The Grand Tour Of Beara 2001:

Tourism, Landscape, and the Irish Character William Williams, 2012-02-24 Picturesque but poor abject yet sublime in its Gothic melancholy the Ireland perceived by British visitors during the eighteenth and nineteenth centuries did not fit their ideas of progress propriety and Protestantism The rituals of Irish Catholicism the lamentations of funeral wakes the Irish language they could not comprehend even the landscapes were all strange to tourists from England Wales and Scotland Overlooking the acute despair in England's own industrial cities these travelers opined in their writings that the poverty bog lands and ill thatched houses of rural Ireland indicated moral failures of the Irish character **Making Ireland Irish** Eric

G. E. Zuelow, 2009-03-01 From the dark shadow of civil war to the pastel painted towns of today Making Ireland Irish provides a sweeping account of the evolution of the Irish tourist industry over the twentieth century Drawing on an extensive array of previously untapped or underused sources Eric G E Zuelow examines how a small group of tourism advocates inspired by tourist development movements in countries such as France and Spain worked tirelessly to convince their Irish compatriots that tourism was the secret to Ireland's success Over time tourism went from being a national joke to a national interest Men and women from across Irish society joined in eager to help shape their country and culture for visitors eyes The result was Ireland as it is depicted today a land of blue skies smiling faces pastel towns natural beauty ancient history and timeless traditions With lucid prose and vivid detail Zuelow explains how careful planning transformed Irish towns and villages from grey and unattractive to bright and inviting sanitized Irish history to avoid offending Ireland's largest tourist market the English and supplanted traditional rural fairs revolving around muddy animals and featuring sexually suggestive ceremonies with new family friendly festivals and events filling today's tourist calendar By challenging existing notions that the Irish tourist product is either timeless or the consequence of colonialism Zuelow demonstrates that the development of tourist imagery and Irish national identity was not the result of a handful of elites or a postcolonial legacy but rather the product of an extended discussion that ultimately involved a broad cross section of society both inside and outside Ireland Tourism he argues played a vital role in making Ireland Irish **The Iveragh Peninsula** John Crowley, John G.

Sheehan, 2009 The Iveragh Peninsula often referred to as the Ring of Kerry is one of Ireland's most dramatic and beautiful landscapes This cultural atlas provides the reader with a broad range of cultural perspectives on the peninsula and the human interactions with it from prehistoric times to the present day **The Tourism Nexus** Eric G. Archaeology, Ideology and Urbanism in Rome from the Grand Tour to Berlusconi Stephen L. Dyson, 2019-01-31 Reviews the complex relationship between Rome's rich archaeology changing cultural and ideological agendas and its urban development *Report on the Aeginetan Sculptures* Johann Martin Wagner, 2017-04-24 Tells the story of Bavaria's acquisition of ancient Greek sculptures that rivaled those acquired by England from the Parthenon The controversial removal of the Parthenon sculptures from Greece to England in the first decade of the nineteenth century by Thomas Bruce seventh

Earl of Elgin sparked an international competition for classical antiquities This volume tells a lesser known chapter of that story concerning sculptures from the Temple of Aphaia on the Greek island of Aegina Discovered in 1811 as the Parthenon project was nearing its completion these ancient sculptures were acquired at auction by Johann Martin Wagner 1777 1858 on behalf of Crown Prince Ludwig of Bavaria The sculptures turned out to be significant in a number of ways offering important evidence for a transitional period of Greek art between the archaic and classical eras for the existence of an independent Aeginetan school that was the equal of Athenian art at the time and for Greek sculptures having been elaborately painted and adorned Originally published in 1817 and presented here for the first time in English this book reproduces the report commissioned by the crown prince that was written by Wagner and edited by F W J Schelling and contained richly detailed descriptions of the sculptures In addition Louis A Ruprecht Jr provides a comprehensive historical introduction featuring a constellation of intellectual figures an afterword notes appendices and more than forty images to tell the fascinating story of the sculptures and their legacy from excavation to the present day

A Unified Grand Tour of Theoretical Physics, Third Edition Ian D. Lawrie, 2012-11-27 A Unified Grand Tour of Theoretical Physics invites its readers to a guided exploration of the theoretical ideas that shape our contemporary understanding of the physical world at the fundamental level Its central themes comprising space time geometry and the general relativistic account of gravity quantum field theory and the gauge theories of fundamental forces and statistical mechanics and the theory of phase transitions are developed in explicit mathematical detail with an emphasis on conceptual understanding Straightforward treatments of the standard models of particle physics and cosmology are supplemented with introductory accounts of more speculative theories including supersymmetry and string theory This third edition of the Tour includes a new chapter on quantum gravity focusing on the approach known as Loop Quantum Gravity while new sections provide extended discussions of topics that have become prominent in recent years such as the Higgs boson massive neutrinos cosmological perturbations dark energy and matter and the thermodynamics of black holes Designed for those in search of a solid grasp of the inner workings of these theories but who prefer to avoid a full scale assault on the research literature the Tour assumes as its point of departure a familiarity with basic undergraduate level physics and emphasizes the interconnections between aspects of physics that are more often treated in isolation The companion website at www.unifiedgrandtours.org provides further resources including a comprehensive manual of solutions to the end of chapter exercises

