The Double Life of Stephen Crane Christopher E. G. Benfey, 1994 The American novelist journalist Stephen Crane was born in 1871 six years after the war he memorialized in his acclaimed *The Red Badge of Courage* and died of tuberculosis at the age of 28 Recounting Crane's brief life this book identifies a curious pattern Crane tried to live what he had already written Barely 22 when he wrote his major work he later became the leading war correspondent of his time in order to see he told Joseph Conrad whether *The Red Badge of Courage* was all right He took as his common law wife the madam of a Jacksonville brothel and made a life with her in England where their circle of friends included Conrad Henry James Ford Madox Ford and H G Wells

Stephen Crane's Literary Family Thomas A. Gullason, 2002-03-01 Stephen Crane was a prodigious American author whose bohemian ways seemed to contradict his conscientious upbringing Drawing on little known and unpublished documents by Crane's father mother and sister and preeminent scholar Thomas A Gullason shows how their vitality and versatility galvanized Crane's imagination spurred his literary career and affected his lifestyle The Cranes emerge as a spirited and serious lot who were passionately concerned with social and cultural issues of the day Newly discovered papers from reflections on the Civil War to a funeral oration for Lincoln paint Crane's pastor father as a man of sardonic wit whose obsession with alcohol would be mirrored in his son's work Crane's mother is revealed to have had an eye for politics and an ear for dialogue that would vastly inform Crane's masterpiece *The Red Badge of Courage* His sister Agnes rounds out the portrait with recently recovered stories and poems Replete with rare works and keen insights this edition is a crucial reference for students of nineteenth century American literature and devotees of Stephen Crane

A Lynching at Port Jervis Philip Dray, 2025-10-16 An account of a lynching that took place in New York in 1892 forcing the North to reckon with its own racism On June 2 1892 in the small idyllic village of Port Jervis New York a young Black man named Robert Lewis was

lynched by a violent mob The twenty eight year old victim had been accused of sexually assaulting Lena McMahon the daughter of one of the town s well liked Irish American families The incident was infamous at once for it was seen as a portent that lynching a Southern scourge surging uncontrollably below the Mason Dixon Line was about to extend its tendrils northward What factors prompted such a spasm of racial violence in a relatively prosperous industrious upstate New York town attracting the scrutiny of the Black journalist Ida B Wells just then beginning her courageous anti lynching crusade What meaning did the country assign to it And what did the incident portend Today it s a terrible truth that the assault on the lives of Black Americans is neither a regional nor a temporary feature but a national crisis There are regular reports of a Black person killed by police and Jim Crow has found new purpose in describing the harsh conditions of life for the formerly incarcerated as well as in large scale efforts to make voting inaccessible to Black people and other minority citizens The mobocratic spirit that drove the 2021 attack on the U S Capitol a phrase Abraham Lincoln used as early as 1838 to describe vigilantism s corrosive effect on America frightfully insinuates that mob violence is a viable means of effecting political change These issues remain as deserving of our concern now as they did a hundred and thirty years ago when America turned its gaze to Port Jervis An alleged crime a lynching a misbegotten attempt at an official inquiry and a past unresolved In *A Lynching at Port Jervis* the acclaimed historian Philip Dray revisits this time and place to consider its significance in our communal history and to show how justice cannot be achieved without an honest reckoning
