Red Dwarf: Discovering the TV Series Tom Salinsky, 2024-11-30 Explores the unique journey of the long running British sitcom detailing its creation cast changes and enduring legacy through critical analysis and behind the scenes insights Red Dwarf is virtually unique among British sitcoms It began in 1988 and was still releasing new episodes in 2020 making it one of the longest running sitcoms of all time but the core cast has remained largely unchanged And its science fiction flavor contrasts strongly with the drawing rooms and sofas which were the norm when it launched and the fast cut mockumentary style which is popular today And yet this is a show which nobody wanted to make and which only barely made it to our screens at all In this work Tom Salinsky will look at exactly how it came to be who was considered for the cast but didn t make it how it was radically reinvented for the third sixth seventh ninth and tenth seasons how it survived the breakup of its key creative partnership the loss of the original spaceship models BBC strikes the departure of a major cast member and the seemingly self defeating rules which the writers imposed on themselves But this isn t just a behind the scenes

account It s also a detailed critical analysis examining why the best episodes succeed and why the less impressive episodes struggle while also finding time to ask just how a hologram made of light can smell burning camphor wood why a creature evolved from a cat is familiar with Wilma Flintstone or just how long Lister and Kochanski were dating for How can all this possibly be contained in one book It can t Volume I will cover the first six series and Volume II will conclude the story of Red Dwarf on television as well as looking at the novels comic strips computer games and more Drabalicious Stephen Scorer,2018-09-24 Drabalicious is a collection of 25 short stories that you can read anywhere anytime on the tube riding on a bus or even in a car as long as you are not driving Most of these fictional fables are under 350 words yea I might have crammed some longer ones in there but that is just to keep your attention span at its utmost prime We start with the stories and then I will follow that with some of the reasoning behind what made such tales some might not be what you first imagined them to be With some of these stories I have added some facts that I have found out along the way into doing some research for these small tales **The Trials and Triumphs of Les Dawson** Louis Barfe,2012-02-22 STRONGThe first ever narrative biography of a towering figure in British comedy Les Dawson more than any other comedian spoke for the phlegmatic pessimistic British way of life A Northern lad who climbed out of the slums thanks to an uncommonly brilliant mind he was always the underdog but his bark was funnier and more incisive than many comics who claimed to bite Married twice in real life he had a third wife in his comic world a fictional ogre built from spare parts left by fleeing Nazis at the end of World War II and an equally frightening mother in law He was down to earth yet given to eloquent absurd flights of fancy He was endlessly generous with his time but slow to buy a round of drinks He was a mass of contradictions In short he was human he was genuine and that s why audiences loved him This is his story *Sail the Storm* Daniel Abhishikth B,2022-08-13 Achieving dreams is not easy We are never ready for the unseen tasks and surprises coming in the ways we planned are we In the big chase of dreams there will be a lot of struggles hitting across out of nowhere From the time a dream roots in your mind to the winning flag of that dream all that sail builds a strong character within you which actually makes you a successful person Well the journey to the top is never easy and also never impossible if you have an idea of how it will be and how to handle those challenging situations The game begins with seeing this world beyond the illusions If you are up for building something big personally or professionally then you are at the right place Explore the psychological views real success and failure journeys and various important concepts and topics that share wisdom through this book which showcases the absolute paths of success Happy reading **If You Like Monty Python...** Zack Handlen,2011-12-01 Limelight From their perfectly insane television show to their consistently irreverent and riotous movies Monty Python has owned the zany and absurd side of comedy since their debut Their influence can be felt in every comedy show that followed them from Saturday Night Live and Second City television to The Kids in the Hall not to mention all the laughs writ large on the silver screen where their brand of absurdity opened the doors for such people as Jim Carrey who made a name for

themselves by pushing the funny even further This is the first book to look at everything influenced by the Pythons but also at those who came before them from the classic British comedies to the Marx Brothers and everything in the Python universe from Fawlty Towers and A Fish Called Wanda to Spamalot and Brazil If You Like Monty Python is a book for any fan who has graduated from the Ministry of Silly Walks and wants more **What to Watch When** Christian Blauvelt, Laura

Buller, Andrew Frisicano, Stacey Grant, Mark Morris, Drew Toal, Eddie Robson, Maggie Serota, Matthew Turner, Laurie Ulster, 2020-10-27 Answering the eternal question WHAT TO WATCH NEXT Looking for a box set to get your adrenaline racing or to escape to a different era In need of a good laugh to lift your spirits Hunting for a TV show that the whole family can watch together If you're feeling indecisive about your next binge watching session we've done the hard work for you Featuring 1 000 carefully curated reviews written by a panel of TV connoisseurs What To Watch When offers up the best show suggestions for every mood and moment Rejoice! Rejoice! Alwyn W. Turner, 2010-04-25 When Margaret Thatcher became prime minister in 1979 she promised to bring harmony where once there had been discord But Britain entered the 1980s bitterly divided over its future At stake were the souls of the great population boom of the 1960s Would they buy into the free market patriotic agenda of Thatcherism Or the anti racist anti sexist liberalism of the new left From the miners strike the Falklands War and the spectre of AIDS to Yes Minister championship snooker and Boy George Rejoice Rejoice steps back in time to relive the decade when the Iron Lady sought to remake Britain What it discovers is a thoroughly foreign country