Do (Not) Feed the Bears Alice Wondrak Biel, 2006-03-16 It was a familiar sight at Yellowstone National Park traffic backed up for miles as visitors fed bears from their cars It may have been against the rules but park officials were willing to turn a blind eye if it kept the public happy But bear feeding eventually became too widespread and dangerous to everyone including the bears for the National Park Service NPS to allow it any longer As one of the park's most beloved and enduring symbols the Yellowstone bears have long been a flashpoint for controversy Alice Wondrak Biel traces the evolution of their complex relationship with humans from the

creation of the first staged wildlife viewing areas to the present and situates that relationship within the broader context of American cultural history Early on park bears were largely thought of as performers or surrogate pets and were routinely fed handouts from cars as well as hotel garbage dumped at park sanctioned lunch counters for bears But as these activities led to ever greater numbers of tourist injuries and of bears killed as a result and as ideas about conservation and the NPS mission changed the agency refashioned the bear s image from cute circus performer to dangerous wild animal and eventually to keystone inhabitant of a fragile ecosystem Drawing on the history of recorded interactions with bears and providing telling photographs depicting the evolving bear human relationship Biel traces the reaction of park visitors to the NPS s efforts from warnings by Yogi Bear which few tourists took seriously to the increasing promotion of key ecological issues and concerns Ultimately as the rules were enforced and tourist behavior dramatically shifted the bears returned to a more natural state of existence Biel s entertaining and informative account tracks this gradual renaturalization while also providing a cautionary tale about the need for careful negotiation at the complex nexus of tourists bears and all things wild

The Sea Captain's Wife: A True Story of Love, Race, and War in the Nineteenth Century Martha Hodes, 2011-02-07 A finalist for the Lincoln Prize *The Sea Captain's Wife* comes surprisingly and movingly alive Tina Jordan Entertainment Weekly Award winning historian Martha Hodes brings us into the extraordinary world of Eunice Connolly Born white and poor in New England Eunice moved from countryside to factory city worked in the mills then followed her husband to the Deep South When the Civil War came Eunice's brothers joined the Union army while her husband fought and died for the Confederacy Back in New England a widow and the mother of two Eunice barely got by as a washerwoman struggling with crushing depression Four years later she fell in love with a black sea captain married him and moved to his home in the West Indies Following every lead in a collection of 500 family letters Hodes traced Eunice's footsteps and met descendants along the way This story of misfortune and defiance takes up grand themes of American history opportunity and racism war and freedom and illuminates the lives of ordinary people in the past A Library Journal Best Book of the Year and a selection of the Book of the Month Club Literary Guild and Quality Paperback Book Club

Tourismophobia Jean-Christophe Gay, 2024-12-12 At the heart of tourismophobia past and present is the question of the masses and the differentiation between those who call themselves travellers denying their own tourism and tourists Tourismophobia studies the persistence of the repulsion for them and though their number is infinitely greater today they are no longer socially the same and practices have radically changed This book brings this cultural invariant out of the shadows to understand the driving forces

behind this social posture which has taken a new turn with climate change Without overlooking the negative effects of tourism this book is a response to the current debate on overtourism which is the most contemporary form of tourismophobia

Identity and Intercultural Exchange in Travel and Tourism Anthony David Barker,2015 This book looks at the relationship between questions of identity formation and modern practices in travelling and tourism New and creative patterns of behaviour and self realisation are now emerging due to the enormous commercial interests that lie behind the modern travel and tourism industries The volume will consider these issues and the challenges they create *First Citizens of the Treaty City* Matthew Potter,2007 **Historia Ludens** Alexander von Lünen,Katherine J. Lewis,Benjamin

Litherland,Pat Cullum,2019-08-30 This book aims to further a debate about aspects of playing and gaming in connection with history Reaching out to academics professionals and students alike it pursues a dedicated interdisciplinary approach Rather than only focusing on how professionals could learn from academics in history the book also ponders the question of what academics can learn from gaming and playing for their own practice such as gamification for teaching or using play as a paradigm for novel approaches into historical scholarship Playing and gaming are thus understood as a broad cultural phenomenon that cross pollinates the theory and practice of history and gaming alike **The World Almanac and Book of**
