Gaar,2015-04-25 Take an up front and behind the scenes look at The Doors Although their career with their wild and unpredictable frontman lasted barely six years The Doors are one of the most mind blowing bands in rock history Formed in Los Angeles in 1965 by UCLA film school acquaintances Jim Morrison and Ray Manzarek the band became famous for a sound driven by powerful keyboards and haunting stream of consciousness lyrics Rounded out by guitarist Robbie Krieger and drummer John Densmore the quartet released a string of six highly successful studio albums Jim Morrison s death at age 27 didn t stop him or the band from joining the rock world s pantheon The Doors The Illustrated History is an extensive chronological examination of the band s career with Morrison a period which though brief suffers no shortage of tales and anecdotes as well as their short stint as a trio post Morrison and their more recent collaborations with the likes of Ian Astbury Perry Farrell Scott Weiland and Skrillex Candid concert images revealing offstage photographs and images of memorabilia like picture sleeves gig posters ticket stubs buttons and more comprise over 250 illustrations A roster of respected music journalists insightful analyses of each of the band s studio releases completes this in depth up close look at this intense group of musicians and the legendary music they created No fan will want to miss it *The Doors FAQ* Rich Weidman,2011-10-01 Book It has been over 40 years since the untimely death of L A s mystic and rock s Dionysus Jim Morrison yet the Doors have consistently inspired new generations of fans worldwide ever since Highlighting one of the most influential original and outrageous American bands of the 1960s The Doors FAQ is a dynamic unorthodox exploration of this remarkable band and its enigmatic lead singer Drawing upon unique sources Rich Weidman digs deep and serves up fresh

perspective on the music from the garage to the hits to the outtakes and on the band s members from their roots influences and key industry partners to their rare talents personal foibles love affairs and arrests This volume also details every studio album and live recording all the highs and lows of the Doors in concert including the notorious 1969 Miami concert Morrison s 40 day trial and the death of the Lizard King in Paris in 1971 as well as post Morrison milestones Unlike the straightforward narratives of other Doors biographies this inventive ceremonious biographical collage leaves no stone unturned covering the band both with Morrison and post Morrison including the 2010 When You re Strange documentary and the recent pardon of Morrison by the State of Florida for the Miami concert Countless rare images from album art to ticket stubs to posters accompany the text in this dazzling edition of solid rock scholarship **The Ultimate Doors Companion** Doug Sundling,2000 Written with the full assistance of the remaining Doors members this second edition of The Ultimate Doors Companion examines the social political and economic contexts of the group and the effect this had on their creativity and attitudes
