The Gospel Hoax Morton Smiths Invention Of Secret Mark:

The Gospel Hoax Stephen C. Carlson, 2005 Secret Mark first became known to modern scholarship in 1958 when a newly hired assistant professor at Columbia University in New York by the name of Morton Smith visited the monastery of Mar Saba near Jerusalem and photographed its fragments Secret Mark was announced on the heels of many spectacular discoveries of ancient manuscripts in the Near East such as the Dead Sea Scrolls and the Nag Hammadi gnostic corpus in the late 1940s and promised to be just as revolutionary Secret Mark presents what appears to be a valuable albeit fragmentary witness to early Christian traditions traditions that might shed light on Jesus s most intimate behavior In this book Stephen C Carlson uses state of the art science to demonstrate that Secret Mark was an elaborate hoax created by Morton Smith Carlson s discussion places Smith s trick alongside many other hoaxes before probing the reasons why so many scholars have been taken in by it

Morton Smith and Gershom Scholem, Correspondence 1945-1982 Guy Stroumsa, 2008-06-30

The American historian of ancient religions Morton Smith 1915 1991 studied with the great scholar of Jewish mysticism Gershom Scholem 1897 1982 when he was in Jerusalem during the Second World War After the war the two started a long fascinating and at times intense correspondence that ended only with Scholem s death These letters found in the Scholem archive in the National Library in Jerusalem provide a rare perspective on the world and the approach of two leading historians of religion in the twentieth century They also shed important new light upon Smith s discovery of a letter attributed to Clement of Alexandria referring to a secret Gospel of Mark

The Non-Canonical Gospels Paul Foster, 2008-09-11 This book brings together a collection of chapter length treatments on the most significant of the non canonical gospels A particular strength of the volume is that it draws upon the research of leading experts in the field and clearly and concisely communicates the most hotly contested issues surrounding each text While a key function of each chapter is to make the current academic debates accessible to a wider audience these treatments are not simply overviews or survey articles They also present fresh perspectives on a number of points and critically assess the most recent trends in scholarship As such they will provide an ideal entry point for advanced undergraduate courses and taught Masters programmes The structure of the book is divided up in an easily useable format There is an introduction which underscores the significance of the non canonical texts both for the original readers and for contemporary audiences This chapter by Keith Elliott also traces important moments in the reception of a number of these texts both in art and literature Next follows the main sequence of chapters dealing with individual texts Texts such as the Gospel of Thomas the Gospel of Peter and the Gospel of Mary are treated first due to the impact they have had to varying degrees on Historical Jesus research Other texts are grouped in various subgroups the two infancy gospels follow each other and the more fragmentary texts are also closely linked in the arrangement The book presents one of the most comprehensive and up to date discussions of a range of texts that continue to be of interest to scholars and wider readers The discussions should clarify a number of popular

misconceptions and allow for a more informed debate The scholars who contribute to this collection represent an eclectic range of views and theological outlooks No attempt has been made to impose a prescribed perspective Rather the leading experts have been consulted to produce fresh and stimulating treatments The book will include contributions from Andrew Gregory Oxford Christopher Tuckett Cambridge April DeConick Rice and Simon Gathercole Aberdeen among others **The Media Matrix of Early Jewish and Christian Narrative** Nicholas Elder,2019-11-14 Generically theologically and concerning content Mark and Joseph and Aseneth are quite different The former is a product of the nascent Jesus movement and influenced by the Greco Roman Bioi Lives It details the life ministry death and resurrection of a wandering Galilean The latter is a Hellenistic Jewish narrative influenced by Greek romances and Jewish novellas It expands the laconic account of Joseph s marriage to Aseneth in Genesis 41 into a full fledged love and adventure story Despite these differences Elder finds remarkable similarities that the texts share Elder uses both texts to examine media and modes of composition in antiquity arguing that they were both composed via dictation from their antecedent oral traditions Elder s volume offers a fresh approach to the composition of both Joseph and Aseneth and Mark as well as to many of their respective interpretive debates

