The Dying Of The Light:

Nkyin-kyin James Gibbs, James Morel Gibbs, 2009 This collection brings together essays written over a thirty five year period They reflect James Gibbs s position vis vis the Ghanaian theatre as sometimes a remote onlooker sometimes an enthusiastic participant observer deeply involved in issues of perception and influence in a society moving through colonialism to nationalism independence and beyond The main body of the book is divided into four sections The first Outsiders and Activists looks at theatre for community development during the late 1940s some connections between drama and film and the astonishing involvement in Ghanaian performance culture of the Haitian poet and playwright Felix Morisseau Leroy The second section Intercultural Encounters examines ways in which classic Greek drama has been used by producers and writers in West Africa with special reference to Victor Yankah Kobina Sekyi Ghana s first published playwright and the Nigerian Femi Osofisan Section Three Plays and Playwrights concentrates on Efua Sutherland Ama Ata Aidoo and Joe de Graft This section uncovers issues of documentation and achievement that draw attention to the need for investment in organising resources for writing Ghana s theatre history The volume draws to a close with personal accounts of touring student productions in the 1960s with due attention to the influence of Bertolt Brecht and of involvement in a British film production on location The book closes with an updated complete bibliography of Ghana s chief dramatist Efua Sutherland

The Dying of the Light Michael Dibdin, 2012-06-06 One of England s most acclaimed younger mystery writers the creator of Detective Aurelio Zen gives us a brilliant and haunting variation on the classic drawing room murder novel The setting is Eventide Lodge where the guests have gathered for tea Colonel Weatherby is reading by the fire Mrs Hargreave III is whiling away her time at patience And Miss Rosemary Travis and her friend Dorothy are wondering which of their housemates will be the next to die For even as Michael Dibdin s elderly sleuths debate clues and motives it becomes clear that Eventide Lodge is not a genteel country inn but a place of ghastly cruelties and humiliations A place where the logic of murder is almost comforting At once affectionate homage and audacious satire *The Dying of the Light* will delight any aficionado of Patricia Highsmith Peter Dickinson or Ruth Rendell *The Dying of the Light* Robert Richardson, 1990 *Against the Dying of the Light* Leonard Fein, 2004 A father s struggle to understand his daughter s sudden death becomes a ruthlessly honest lyrical and wise exploration of life Takes the experience of loss beyond the confines of the personal finding universal meaning and hope in the details of grief *Lines and Lyrics* Matt Bailey Shea, 2021-01-01 An introduction to poetry geared toward the study of song Fusing an approach that engages both lyrics and musical content of English language songs in a wide swath of genres *Lines and Lyrics* gives readers the tools and concepts to help them better interpret songs in an accessible and enjoyable format Victoria Malawey author of *A Blaze of Light In Every Word Analyzing the Popular Singing Voice* I can think of no other book that juxtaposes art song and pop song so effectively in a way that doesn t privilege one over the other This is a real achievement and a must have for anyone who loves words and songs Stephen Rodgers University of Oregon Bruce

Springsteen Benjamin Britten Kendrick Lamar Sylvia Plath Outkast and Anne Sexton collide in this inventive study of poetry and song Drawing on literary poetry rock rap musical theater and art songs from the Elizabethan period to the present Matt BaileyShea reveals how every issue in poetry has an important corresponding status in song but one that is always transformed Beginning with a discussion of essential features such as diction meter and rhyme the book progresses into the realms of lineation syntax form and address and culminates in an analysis of two complete songs Throughout BaileyShea places classical composers and poets in conversations with contemporary songwriters and musicians T S Eliot and Johnny Cash Aaron Copland and Pink Floyd so that readers can make close connections across time genres and fields but also recognize inherent differences To aid the reader the author has created a Spotify playlist of all the music discussed in this book and provides time cues throughout enabling readers to listen to the music as they read

A Return Journey Sue Petrovski, 2017-09-15 The Return Journey is the result of Susan Matthews Petrovski's personal journals during her mother's 8 year Alzheimer's journey and her correspondence with other Alzheimer's caregivers kind enough to share their innermost feelings and emotions These caregivers stories are an inside view into the lessons to be learned from looking through the personal peephole of family members at the heart of the Alzheimer's experience Petrovski examines right and wrong choices which will help those whose Alzheimer's journey or caregiving journey is just beginning clearly and wisely explaining that with Alzheimer's there are no right ways no best decisions and no perfect answers

Can Hope Endure? James C. Kennedy, Caroline Joyce Simon, 2005 The spate of books written recently on Christian higher education highlights a common theme how numerous colleges founded by church bodies have gradually lost their religious moorings often culminating in what historian George Marsden calls established nonbelief Can Hope Endure examines the history of Hope College in Holland Michigan as it has struggled to find a faithful middle way between secularization and withdrawal from mainstream academic and American culture Authors James Kennedy and Caroline Simon track Hope College's responses to various social and intellectual challenges through careful analysis of school records newspaper stories extant histories and interviews with faculty members and past presidents Hope's history reveals that the school is exceptional having followed the predictable trajectory yet changing course in some ways Given this unusual history the story of why and how Hope College moved toward reestablishing the role of religion in its institutional life yields important lessons for other schools facing the same challenges Neither an attack on Hope College nor the kind of celebratory institutional history that so many schools have authorized this book is instead a thoughtful instructive study written by two professors who have witnessed firsthand many of Hope's struggles to retain its identity and purpose The book's narrative is enriched by the binocular vision provided by a professional historian and a professional philosopher and collaboration has afforded Kennedy and Simon the critical distance necessary to ask hard questions about Hope and by extension other institutions like it Can Hope Endure will be of real interest not only to readers associated with Hope College but also to those following or participating in the ongoing conversation about
