The Gospel In A Pluralist Society:

The Gospel in a Pluralist Society Lesslie Newbigin, 1989-10-30 INSPIRATIONAL **The Gospel in a Pluralist Society** Lesslie Newbigin, 1989 *The Gospel and Pluralism Today* Scott W. Sunquist, Amos Yong, 2015-10-06 This collection of essays explores the legacy of Lesslie Newbigin's classic work *The Gospel in a Pluralist Society* critically analyzing the nature of Western pluralism and discussing the influence of Newbigin's work on the field of missiology. By looking backward this volume advances a vision for Christian witness in the pluralistic world of the twenty-first century. *In the World, But Not of the World* Andrew L. Fitz-Gibbon, 2000-01-01 *In the World But Not of the World* explores the threefold tension among Alasdair MacIntyre's prognosis for Western society, the desires of some for a social transformation with a Christian moral vision at the sacred centre, and a baptist understanding of Christianity as essentially voluntary non-sacralist discipleship. Andrew Fitz-Gibbon uses five contemporary Christian social thinkers from different traditions as conversation partners. Through his examination of these thinkers, Fitz-Gibbon explores how the church may continue to truthfully narrate the Christian story in the midst of the moral tensions of late capitalist Western society. His creative conclusion is that the church at the beginning of the twenty-first century can move toward a resolution of the central tension of being in the world but not of the world through a synthesis of the believers' church tradition and an affirmation of communitarian liberal democracy.

The Congregation as Hermeneutic of the Gospel Shawn P. Behan, 2024-10-31 Lesslie Newbigin's concept of the congregation as hermeneutic of the gospel has been used for over thirty years to discuss the overlap of mission and ecclesiology. This book provides the contextual background to the congregation as hermeneutic of the gospel, then discusses the important components of this concept and how they connect with Newbigin's lifetime of writings on the nature and identity of the church. Within this discussion, there are three key elements to Newbigin's ecclesiology as it pertains to the congregation as hermeneutic of the gospel: the relationship between the Holy Spirit and the local congregation, the kingdom of God and the local congregation, and the local congregation within itself. These three components can be found throughout Newbigin's discussions about the nature of the church, ranging from the 1940s until the 1990s. Pulling all these components together and showing how they shed light on Newbigin's intended meaning by calling the local congregation the hermeneutic of the gospel for their society provides a new interpretation of this concept that will both strengthen and challenge contemporary uses of this concept within the church today. **The gospel in a pluralistic society** Lesslie Newbigin,

The Church and Its Vocation Michael W. Goheen, 2018-11-06 Lesslie Newbigin, one of the twentieth century's most important church leaders, offered insights on the church in a pluralistic world that are arguably more relevant now than when first written. This volume presents his ecclesiology to a new generation. Michael Goheen clearly articulates Newbigin's missionary understanding of the church and places it in the context of Newbigin's core theological convictions. Suitable for students as well as church leaders, this book offers readers a better understanding of the mission of the church in the world.

today Foreword by N T Wright Defining the New Testament Logia on Divorce and Remarriage in a Pluralistic Context Yordan Kalev Zhekov, 2009-01-01 Christian marriage is a permanent union which requires the commitment of both spouses for its maintenance through fulfillment of its stipulations The failure of the fulfillment of the latter provides legitimate grounds for divorce and remarriage of the innocent party This work employs a fourfold approach for the development of NT ethical argumentation based on Richard B Hays Moral Vision of the New Testament The author establishes the proper contextual grounds for the NT study through formulation of the Old Testament perspective on marriage as covenant The relevant NT passages are examined through historical critical and narrative critical methods A critical study of the main Christian traditions leads to an ecumenical formulation of the theological conclusions Pragmatic implementation of the thesis follows an examination of the contemporary pluralistic context and applications in both Christian communities and the larger society within its legislative system Humble Confidence Paul Weston, 2025-01-30 Lesslie Newbigin's development of a fresh paradigm of missionary theology and cultural engagement has solidified his reputation as not just one of the most important missionary theologians of the twentieth century but as continually relevant in the twenty first Paul Weston focusses on how the engagement with Michael Polanyi's understanding of personal knowledge illuminates Newbigin's work and contributes to its ongoing significance Interlinking themes of Revelation Knowing and Story and tracing through Newbigin's engagements with modernity and post modernity Weston suggests how the logic of Newbigin's approach continues to provide insight to mission theologians and practitioners It is Weston's conviction that Humble Confidence presents Newbigin's thinking in a way that can serve the continuing mission of the church **Converting Witness** David W. Congdon, John G. Flett, 2019-06-05 Building on the work and legacy of Darrell L Guder *Converting Witness The Future of Christian Mission in the New Millennium* explores key questions and new possibilities in missiology in light of the world Christian context The conversation around missional theology and the missional church has examined the gap between theology and mission with the intent of fostering renewal within North American Christianity But this can only fully occur in relation to the reality of world Christianities and the framing significance of global cultural diversity Many of the classic categories and methods such as church planting catholicity and even the term world Christianity itself are in need of fresh examination and thoughtful analysis The contributors to this volume address a range of important missiological topics including globalization interfaith dialogue integral mission intercultural hermeneutics and church practices *Grasping Truth and Reality* Donald Le Roy Stults, 2008-08-01 When Lesslie Newbigin returned to Britain in 1974 after years of missionary service he observed that his homeland was as much a mission field as India where he had spent the majority of his missionary career He concluded that the Western world needed a missionary confrontation Instead of the traditional approach to missions however Newbigin realized that the Western world needed to be confronted theologically From his earliest days at Cambridge University Newbigin developed certain theological convictions that shaped his understanding of

