collection of folktales that delve into the enchanting world of Romanian culture through animal fables and allegories. The text is rich in vivid imagery and employs a lyrical, often whimsical prose style that captures the essence of traditional storytelling. These tales are steeped in themes of morality, nature, and the human experience, inviting readers into a realm where animals articulate the virtues and vices of mankind. The uncredited authorship adds an intriguing layer, hinting at a collective cultural heritage rather than an individual voice, thus placing these stories within a broader literary context of Eastern European folklore. The anonymous author, likely a scholar or translator with a profound appreciation for Romanian culture, may have sought to preserve these folk narratives for an English-speaking audience. Their work not only bridges linguistic divides but also serves as a testament to the rich tapestry of Romanian traditions. This endeavor reflects an understanding of the significance of folklore in capturing the identity and values of a culture, illuminating the depths of human connection through shared stories. I highly recommend *Rumanian Bird and Beast Stories: Rendered into English* for readers interested in folklore, cultural studies, and the universal themes found within animal tales. This collection offers a rare glimpse into the moral complexities and enchanting storytelling methods from Romania, resonating with anyone who appreciates the art of narrative as a means of cultural expression. **First in the Desert: St. Paul the Hermit in Text and Tradition**, 2024-12-09. This volume invites the reader to a journey into the mystery that is St. Paul the First Hermit. Presented in nine language traditions that span ten centuries of transmission, Paul's *vitae* are a case study in cultural fusion and diversity. Assembled here for the first time, they provide the scaffolding for the volume that offers a window into the world of Eastern Christianity that consists of deeply interconnected, diverse communities. We learn about churches and monasteries and libraries, about books and relics, about art and iconography, and about the place of St. Paul in various liturgical traditions. *Sacred Sisters*, Maeve Callan, 2025-10-01. *Sacred Sisters* focuses on five saints: the four female Irish saints who have extant medieval biographies, Dara, Brigid, Teige, and Samthann, and Patrick, whose writings, fifth-century Ireland's sole surviving texts, attest to the centrality of women in Irish Christianity's development. Women served as leaders and teachers, perhaps even as bishops and priests, and men and women worked together in a variety of arrangements, as well as independently. Previous studies of gender in medieval Ireland have emphasized sexism and sex-segregated celibacy, dismissing abundant evidence of alternative approaches throughout the sources, including in the *Lives of Ireland's* female saints. *Sacred Sisters* places these generally marginalized texts at its center, exploring their portraits of empowered, authoritative, compassionate women who exemplified an accepting and affirming ethics of gender and sexuality that would be unusual in many mainstream Christian movements in the present day, let alone in the Middle Ages.
