**The Government and Politics of Communist China** Derek J. Waller, 1970      The Government and Politics of the People's Republic of China Derek J. Waller, 1981      **China's Political System** June Teufel Dreyer, 1993 This text demonstrates how the government of China has been significantly affected by attempts to harmonize the unique nature of its indigenous culture with a variety of influences and ideas from the outside world China faces many challenges to its traditional economic legal social and cultural structures China's Political System Modernization and Tradition provides students with a clear sense of how this transition is taking place what its effects on current leaders and policies are and how the system might evolve in the future BOOK JACKET      **Governance and Politics of China** Tony Saich, 2024-12-26 In this revised fifth edition and essential guide to the subject Tony Saich delivers a thorough introduction to all aspects of politics and governance in post Mao China taking full account of the changes of the 20th Party Congress and the 13th National People's Congress This new edition analyses the latest developments in Chinese politics and governance including the situation in Hong Kong using contemporary case studies to illustrate a range of contemporary developments It covers current debates in Chinese society including questions of identity sexuality and religion With increased coverage of ideology and intellectual traditions in China the analysis allows students to place recent social movements such as MeToo in a longer historical context      Political Participation in Communist China James Roger Townsend, 1967 Bibliographical footnotes Bibliography p 219 226      **China's Politics in Perspective** Harold Scott Quigley, 1973-09-07      **External Research** United States. Department of State. External Research Division,      *External Research. ER List* United States. Department of State. External Research Division, 1965      **Political Participation in Communist China**,      Political Participation in Communist China James R. Townsend, 1972      External Research List, 1967      *The Political Institutions of Modern China* W.L. Tung, 2012-12-06 This book is prepared primarily for students who are interested in studying the constitutional development and government structure of twentieth century China Since the emergence of the Chinese constitutional movement at the end of the nineteenth century political institutions in China have undergone constant changes The first four chapters treat of constitutional development and government systems from the latter part of the Ching dynasty to the reunification of China by the Nationalist Party in 1928 The other eight chapters deal with the policies programs and institutions of the Nationalist and Communist governments up to 1962 While treatises on various subjects have been consulted the sources of this book are chiefly based on the official documents from the collections as indicated in the bibliography Materials in the first few chapters are partly drawn from my previous works on government and politics in China Because of the immense scope of the subject and the intricacy of the problems involved this work is not intended to be exhaustive but is rather a brief description and discussion of each topic under consideration As there are many valuable works on China in general as well as on her history and international relations I have tried not to cover what has already been dealt with by

others In my presentation of facts and views I have endeavored to be as objective as possible personal political convictions notwithstanding

*The Soviet Union and Communist China 1945-1950: The Arduous Road to the Alliance* Dieter Heinzig, 2015-06-18 Drawing on a wealth of new sources this work documents the evolving relationship between Moscow and Peking in the twentieth century Using newly available Russian and Chinese archival documents memoirs written in the 1980s and 1990s and interviews with high ranking Soviet and Chinese eyewitnesses the book provides the basis for a new interpretation of this relationship and a glimpse of previously unknown events that shaped the Sino Soviet alliance An appendix contains translated Chinese and Soviet documents many of which are being published for the first time The book focuses mainly on Communist China's relationship with Moscow after the conclusion of the treaty between the Soviet Union and Kuomintang China in 1945 up until the signing of the treaty between Moscow and the Chinese Communist Party in 1950 It also looks at China's relationship with Moscow from 1920 to 1945 as well as developments from 1950 to the present The author reevaluates existing sources and literature on the topic and demonstrates that the alliance was reached despite disagreements and distrust on both sides and was not an inevitable conclusion He also shows that the relationship between the two Communist parties was based on national interest politics and not on similar ideological convictions

**The Government of China** Yu Bin, 2014-09-02 Since its founding in 1949 the People's Republic of China has been a one party state in which the Chinese Communist Party holds a monopoly of political power Many Western students are unfamiliar with the structures institutions and ideologies by which the Party exercises this power The Government of China examines those issues in depth It also details the historical development of China's Communist government and explores recent trends including signs that a more responsive open system may be developing This volume is essential reading for students who wish to understand one of the world's most important countries
