingly large gifts. Step-by-step guidance and practical tools for understanding and making the most of the donor lifecycle. Coverage includes: Introduction to Donor Cultivation; Defining Donor Cultivation; Donor Cultivation Tools; and the Donor Lifecycle: How and Where They Intersect and Impediments to the Implementation Process. Features a companion website with a variety of online tools to help readers implement key concepts. Part of the Wiley Nonprofit Authority Series. *Donor Cultivation and the Donor Life Cycle Map* seeks to change the perspective from transactional fundraising to recurring fundraising, beginning with the first donation and extending to the very last, an endowment that keeps on giving even after death.
