The Great Latinamerican Songbook:

Great Latin American Songbook, 1980 **Great Latin-American Songbook**, 1985 The Latin American Songbook in the Twentieth Century Tânia da Costa Garcia, 2019-08-27 The Latin American Songbook in the Twentieth Century From Folklore to Militancy takes an unprecedented comparative analysis approach to the complex relationship between popular music and culture society and politics in Latin America as it relates to representations of national identity Tânia da Costa Garcia analyzes archival research in Chile Brazil and Argentina which have very similar cultural and political processes This book is divided into two different parts the first focuses on how the folk studies movement was legitimized in Chile Brazil and Argentina while the second emphasizes the rich history of how the militant song movement in Spanish America was received transformed and transmitted to Brazil in the second half of the twentieth century This book will be especially useful to scholars of Latin American studies music studies cultural studies and history Listening for America: Inside the Great American Songbook from Gershwin to Sondheim Rob Kapilow, 2019-11-05 Finalist The Marfield Prize National Award for Arts Writing Not since the late Leonard Bernstein has classical music had a combination salesman teacher as irresistible as Kapilow Kansas City Star If you want to understand American history listen to its popular music writes renowned NPR host Rob Kapilow If you want to understand America s popular music listen to its history Through the songs of eight legendary American composers Kern Porter Gershwin Arlen Berlin Rodgers Bernstein and Sondheim Kapilow listens for the history not just of musical theater but of America itself Combining close readings of Broadway hits like Summertime and Stormy Weather with a wide angled historical point of view Listening for America shows us how we too can listen along as America discovered its identity through the epochal transformations of the twentieth century *The Song Index of the Enoch Pratt Free Library* Ellen Luchinsky, 2020-12-23 The Song Index features over 150 000 citations that lead users to over 2 100 song books spanning more than a century from the 1880s to the 1990s The songs cited represent a multitude of musical practices cultures and traditions ranging from ethnic to regional from foreign to American representing every type of song popular folk children s political comic advertising protest patriotic military and classical as well as hymns spirituals ballads arias choral symphonies and other larger works This comprehensive volume also includes a bibliography of the books indexed an index of sources from which the songs originated and an alphabetical composer index *Catastrophic Historicism* Ronald Mendoza-de Jesús, 2024-01-02 Catastrophic Historicism unsettles the historicist constitution of Julia de Burgos 1914-53 Puerto Rico s most iconic writer a critical task that necessitates redefining the concept of historicism Through readings of Aristotle Walter Benjamin Jacques Derrida Werner Hamacher and Frank Ankersmit Mendoza de Jesús shows that historicism grounds historical objectivity in the historian s capacity to compose totalizing narratives that domesticate the contingency of the past While critiques of historicism as a realism leave untouched the sovereignty of the historian the book insists that reading the text of history requires an attunement to danger a modality that interrupts

historicism by infusing the past with a contingency that evades total appropriation After desedimenting the monumental tradition that has reduced de Burgos to a totemic figure Catastrophic Historicism reads the poet's first collection *Poema en 20 surcos* 1938 Mendoza de Jes's argues that the historicity of *Poema* crystallizes in the lyrical speaker's self institution as an embodied ipseity which requires producing racialized gendered allegorical figures the bearers of an abject flesh that lack any ontological resistance to modern alienation Rather than treating de Burgos's poetics of selfhood as the ideal image of Puerto Rican sovereignty Mendoza de Jes's endangers this idealization by drawing attention to the abjection that sustains our attachments to ipseity as the form of a truly sovereign life In this way Catastrophic Historicism not only resets the terms of ongoing critiques of historicism in the humanities it also intervenes in Puerto Rican historicity for the sake of its transformation
