On Bohemia Cesar Grana,2017-09-29 Bohemia has been variously defined as a mythical country, a state of mind, a tavern by the wayside on the road of life. The editors of this volume prefer a leaner definition: an attitude of dissent from the prevailing values of middle class society, one dependent on the existence of café life. But whatever definition is preferred, this rich and long overdue collective portrait of Bohemian life in a large variety of settings is certain to engage and even entrance readers of all types, from the student of culture to social researchers and literary figures in search of their ancestral roots. The work is international in scope and social scientific in conception. But because of the special nature of the Bohemian fascination, the volume is also graced by an unusually larger number of exquisite literary essays. Hence one will find in this anthology writings by Malcolm Cowley, Norman Podhoretz, Norman Mailer, Theophile Gautier, Honoré de Balzac, Mary Austin, Stefan Zweig, Nadine Gordimer and Ernest Hemingway. Social scientists are well represented by Cesar Grana, Ephraim Mizruchi, W. I. Thomas, Florian Znaniecki, Harvey Zorbaugh, John R. Howard and G. William Domhoff, among others. The volume is sectioned into major themes: in the history of Bohemia, social and literary origins, testimony by the participants, analysis by critics of and crusaders for the Bohemian life, the ideological characteristics of the Bohemians and the long term prospect as well as retrospect for Bohemianism as a system, culture and ideology. The editors have provided a framework for examining some fundamental themes in social structure and social deviance: What are the levels of toleration within a society? Do artists deserve and receive special treatment by the powers that be? And what are the connections between Bohemian life styles and political protest movements? This is an anthology and not a treatise, so the reader is free to pick and choose not only what

The Secret Societies Handbook Michael Bradley,2004-09-30 Elite secret clubs have always influenced society. First they build power, then they bend others to help them, knowingly or in ignorance, to consolidate and expand their power base. Then they destroy society. Some of them already control the world. When the word 'cult' is used, the response is usually the same: dangerous, subversive, anti-family, anti-social. And while this is certainly true, the most daunting discovery in this book is that the most powerful secret societies are actually running the world, seeking to destroy morality and the family unit while publicly appearing to be their biggest champions. Their ultimate weapons are power and time. They have

the power only time will bring their obscure scheme to its inevitable conclusion This book examines 21 of these elusive and deeply disturbing organizations and reveals in alarming detail how for five centuries they have successfully manipulated the global economy waged wars and controlled the balance of power to bring about a New World Order *Empire Builder* Sandra E.
