**The Great Powers in the Middle East, 1919-1939** Mekhon Shiloah le-ḥeker ha-Mizrah ha-tikhon ve-Afriqah, 1988 Perhaps the most critical period in the development of modern Middle Eastern politics occurred between the two world wars Britain and France vied for influence and control in the region by making conflicting promises to the leaders of emergent Arab nationalism as well as to those bent on building a Jewish national home in Palestine With the rise of Hitler the area took on increased strategic importance for western democracies This book examines the impact of great power priorities on the region , Anglo-Italian Relations in the Middle East, 1922-1940 Massimiliano Fiore, 2016-04-15 Between 1923 and 1934 Britain and Italy waged war by proxy in the Middle East Behind the appearance of European collaboration relations between London and Rome in the Red Sea were notably tense Although realistically Mussolini could not establish or maintain colonies in the Arabian Peninsula in the face of British opposition his regime undertook a number of initiatives in the region to enhance Italo Arab relations and to pave the way for future expansion once the balance of power in Europe had shifted in Italy s favour This book examines four key aspects of relations between Britain and Italy in the Middle East in the interwar period the confrontation between London and Rome for political influence among Arab leaders and nationalists the competition for commercial and trade advantages in the region the Anglo Italian propaganda war to win the hearts and minds of the Arab populations and the secret world of British and Italian espionage and intelligence An in depth analysis of these four key areas demonstrates how Anglo Italian relations broke down over the interwar period and enhances our knowledge and understanding of the factors leading up to the widening of the Second World War in the Mediterranean This book is essential reading for scholars concerned with Anglo Italian relations the activities of the Powers in the Middle East and the tensions between the colonial powers **The Cambridge History of America and the World: Volume 3, 1900-1945** Brooke L. Blower, Andrew Preston, 2022-03-03 The third volume of The Cambridge History of America and the World covers the volatile period between 1900 and 1945 when the United States emerged as a world power and American engagements abroad flourished in new and consequential ways Showcasing the most innovative approaches to both traditional topics and emerging themes leading scholars chart the complex ways in which Americans projected their growing influence across the globe how others interpreted and constrained those efforts how Americans disagreed with each other often fiercely about foreign relations and how race religion gender and other factors shaped their worldviews During the early twentieth century accelerating forces of global interdependence presented Americans like others with a set of urgent challenges from managing borders humanitarian crises economic depression and modern warfare to confronting the radical new political movements of communism fascism and anticolonial nationalism This volume will set the standard for new understandings of this pivotal moment in the history of America and the world The Jews of the Middle East and North Africa Reeva Spector Simon, 2019-09-20 Incorporating published and archival material this volume fills an important gap in

the history of the Jewish experience during World War II describing how the war affected Jews living along the southern rim of the Mediterranean and the Levant from Morocco to Iran Surviving the Nazi slaughter did not mean that Jews living in the Middle East and North Africa were unaffected by the war there was constant anti Semitic propaganda and general economic deprivation communities were bombed and Jews suffered because of the anti Semitic Vichy regulations that left them unemployed homeless and subject to forced labor and deportation to labor camps Nevertheless they fought for the Allies and assisted the Americans and the British in the invasion of North Africa These men and women were community leaders and average people who despite their dire economic circumstances worked with the refugees attempting to escape the Nazis via North Africa Turkey or Iran and connected with international aid agencies during and after the war By 1945 no Jewish community had been left untouched and many were financially decimated a situation that would have serious repercussions on the future of Jews in the region Covering the entire Middle East and North Africa region this book on World War II is a key resource for students scholars and general readers interested in Jewish history World War II and Middle East history *The Israel-Palestine Conflict* Neil Caplan,2019-09-11 One of the 10 Must Read Histories of the Palestine Israel Conflict Ian Black Literary Hub on the 100th anniversary of the Balfour Declaration The new edition of the acclaimed text that explores the issues continuing to define the Israeli Palestinian conflict Numerous instances of competing sometimes incompatible narratives of controversial events are found throughout history Perhaps the starkest example of such contradictory representations is the decades long conflict between Israel and Palestine For over 140 years Israelis Palestinians and scores of peacemakers have failed to establish a sustainable mutually acceptable solution The Israel Palestine Conflict introduces the historical basis of the dispute and explores both the tangible issues and intangible factors that have blocked a peaceful resolution Author Neil Caplan helps readers understand the complexities and contradictions of the conflict and why the histories of Palestine and Israel are so fiercely contested Now in its second edition this book has been thoroughly updated to reflect the events that have transpired since its original publication Fresh insights consider the impact of current global and regional instability and violence on the prospects of peace and reconciliation New discussions address recent debates over two state versus one state solutions growing polarization in public discourse outside of the Middle East the role of public intellectuals and the growing trend of merging scholarship with advocacy Part of the Wiley Blackwell Contested Histories series this clear and accessible volume Offers a balanced non polemic approach to current academic discussions and political debates on the Israel Palestine conflict Highlights eleven core arguments viewed by the author as unwinnable Encourages readers to go beyond simply assigning blame in the conflict Explores the major historiographical debates arising from the dispute Includes updated references and additional maps Already a standard text for courses on the history and politics of the Middle East The Israel Palestine Conflict is an indispensable resource for students scholars and interested general readers **The Damascus Seat of Power** Sami Moubayed,2023-10-19 While recent scholarship has focused on wartime

