The Graveyard Reader:

The Graveyard Reader Groff Conklin, 1965 **A Reader's Delight** Noel Perrin, 1988 **Reader's Delight** **The Graveyard in Literature** Aoileann Ní Éigeartaigh, 2021-11-12 This volume focuses on literary and other cultural texts that use the graveyard as a liminal space within which received narratives and social values can be challenged and new and empowering perspectives on the present articulated. It argues that such texts do so primarily by immersing the reader in a liminal space between life and death where traditional certainties such as time and space are suspended and new models of human interaction can thus be formulated. Essays in this volume examine the use of liminality as a vehicle for social critique paying particular attention to the ways in which liminal spaces facilitate the construction of alternative perspectives.

Graveyard Poetry Eric Parisot, 2016-04-22 While immensely popular in the eighteenth century, current critical wisdom regards graveyard poetry as a short-lived fad with little lasting merit. In the first book-length study of this important poetic mode, Eric Parisot suggests to the contrary that graveyard poetry is closely connected to the mid-century aesthetic revision of poetics. Graveyard poetry's contribution to this paradigm shift, Parisot argues, stems from changing religious practices and their increasing reliance on printed material to facilitate private devotion by way of affective and subjective response. Coupling this perspective with graveyard poetry's obsessive preoccupation with death and salvation makes visible its importance as an articulation or negotiation between contemporary religious concerns and emerging aesthetics of poetic practice. Parisot reads the poetry of Robert Blair, Edward Young, and Thomas Gray among others as a series of poetic experiments that attempt to accommodate changing religious and reading practices and translate religious concerns into parallel reconsiderations of poetic authority, agency, death, and afterlife. Making use of an impressive body of religious treatises, sermons, and verse that ground his study in a precise historical moment, Parisot shows graveyard poetry's strong ties to seventeenth-century devotional texts and, most importantly, its influential role in the development of late eighteenth-century sentimentalism and Romanticism.

A Reader's Guide to the Narrative and Lyric Poetry of Thomas Lovell Beddoes Rodney Edgecombe,2015-10-05 Beddoes poses a peculiar problem for critics and scholars who wish to redress the marginal position that he occupies in the Romantic canon a problem seemingly unique to him and created in part by his misconception of his own strengths as a writer An extremely good poet who had things turned out differently might have functioned as a missing link between Keats and Tennyson he fatally divided his attention between verse and medicine a discipline that by his own admission made in the poem composed for Zo King served to wither his creative gift This fission of energy was bad enough but more damaging still was his misconception of metier for whatever mental resources remained to Beddoes after gruelling days in the classroom he invested in writing an unstageable drama instead of in his primary gift for lyric verse Whereas the Beddoes revival that has been gathering momentum in recent years has centred on Death s Jest Book the play onto which the poet directed some might say misdirected so much of his creative energy this study focuses wholly on his lyric and narrative verse much of which has received short critical shrift It follows the sequence of poems set out in the Donner edition and focuses on their verbal richness and inventiveness as they unspool upon the page

individuals Martin Buber Gluckel of Hameln literature Genesis Ladino Literature thought and beliefs Holiness Bioethics practice Dietary Laws Passover history Venice Baghdadi Jews of India and arts and material culture Synagogue Architecture Costume The emphasis is on Judaism rather than on Jewish studies more broadly **The Man Who Lost the Sea** Theodore Sturgeon, 2013-04-23 By the winner of the Hugo the Nebula and the World Fantasy Life Achievement Awards this latest volume finds Theodore Sturgeon in fine form as he gains recognition for the first time as a literary short story writer Written between 1957 and 1960 when Sturgeon and his family lived in both America and Grenada finally settling in Woodstock New York these stories reflect his increasing preference for psychology over ray guns Stories such as The Man Who Told Lies A Touch of Strange and It Opens the Sky show influences as diverse as William Faulkner and John Dos Passos Always in touch with the zeitgeist Sturgeon takes on the Russian Sputnik launches of 1957 with The Man Who Lost the Sea switching the scene to Mars and injecting his trademark mordancy and vivid wordplay into the proceedings These mature stories also don't stint on the scares as The Graveyard Reader one of Boris Karloff's favorite stories shows Acclaimed novelist Jonathan Lethem's foreword neatly summarizes Sturgeon's considerable achievement here Tracing Southern Storytelling in Black and White Sarah Gilbreath Ford, 2014-10-15 Explores how both black and white southern writers such as Joel Chandler Harris Charles Chesnutt Zora Neale Hurston William Faulkner Eudora Welty Ralph Ellison Ellen Douglas and Ernest Gaines have employed oral storytelling in literature Tracing Southern Storytelling in Black and White is a study of the historical use of oral storytelling by southern writers in written works In each chapter Sarah Gilbreath Ford pairs a white and an African American writer to highlight points of confluence in black and white southern oral traditions She argues that the connections between white and African American southern writers run deeper than critics have yet explored and she uses textual comparisons to examine the racial mixing of oral culture On porches in kitchens and on the pages of their work black and white southerners exchanged not just stories but strategies for telling stories As a boy Joel Chandler Harris listened to the stories of African American slaves and he devised a framework to turn the oral stories into written ones Harris's use of the frame structure influenced how Charles Chesnutt recorded oral stories but it led Alice Walker to complain that her heritage had been stolen Mark Twain listened to African American storytellers as a child His use of oral dialects then impacts how Ralph Ellison and William Faulkner employ oral storytelling and how Toni Morrison later writes in response to Faulkner The interactions are not linear not a chain of influence but a network of interactions borrowings and revisions Ford's pairings lead to new readings that reveal how the writers employ similar strategies in their narratives due in part to shared historical context While Zora Neale Hurston and William Faulkner for example use oral storytelling in the 1930s to examine the fear of racial mixing Ellen Douglas and Ernest Gaines use it in the 1970s to build bridges between the races Exploring the cultural crossing that occurs in the use of oral storytelling Ford offers a different view of this common strategy in southern narrative and a new perspective on how culture is shared