the Christian faith Newbigin utilizes these theological convictions as criteria for evaluating the belief system of Western culture and for providing an answer to Western culture's dilemma. It is Newbigin's contention that the West is suffering from a loss of purpose because at the time of the Enlightenment it rejected a belief system that gave it purpose. This was also a belief system that made it uniquely different from the rest of the world, particularly Asia. The Enlightenment reintroduced humanism and dualism into Western culture, which resulted in the loss of purpose and the rise of skepticism. Modern science and the scientific method, in the form of scientism, added to the problem, making human reason the measure of truth and limiting facts to only that which could be verified through controlled experiment. Newbigin's solution is to reintroduce the Christian belief system into Western culture in order to restore purpose and truth to Westerners and to put them into contact with true reality through Jesus Christ. He desires to do this in the context of both modernism and post-modernism. This book will discuss Newbigin's theological convictions and how they factored into both his critique of and his solution for Western culture's spiritual and worldview problems.

Critical Conversations Murray Rae, 2012-01-18 *Critical Conversations* provides a series of theological engagements with the work of Michael Polanyi, one of the twentieth century's most profound philosophers of science. Polanyi's sustained explorations of the nature of human knowing open a range of questions and themes of profound importance for theology. He insists on the need to recover the categories of faith and belief in accounting for the way we know and points to the importance of tradition and the necessity, sometimes, of conversion in order to learn the truth of things. These themes are explored along with Polanyi's social and political thought, his anthropology, his hermeneutics, and his conception of truth. Several of the essays set Polanyi alongside the work of other thinkers, particularly Karl Barth, Lesslie Newbigin, Hans Georg Gadamer, and René Girard, and they discuss points of comparison and contrast between the respective figures. While all the essays are appreciative of Polanyi's contribution, they do not shy away from critical analysis and take, therefore, the critical appreciation of Polanyi's work.

An Ordinary Mission of God Theology Andrew R. Hardy, 2022-04-13 The mission church literature seems to be dominated by idealized conceptions of the benefits of equipping congregations to participate in local mission work. This investigation challenges this idealism by paying critical attention to congregants' ordinary theologies that develop in reaction to the communication of *Missio Dei* theology to them. Their voices are absent from the formal literature. The study employs rescripting methodology to modify key assumptions made in the formal ecclesiological literature by drawing on insights that come from Christians' ordinary theological voices. The study traces how the introduction of a *Missio Dei* theology to a British Reformed congregation had a significant impact on them. A small team of Christian leaders communicated *Missio Dei* theology to this church over a period of six years. It found that mission changes came at substantial personal cost to the church's members: 1. a schism occurred when congregants attempted to remove the leader responsible for these changes from his office as church pastor, and a third of congregants left the church because they did not want to embrace the church's new mission identity; 2. three divergent

groups then emerged two of them wanted different kinds of churches that seemed incompatible 3 two thirds of members supported and participated in the church s mission activities which put strains on some of their families 4 unresolved tensions continued to impact the congregation throughout the whole change process 5 unexpectedly for a Reformed church a third group made up of women developed prophetic practices that arose due to the mediation of Missio Dei theology Vitally this thesis challenges the notion that helping churches to become mission focused will make them thrive