Syria this book is dedicated to heads of state in the immediate post Ottoman era until the end of the French Mandate in 1946 Here renowned Syrian historian Sami Moubayed examines Syria s first eleven heads of state who led the country between 1918 and 1946 With a chapter dedicated to each leader Moubayed sheds light on the political culture of the time and traces the trajectory of how Syria was governed through colonialism monarchism and federalism and republicanism The study draws on numerous archives political memoirs and first hand interviews with key figures who were active between the 1930 s and 1950 s providing a rich picture of Syrian political culture during this forgotten period

**Nazis, Islamists, and the Making of the Modern Middle East** Barry Rubin, Wolfgang G. Schwanitz, 2014-02-01 A groundbreaking account of the Nazi Islamist alliance that changed the course of World War II and influences the Arab world to this day During the 1930s and 1940s a unique and lasting political alliance was forged among Third Reich leaders Arab nationalists and Muslim religious authorities From this relationship sprang a series of dramatic events that despite their profound impact on the course of World War II remained secret until now In this groundbreaking book esteemed Middle East scholars Barry Rubin and Wolfgang G Schwanitz uncover for the first time the complete story of this dangerous alliance and explore its continuing impact on Arab politics in the twenty first century Rubin and Schwanitz reveal for example the full scope of Palestinian leader Amin al Husaini s support of Hitler s genocidal plans against European and Middle Eastern Jews In addition they expose the extent of Germany s long term promotion of Islamism and jihad Drawing on unprecedented research in European American and Middle East archives many recently opened and never before written about the authors offer new insight on the intertwined development of Nazism and Islamism and its impact on the modern Middle East Nazis Islamists reinsert s racial ideology into the study of the desert conflict and thereby offer s new insights into the Nazis relationships with their North African and Middle Eastern partners Mia Lee Contemporary European History Thoroughly researched and closely argued David Pryce Jones National Review The odd couple marriage between Nazis and Arab nationalists has come under increasingly revealing scrutiny over the last decade Here fresh research from previously unexamined archives explicitly ties that frightening nexus to today s Middle East Gene Santoro World War II magazine This book tells a remarkable and to me at least little known but very important story Marshall Poe New Books in History

*Britain and Jordan* Tancred Bradshaw, 2012-03-30 In the wake of the establishment of the State of Israel in 1948 it has often been alleged King Abdullah I of Jordan and the Zionist movements colluded to partition Mandate Palestine between them while Great Britain the retreating imperial power gave them tacit approval to do so Here Tancred Bradshaw challenges these allegations looking at the complex and often strained relations between the emerging states of Jordan Israel and the at first hegemonic and then crumbling British Empire Using a wide range of primary sources which have previously been largely ignored Britain and Jordan offers an essential re examination of the relationships which were to shape the Middle East as it is today It thus contains vital analysis for anyone involved in the study of the Middle East its politics and history as well as the demise of