Rhetoric, History, and Theology Jason A. Myers,Todd D. Still,2022-03-07 The subjects of rhetoric history and theology intersect in unique ways within New Testament and early Christian literature The contributors of this volume represent a wide range of perspectives but share a common interest in the interpretation of these texts in light of their rhetorical historical and theological elements What results is a fresh and perceptive reading of the New Testament and early Christianity literature *The Temple Sleep of the Rich Young Ruler* Edward Reaugh Smith,2011-11 Who wrote the Gospel of John The author identifies himself only as the disciple whom Jesus loved and Christian tradition tells us that this disciple was the apostle John However during the past century scholars have increasingly come to doubt that attribution In 1902 Rudolf Steiner wrote that the author of the Gospel of John was in fact Lazarus Steiner s position stemmed from his insight that Lazarus s encounter with death involved far more than people realized an initiation into higher spiritual realities that uniquely qualified him to write this gospel Edward Smith takes up this argument and shows that subsequent research has tended to favor Lazarus for reasons grounded in John s Gospel itself More important Smith shows that subsequent discoveries at Nag Hammadi and Mar Saba corroborate Steiner s reasoning about the nature of the raising of Lazarus pointing to Lazarus as the rich young ruler of Mark s Gospel **A Theology of Mark's Gospel** David E. Garland,2015-10-06 A Theology of Mark s Gospel is the fourth volume in the BTNT series This landmark textbook written by leading New Testament scholar David E Garland thoroughly explores the theology of Mark s Gospel It both covers major Markan themes and also sets forth the distinctive contribution of Mark to the New Testament and the canon of Scripture providing readers with an in depth and holistic grasp of Markan theology in the larger context of the Bible This substantive evangelical treatment of Markan theology makes an ideal college or seminary level text *Esoteric Teaching in the Stromateis of*

Clement of Alexandria Andrew C. Itter, 2009 The Stromateis of Clement of Alexandria c 150 215 CE has received much scholarly debate over whether it can be accorded the role of the third and highest phase of his pedagogy This was a treatise that promised an account of the true philosophy of Christ set down for Christians seeking higher knowledge of doctrine This book takes a new approach to deciphering the nature and purpose of these enigmatic books concentrating on the close relationship between method and doctrine and the number and sequence of the texts as they have come down to us The outcome is a concise summary of current scholarship on Clement's method and a fresh picture of how he applies it to the transmission of esoteric doctrines

Reconstructing Early Christian Worship Paul Bradshaw, 2012-05-04 The book should be seen in the context of Paul Bradshaw's earlier works *The Search for the Origins of Christian Worship* and *Eucharistic Origins* In this book he updates his thinking in this area focussing on the origins of the Eucharist Baptism and Daily Prayer The controversial introductory chapter is entitled *Did Jesus Institute the Eucharist at the Last Supper*

Exposing Myths About Christianity Jeffrey Burton Russell, 2012-05-15 Renowned historian Jeffrey Burton Russell famous for his studies of medieval history sets the record straight against the New Atheists and other cultural critics who charge Christianity with being outdated destructive superstitious unenlightened racist colonialist based on fabrication and other significant false accusations

The Oxford Dictionary of the Christian Church Andrew Louth, 2022-02-17 Uniquely authoritative and wide ranging in its scope The Oxford Dictionary of the Christian Church is the indispensable reference work on all aspects of the Christian Church It contains over 6 500 cross referenced A Z entries and offers unrivalled coverage of all aspects of this vast and often complex subject from theology churches and denominations patristic scholarship and the bible to the church calendar and its organization popes archbishops other church leaders saints and mystics In this new edition great efforts have been made to increase and strengthen coverage of non Anglican denominations for example non Western European Christianity as well as broadening the focus on Christianity and the history of churches in areas beyond Western Europe In particular there have been extensive additions with regards to the Christian Church in Asia Africa Latin America North America and Australasia Significant updates have also been included on topics such as liturgy Canon Law recent international developments non Anglican missionary activity and the increasingly important area of moral and pastoral theology among many others Since its first appearance in 1957 the ODC has established itself as an essential resource for ordinands clergy and members of religious orders and an invaluable tool for academics teachers and students of church history and theology as well as for the general reader