Repentance and the Mission of the Church W. Ryan Vanderland,2023-05-03 What does it mean when we call men and women to repent What if repentance is more than just turning from individual sin What if repentance is more than merely a step in the process of conversion What if repentance is actually part of God s mission in the world In this book W Ryan Vanderland argues for this very understanding of repentance Building on the work of other scholars of repentance and engaging with Old Testament and New Testament texts this book shows how repentance is indeed part of God s mission in the world part of the mission of the church in the world and therefore part of the mission of God s people Finally this work takes this missional understanding of repentance and applies it to issues facing the contemporary church

Seeing Good, Doing Evil Michael D. Russell,2020-07-31 According to the Apostle Paul what can be known about God and by extension about ethics is plain to people so we are without excuse Romans 1 18 21 teaches that we will be without excuse when God confronts us for whatever beliefs and actions seemed good to us on the day but weren t In our time this notion has come to seem at least unpalatable and more likely unbelievable Michael D Russell s book is an extended meditation on the possibilities in this Pauline statement and a concerted effort to enable us to understand and accept it Situated in Reformed Protestant discussion of this matter he offers some clarifying proposals Maintaining all the while that whoever we are we are indeed without excuse Michael proposes how to understand that conclusion without accepting some of the usual routes to it

Theology in Missionary Perspective Mark T. B. Laing,Paul Weston,2012-10-24 Lesslie Newbigin was one of the most significant missionary strategists and theologians of the twentieth century With the breakdown of confidence in some of the central philosophical and theological paradigms that have been shaped and sustained by the culture of modernity Newbigin s approach to a genuinely missionary theology offers fresh insights and approaches providing something of a prophetic model for the global Christian community in new and challenging times In this collection of essays scholars and practitioners from around the world engage with aspects of Newbigin s continuing legacy They explore Newbigin s approach to theological method his theological and philosophical account of Western culture in the light of the gospel and some of the implications of his thought for global mission in the third millennium This collection is essential reading not just for Newbigin enthusiasts but also for all who are concerned to develop a genuinely missionary encounter with contemporary culture Contributors Ian Barns John G Flett Michael W Goheen Kenneth D Gordon Eleanor Jackson Veli Matti Karkkainen David J Kettle J Andrew Kirk Mark Laing Murray Rae Jurgen Schuster Wilbert Shenk Jenny Taylor Geoffrey Wainwright Ng Kam Weng and Paul Weston

Newbigin Geoffrey Wainwright, 2000-10-19 This book offers an intellectual and spiritual biography of Lesslie Newbigin a figure of patristic proportions in the twentieth century history of the Church Drawing on thirty five years of personal and literary acquaintance with his subject and on a thorough examination of the Newbigin archives Geoffrey Wainwright crafts a rich and varied portrait of this outstanding witness to the Gospel **Called into the Mission of God** Roji T.

George, 2020-11-03 In *Called into the Mission of God* Roji George argues that Paul's primary interest was neither doctrinal teaching nor the articulation of an anti imperial discourse Instead he contends that amidst the many problems that faced the local Thessalonian community problems arising out of eschatological fears ethical difficulties in the community and persecution from outside groups Paul brought primarily a missional concern to impart ethical exhortation and eschatological teaching in a political language The book will be helpful to those theologians scholars teachers and students grappling with the message of Paul in his own time and in ours *Called into the Mission of God* represents an increasing commitment on the part of Fortress Press to support the wide dissemination of the best theological and biblical writing by the best scholars from the Global South The Church in Pluralist Society Cornelius J. Casey, Fáinche Ryan, 2019-11-30 Vatican II opened new pathways to engagement with societies shaped by modernity Its project could be read as an attempt to interpret the stance of the church in relation to the whole project of modernity The fundamental presumption of this collection of essays is that it is timely indeed imperative to keep alive the question of the church's self understanding in its journey alongside the complex often rebellious always restless mind of the modern world Cornelius J Casey and F inche Ryan have assembled some of the most prominent commentators on ecclesiastical and social political engagements from the fields of theology political philosophy social theory and cultural criticism The contributors present differing perspectives on the role of the church Some argue that pluralism is here to stay Others point out that the liberal pluralism of contemporary society is aggressively powered by global corporate consumerism This book with its variety of voices explores these issues largely from within the Catholic tradition The role of the church in a pluralist society is a narrative that is being written by many people at many different levels of the church Contributors J Bryan Hehir Terry Eagleton Patrick J Deneen Hans Joas William T Cavanaugh Massimo Faggioli F inche Ryan Patrick Riordan and Cornelius J Casey *Religious Traditions of the World* James F.
