Auerbach, 1999-01-01 The book challenges the common view that the Exhibition symbolized peace progress prosperity and the emergence of an industrial middle class Auerbach suggests instead that the Great Exhibition became a cultural battlefield on which proponents of different visions of industrialization modernization and internationalism fought for ascendancy in the struggle for a new national identity **BOOK JACKET** *The Great Exhibition* John R. Davis, 1999 The Great Exhibition of 1851 was the world's first international exposition of manufactured goods inventions works of art and artefacts from many cultures A showcase of British manufacturing supremacy an educational extravaganza a lesson to foreigners and a deep source of public fascination the Exhibition was closely connected with Queen Victoria's consort Prince Albert who put much effort into having it sited in Hyde Park against stiff opposition Protesters feared the disappearance of the park under tons of bricks and mortar but when the great structure was eventually chosen and built it silenced dissenters and became the most famous new building in the world *The Great Exhibition, 1851* Jonathon Shears, 2017-05-31 The Great Exhibition 1851 A Sourcebook is the first anthology of its kind It presents a comprehensive array of carefully selected primary documents sourced from the period before during and after the Exhibition in Hyde Park in 1851 Drawing on contemporary newspapers and periodicals the archives of the Royal Commission diaries journals celebratory poems and essays many of these documents are reproduced in their entirety and in the same place for the first time The book provides an unparalleled resource for teachers and students of the Exhibition and a starting point for researchers new to the subject Subdivided into six chapters Origins and organisation Display Nation empire and ethnicity Gender Class and Afterlives it represents the current scholarly debates about the Exhibition orientating readers with helpful critically informed introductions What was the Great Exhibition and what did it mean Readers of *The Great Exhibition 1851 A Sourcebook* will take great pleasure in finding out **The Great Exhibition, 1851** Yvonne Ffrench, 1950 *The Great Exhibition* G. Great Exhibitions Trevor May,2010-07-20 In 1851 an event was organized in London that changed the world The Great Exhibition It was a spectacular showcase of technology manufacture and design from all over the world In just a few months over six million people attended the exhibition in Joseph Paxton s famous Crystal Palace in Hyde Park This was a landmark moment that characterized Victoria s reign and became the model for the other famous exhibitions in Chicago and Paris Chronicling the first exciting spectacles through to the much maligned Millennium Dome the details and stories behind the great exhibitions are brought together in this fascinating read The Crystal Palace and the Great Exhibition Hermione Hobhouse,2002-03-05 The Great Exhibition of 1851 and the Crystal Palace which housed it together became a British icon a symbol of free trade and a national success funded not only by taxes but by public subscription Though the Palace itself was banished to Sydenham to leave Hyde Park free for Londoners the Commission was re-invented under Prince Albert to spend the profits for the advancement of British industry The Commissioners first established South Kensington with its Museums and Colleges of Art and Science the Albert Hall and the Royal College of Music and then moved into the training of scientists and artists They assisted in the expansion of the British School at Rome and for over a century 1851 Scholars have been contributing to British scientific discoveries This book celebrates 150 years of the Commission s work fired by the application of art and science to productive industry a story of some success and permanent record yet a pilgrimage not without its episodes of dissension and controversy **The Great Exhibition: Guides to the exhibition and other material**

What Makes a Great Exhibition? Paula Marincola, 2007-02-16 For better or worse museums are changing from forbidding bastions of rare art into audience friendly institutions that often specialize in blockbuster exhibitions designed to draw crowds But in the midst of this sea change one largely unanswered question stands out What makes a great exhibition Some of the world's leading curators and art historians try to answer this question here as they examine the elements of a museum exhibition from every angle What Makes a Great Exhibition investigates the challenges facing American and European contemporary art in particular exploring such issues as group exhibitions video and craft and the ways that architecture influences the nature of the exhibitions under its roof The distinguished contributors address diverse topics including Studio Museum in Harlem director Thelma Golden's examination of ethnically focused exhibitions and Robert Storr director of the 2007 Venice Biennale and formerly of the Museum of Modern Art on the meaning of exhibition and exhibitionmaker A thought provoking volume on the practice of curatorial work and the mission of modern museums What Makes A Great Exhibition will be indispensable reading for all art professionals and scholars working today