Britain's empire in the region      **Kemalist Turkey and the Middle East** Amit Bein, 2017-11-09 To better understand the lasting legacy of international relations in the post Ottoman Middle East we must first re-examine Turkey's engagement with the region during the interwar period Long assumed to be a period of deliberate disengagement and ruptured ties between Turkey and its neighbours Amit Bein instead argues that in the volatile 1930s Turkey was in fact perceived as taking steps towards increasing its regional prominence Bein examines the unstable situation along Turkey's Middle Eastern borders the bilateral diplomatic relations Ankara established with fledgling governments in the region grand plans for transforming Turkey into a major transit hub for Middle Eastern and Eurasian transportation and trade and Ankara's effort to enhance its image as a model for modernization of non Western societies Through this he offers a fresh enlightening perspective on the Kemalist legacy that still resonates in the modern politics of the region today      **Imperial Defence** Greg Kennedy, 2007-11-21 This new collection of essays from leading British and Canadian scholars presents an excellent insight into the strategic thinking of the British Empire It defines the main areas of the strategic decision making process that was known as Imperial Defence The theme is one of imperial defence and defence of empire so chapters will be historiographical in nature discussing the major features of each key component of imperial defence areas of agreement and disagreement in the existing literature on critical interpretations introducing key individuals and positions and commenting on the appropriateness of existing studies as well as identifying a raft of new directions for future research      **Turkey - Anglo-American Security Interests, 1945-1952** Ekavi Athanassopoulou, 2013-02-01 This book aims to enhance our understanding of how American presence came to become consolidated through NATO in the eastern Mediterranean in the early cold war period by examining how American and British security considerations toward the region evolved between 1947 and 1952 and the impact Turkey's pressure had on American and British security thinking      **The Glubb Reports: Glubb Pasha and Britain's Empire Project in the Middle East 1920-1956** Tancred Bradshaw, 2016-01-26 The Glubb Reports studies papers written by General Sir John Glubb the long serving British commander of the Jordanian Arab Legion It covers issues such as the role of tribes and desert control the impact of Palestine the Arab Legion's role in the first Arab Israeli war the expansion of the Arab Legion and Glubb's dismissal in 1956      *The Claims of Culture at Empire's End* Jennifer M. Dueck, 2010-03-25 This volume explores the political impact of cultural institutions by analysing the power struggles in Syria and Lebanon under French Mandate rule The author illuminates how political and religious leaders fought to harness the force of culture through projects as diverse as schools cinema and tourism      *East of Empire* Erin M.B. O'Halloran, 2025-03-11 From the outset of the twentieth century Egyptian and Indian leaders understood their movements for self-determination as linked and part of a shared project Following World War I as connections between the Middle East and South Asia proliferated Egypt and India lay squarely at the heart of increasingly complex and multilateral relations *East of Empire* traces how anticolonial nationalism gained momentum across the East and documents the friendships rivalries

cultural exchanges and shifting political alliances that came to animate the interwar project of Easternism a cosmopolitan vision of the world whose center of gravity lay beyond Europe in the great city of Cairo Erin O Halloran offers a compelling new account of the era immediately preceding decolonization and the epochal partitions of India and Palestine Alongside well known figures like Mohandas K Gandhi Jawaharlal Nehru and Saad Zaghlul she introduces less familiar but no less intriguing personalities feminists diplomats and poets surrealists socialists and spies Each dreamed wrote organized and fought for the liberation of the East a space universally evoked though seemingly impossible to pin down Drawing on a broad cross section of Indian Arab British and European sources East of Empire transcends archival partitions to tell a powerful and nearly forgotten set of stories about the rise of anticolonial nationalism and the end of empire across the Middle East and South Asia

**Law, Order and Riots in Mandatory Palestine, 1928-35** M. Kolinsky, 1993-05-18 Political and legal order in Palestine was severely shaken by the rioting of August 1929 and 1933 As Britain struggled to find a balance between Arab and Jewish demands the middle years of the Mandate proved to be crucial for the survival of the Jewish National Home The period was also highly significant for the development of the Palestinian Arab nationalist movement and for the shaping of British policy in response to the emerging international issues which threatened its hegemony in the Middle East [A Companion to World War II](#) Thomas W. Zeiler, Daniel M. DuBois, 2012-12-21 A Companion to World War II brings together a series of fresh academic perspectives on World War II exploring the many cultural social and political contexts of the war Essay topics range from American anti Semitism to the experiences of French African soldiers providing nearly 60 new contributions to the genre arranged across two comprehensive volumes A collection of original historiographic essays that include cutting edge research Analyzes the roles of neutral nations during the war Examines the war from the bottom up through the experiences of different social classes Covers the causes key battles and consequences of the war [Railways and International Politics](#) T.G. Otte, Keith Neilson, 2012-09-10 This new study brings together leading experts to show how the modern world began with the coming of the railway They clearly explain why it had a greater impact than any other technical or industrial innovation before and completely redefined the limits of the civilized world While the effect of railways on economic development is self evident little attention has been paid to their impact on international relations This is unfortunate for in the period from 1848 to 1945 railways were an important element in the struggle between the Great Powers This took many forms Often as in East Asia the competition for railway concessions reflected the clash of rival imperial interests The success or failure of this competition could determine which of the European Powers was to dominate and exploit the markets of China and Siam Just as often railways were linked with military matters Prussia s success in the wars of German unification depended on its strategic railways just as much as on the strength of its armies and the rail links remained a vital aspect of German military thinking before the First World War So too did they for the Russians whose vast Empire required rail links capable of moving the Tsarist army quickly and competently Just as importantly railways could be

vital for Imperial defence as the British discovered on the North West frontier of India This book will be of much interest to students of international history military history and strategic studies      **Mirage** Aileen Keating,2012-05-25 In this fascinating history of the discovery development and exploitation of Middle East oil an international journalist tells a largely unknown story rich in drama conflict and comic interludes Illustrations      **Eastern Christianity and the Cold War, 1945-91** Lucian Leustean,2010-01-21 This book provides a comprehensive overview of the dynamics between Eastern Christianity and politics from the end of the Second World War to the fall of communism covering 40 Orthodox churches including diasporic churches in Africa Asia America and Australia