Studies in the Historical Jesus Justin J. Meggitt, 2023-08-29 *Studies in the Historical Jesus* Anarchy Miracles and Madness is a selection of key essays on the historical figure of Jesus published over the last fifteen years by Justin J Meggitt Each addresses a central question in the study of Jesus and his context from the role of myth in the creation of traditions about him and the historicity of his miracles to the problem of his politics and the reasons for his execution The collection brings fresh perspectives and new data to bear on enduring debates

and demonstrates the value of history from below in making sense of the historical Jesus and the world that made him

Jesus in Jerusalem Eckhard Schnabel, 2018-09-18 This is the first book to describe and analyze sequentially and in detail all the persons places times and events mentioned in the Gospel accounts of Jesus's last week in Jerusalem Part reference guide part theological exploration Eckhard Schnabel's *Jesus in Jerusalem* uses the biblical text and recent archaeological evidence to find meaning in Jesus's final days on earth Schnabel profiles the seventy two people and groups and the seventeen geographic locations named in the four passion narratives Placing the events of Jesus's last days in chronological order he unpacks their theological significance finding that Jesus's passion death and resurrection can be understood historically as well as from a faith perspective *Splendide Mendax* Edmund P. Cueva, Javier Martínez, 2016-02-25 Many new and fruitful avenues of investigation open up when scholars consider forgery as a creative act rather than a crime We invited authors to contribute work without imposing any restrictions beyond a willingness to consider new approaches to the subject of ancient fakes and forgeries [Handbook for the Study of the Historical Jesus \(4 Vols\)](#) Tom Holmén, Stanley E. Porter, 2011 V 1 How to study the historical Jesus v 2 The study of Jesus v 3 The historical Jesus v 4 Individual studies [Sources of the Jesus Tradition](#) , **Religious Inventions** William Arnal, Erin K. Vearncombe, 2025-05-13 Religion is a modern invention a category used to describe and study certain kinds of human behaviour Yet when it comes to the ancient world and its texts including those that comprise the Jewish and Christian Bibles it can be easy to forget that they did not fall from the sky as simple expressions of dogma Rather the ancient writings of early Judaism and Christianity are firmly rooted in the world and are the product of an astonishing array of human experience and agency acts of self fashioning of imaginative speculation of mourning and memorializing of forming dissolving or refashioning group identities and more *Religious Inventions* asks how modern conceptions of religion can shed light on the relics textual and otherwise of ancient Mediterranean Jews and Christians What insights from the contemporary study of religious behaviours and practices challenge what we think we know about the ancient world Conversely how can thinking about the ancient world challenge what we think we know about religion today This volume responds to these questions through explorations of the material and social circumstances behind the production of written artifacts It examines how religious practices relate to conceptions of identity and critiques the utility of the comparative method for approaching ancient writings Textual authority is used and abused by many of today's public figures *Religious Inventions* offers an alternative approach to understanding how authority is constructed from the ground up by the creative actions and choices of real people who lived long ago *Neither Jew nor Greek* James D. G. Dunn, 2015 In *Christianity in the Making* James D G Dunn examines in depth the major factors that shaped first generation Christianity and beyond exploring the parting of the ways between Christianity and Judaism the Hellenization of Christianity and responses to Gnosticism He mines all the first and second century sources including the New Testament Gospels New Testament apocrypha and such church fathers as Ignatius

Justin Martyr and Irenaeus showing how the Jesus tradition and the figures of James Paul Peter and John were still esteemed influences but were also the subject of intense controversy as the early church wrestled with its evolving identity

Jerusalem Merav Mack, Benjamin Balint, 2019-05-14 A captivating journey through the hidden libraries of Jerusalem where some of the world's most enduring ideas were put into words In this enthralling book Merav Mack and Benjamin Balint explore Jerusalem's libraries to tell the story of this city as a place where some of the world's most enduring ideas were put into words The writers of Jerusalem although renowned the world over are not usually thought of as a distinct school their stories as Jerusalemites have never before been woven into a single narrative Nor have the stories of the custodians past and present who safeguard Jerusalem's literary legacies By showing how Jerusalem has been imagined by its writers and shelved by its librarians Mack and Balint tell the untold history of how the peoples of the book have populated the city with texts In their hands Jerusalem itself perched between East and West antiquity and modernity violence and piety comes alive as a kind of labyrinthine library
