The Early Fidel Roots Of Castros Communism:

The Early Fidel Lionel Martin, 1978 When did Fidel Castro become a communist This question has intrigued many who have observed the Cuban revolutionary process from its beginnings This is the first book offering the facts about Castro s initial contracts with radical thought It traces his activities and ideological development from his years at the University of Havana until the victory of the Cuban revolution The Early Fidel proves conclusively that Fidel Castro knew that he wanted to lead the Cuban Revolution long before he ever stated his final aims Book Jacket Where the Boys Are Van Gosse, 1993-12-17 The ignominious failure of the Bay of Pigs invasion in 1961 marked the culmination of a curious episode at the height of the Cold War At the end of the fifties restless and rebellious youth avant garde North American intellectuals old leftists and even older liberals found inspiration in the images and achievements of Fidel Castro s revolutionary guerrillas Fidelismo swept across the US as young North Americans sought to join the 26th of July Movement in the Sierra Maestra Drawing equally on cultural and political materials from James Dean and Desi Arnaz to C Wright Mills and Studies on the Left Gosse explains how the peculiar conjuncture of 1950s America produced the first great Third World solidarity movement the Fair Play for Cuba Committee which became a locus for the New Left emerging from the ashes of Kennedy s New Frontier Where the Boys Are captures the strange essence of that much abused decade the 1950s at once demonstrating the perfidy of Cold War American liberal opinion towards Cuba and its revolution while explaining why Fidel and his compa eros made such appealing idols for the young the restless and the politically adventurous **Mental Maps in the Early Cold War Era, 1945-68** S. Casey, J. Wright, 2011-07-26 The early Cold War was a period of dramatic change New superpowers emerged the European powers were eclipsed colonial empires tottered Political leaders everywhere had to make immense adjustments This volume explores their hopes and fears their sense of their place in the world and of the constraints under which they laboured **Fidel Castro's Childhood** Steven Walker, 2012-05-17 Fidel Castro is something of an enigma For 50 years he has defied all America s attempts to topple him and Cuba s government He continues to occupy a special place in Cuba s collective consciousness and over his unique version of a socialist society in Latin America but what shaped him into the person he is today The saying goes to understand the man you must first understand the child and no other book has concentrated exclusively on Fidel Castro s childhood and on his formative experiences Fidel Castro s Childhood The Untold Story examines those crucial early years that together with external circumstances and family relationships made Castro the man he is Steven Walker has used all the available evidence including the testimony of close friends to assemble the facts to analyse interpret and draw conclusions using his extensive knowledge of politics psychotherapy and child development Fidel Castro s Childhood The Untold Story offers an opportunity to gain new insight into the life of Castro Love or loathe him you cannot ignore him Castro is one of the iconic political figures of the 20th century and a towering character in the pantheon of revolutionary leaders Fidel Castro s Childhood The Untold Story throws light into the dark corners and shadowy recesses of

the early life of this exceptional enigmatic character Che Guevara might receive more international attention in the story of Cuba's history but it is Castro who has remained enticingly enigmatic until now **Fidel Castro** Nick Caistor,2013-06-01 Fidel Castro had ruled the island of Cuba for fifty two years when ill health forced him to step down in 2008 Over the course of that time he changed Cuba from a republic to a communist state and became one of the most divisive leaders in the second half of the twentieth century For some he is a champion of humanitarianism socialism and environmentalism For others he is a monster and dictator who perpetuated human rights abuses at home and abroad Providing a rare evenhanded account of Castro's life journalist Nick Caistor brings together interviews with people who have known Castro with discussion of the ideas that drove him Caistor follows Castro's life from his birth as the illegitimate son of a wealthy farmer in 1926 to the developing of his leftist anti imperialist ideas at the University of Havana and his primary role in the Cuban Revolution in the 1950s He explores Castro's economic and military alliance with the Soviet Union and his hostile relationship with the United States while also looking at how he simultaneously introduced free health care and education while squelching freedom of the press and suppressing dissidents As Caistor shows Castro's numerous writings on politics capitalism and other topics have influenced leaders from Nelson Mandela to Hugo Chavez but allegations of corruption human rights abuses and dictatorship never ceased during his long career Using stories and opinions to enliven the debate about Castro's choices strengths and weaknesses this concise biography gives readers the opportunity to judge for themselves how they feel about the former Cuban president **Inside the Cuban Revolution** Julia Sweig,2009-06-30 Sweig shatters the mythology surrounding the Cuban Revolution in a compelling revisionist history that reconsiders the revolutionary roles of Castro and Guevara and restores to a central position the leadership of the Llano Granted unprecedented access to the classified records of Castro's 26th of July Movement's underground operatives the only scholar inside or outside of Cuba allowed access to the complete collection in the Cuban Council of State's Office of Historic Affairs she details the debates between Castro's mountain based guerrilla movement and the urban revolutionaries in Havana Santiago and other cities **The Secret Fidel Castro** Servando Gonzalez,2001 The Secret Fidel Castro is neither a history of the Cuban revolution nor a biography of Fidel Castro The book was written following what intelligence services call a CPP short for Comprehensive Personality Profile similar to the ones intelligence services keep on foreign leaders It focuses on different aspects of Castro's actions and personality which for some reasons have been either ignored misunderstood or misrepresented The main thesis of this book is that there are many different Castros The most widely known is the symbolic public one as it has been portrayed in official Cuban propaganda Castro friendly biographies and mainstream American media But there are also many secret Castros highly different from the public one The Secret Fidel Castro focuses on little known aspects of Castro's personality important in the better understanding of the man and his actions what really makes him tick *Guerrilla Prince: The Untold Story Of Fi* Georgie Geyer,2011-02-01 Based on hundreds of interviews conducted over many years in 28 countries including extensive

personal interviews with Castro himself Georgie Anne Geyer reveals the untold story of Fidel Castro in this definitive biography
