Austin Dyer, The embrace of the outdoors has been the cornerstone of my existence a profound connection that began amidst the sprawling fields surrounding my childhood home in the heart of Texas Those vast expanses became my canvas for exploration nurturing an innate love for nature s grandeur and the infinite adventures it offered Transitioning from a mere enthusiast to a seasoned guide leading expeditions into the wilderness marked a transformative phase in my life Guiding others through the backcountry became not just a profession but an extension of my very being Over the years I ve shepherded over 10 000 individuals into the untamed wilds accumulating an impressive tally of more than two years spent residing under the canopy of stars in the confines of a tent Yet as every seasoned adventurer knows the script rarely unfolds precisely as planned In fact I ve come to realize that approximately 90% of the time circumstances pivot away from our meticulously charted course Despite the unexpected twists and turns that would seemingly throw a wrench into the gears of our plans I ve maintained a steadfast belief that these deviations are the very essence of adventure itself In those moments of deviation I ve always stressed the importance of fostering a positive attitude a beacon that guides us through the unforeseen challenges It was within these experiences that the seeds for my book Out lol doors were sown I yearned to pen a compendium not just outlining practical advice for outdoor pursuits but infusing it with a comedic lens a fusion of laughter and wisdom aimed at illuminating the practical aspects of outdoor recreation in an engaging and entertaining manner
