## **The Groundings With My Brothers:**

*The Groundings With My Brothers* Walter Rodney, 2019-04-23 I have sat on a little oil drum rusty and in the midst of garbage and some black brothers and I have grounded together Walter Rodney In his short life the Guyanese intellectual Walter Rodney emerged as one of the leading thinkers and activists of the anticolonial revolution leading movements in North America South America the African continent and the Caribbean In each locale Rodney found himself a lightning rod for working class Black Power His deportation catalyzed 20th century Jamaica's most significant rebellion the 1968 Rodney riots and his scholarship trained a generation how to think politics at an international scale In 1980 shortly after founding of the Working People's Alliance in Guyana the 38 year old Rodney would be assassinated In this classic work published in the heady days of international black power *Groundings with My Brothers* details the global circulation of emancipatory ideas but also offers first hand reports of Rodney's mass movement organizing Introduced and contextualized by leading Caribbean scholar activists this updated edition brings Rodney's legacy to a new generation of radicals

**Groundings with My Brothers** Rodney Walter, 1990 *Black 1968* Timothy H. Parsons, 2025-02-25 Initially the 1960s was a time of understandable optimism The civil rights movement and the legislation it inspired suggested an end to institutionalized racism in the United States while in the Global South the emergence of independent states anticipated political liberation and increased prosperity So when racial discrimination entrenched privilege cold war politics and fiscal reality dashed these hopes later in the decade the world experienced a wave of protests Conventional narratives of 1968 focus on student strikes revolutions and coups assassinations and the reactionary backlash that they inspired The chapters of *Black 1968* reveal the imperfectly documented and heretofore unrecognized bonds that led peoples of African descent around the world to articulate new global conceptions of Blackness as a way to mount local challenges to racism segregation colonialism economic exploitation generational authority and cultural chauvinism This book will be of interest to general readers interested in the global 1968 as well as scholars of Blackness and global history

**Moving Against the System** David Austin, 2018-09-07 In 1968 as protests shook France and war raged in Vietnam the giants of Black radical politics descended on Montreal to discuss the unique challenges and struggles facing their brothers and sisters For the first time since 1968 David Austin brings alive the speeches and debates of the most important international gathering of Black radicals of the era Against a backdrop of widespread racism in the West and colonialism and imperialism in the Third World this group of activists writers and political figures gathered to discuss the history and struggles of people of African descent and the meaning of Black Power With never before seen texts from Stokely Carmichael Walter Rodney and C L R James *Moving Against the System* will prove invaluable to anyone interested in Black radical thought as well as capturing a crucial moment of the political activity around 1968

**The Groundings with My Brothers** Walter Anthony Rodney, 1970 *Hierarchies at Work* Karen Engle, Neville Hoad, 2025-06-10 This book challenges dominant understandings of both economic inequality

and the future of work Leading scholars in law social sciences and the humanities consider the production and reproduction of global hierarchies by revisiting and deploying three critical approaches that emerged in the late twentieth century racial capitalism world systems theory and critical legal distributional analysis They demonstrate that these methods especially when brought together offer new insights into the forces that entrench the asymmetries of power and wealth that are too often shorthanded as inequality They also uncover elisions and erasures of the past and present in prevailing technological determinist narratives about the future of work Hierarchies at Work features powerful grounded studies of the dynamics of work and livelihood in sites ranging from garment factories in Jordan and palm oil fields in Colombia to dairy farms in the United States These studies underscore the necessity of thinking about the future of work and livelihoods through their racialized past and present and recognizing the systemic role of law in unequal distribution Highlighting alternative imaginaries that contest systems of domination and subordination this timely book offers resources to spur more just futures across local and global levels

**Oppression and Resistance in Africa and the Diaspora** Kenneth Kalu, Toyin Falola, 2019-01-04 Africa's modern history is replete with different forms of encounters and conflicts From the fifteenth century when millions of Africans were forcefully taken away as slaves during the infamous Atlantic slave trade to the colonial conquests of the nineteenth century where European countries conquered and subsequently balkanized Africa and shared the continent to European powers and to the postcolonial era where many African leaders have maintained several instruments of exploitation the continent has seen different forms of encounters exploitations and oppressions These encounters and exploitations have equally been met with resistance in different forms and at different times The mode of Africa's encounters with the rest of the world have in several ways shaped and continue to shape the continent's social political and economic development trajectories Essays in this volume have addressed different aspects of these phases of encounters and resistance by Africa and the African Diaspora While the volume documents different phases of oppression and conflict it also contains some accounts of Africa's resistance to external and internal oppressions and exploitations From the physical guerilla resistance of the Mau Mau group against British colonial exploitation in Kenya and its aftermath to efforts of the Kayble group to preserve their language and culture in modern Algeria and from the innovative ways in which the Tuareg are using guitar and music as forms of expression and resistance to the modern ways in which contemporary African immigrants in North America are coping with oppressive structures and racism the chapters in this volume have examined different phases of oppressions and suppressions of Africa and its people as well as acts of resistance put up by Africans

**Africa in Black Liberation Activism** Tunde Adeleke, 2016-12-19 This book analyzes three of the most accomplished twentieth century black diaspora activists Malcolm X Stokely Carmichael and Walter Rodney All began their careers in the Diaspora and later turned toward Africa This became the foundation for developing and solidifying a global force that would advance the struggles of Africans and people of African descent in the Diaspora Adeleke explores this African centered

discourse of resistance which informed the collective struggles of these activists The book illuminates shared attributes and differences presenting these men as unified by a struggle against and resistance to shared historical and cultural challenges

Ndlovu-Gatsheni, Sandeep Bakshi, Augustin Lao-Montes, Flavia Rios, 2025-07-25 The Sage Handbook of Decolonial Theory is a groundbreaking transdisciplinary resource that expands the epistemological and geographical horizons of decolonial thought This handbook prioritizes the Global South fostering South North and South South inter epistemic dialogues and situating decolonial thought in sites of struggle It builds on decolonial thought and praxis from Latin America and the Caribbean Africa Asia and Palestine among other regions and countries Addressing the erasure of knowledge production from the Global South in dominant academic spaces this handbook brings together decolonial scholars and activist intellectuals from the Global South and engages with politically committed scholars in the Global North It emphasizes the geopolitics and ethics of knowledge production and the importance of situating one's work in historically excluded regions and communities Organized into five parts the handbook includes conceptual essays and empirical studies on decolonial thought and praxis It covers a range of topics from decoloniality geopolitics and transdisciplinarity to decolonial feminisms gender and sexuality studies and racial capitalism The chapters convey a sense of urgency and a committed political voice demonstrating how decolonial theory can interrogate and intervene in the modern colonial racial capitalist heteropatriarchal world The Sage Handbook of Decolonial Theory is not just for academics it is written for anyone interested in radical thought and praxis It recognizes decolonial theory as a plural and dynamic field concerned with power hierarchies historiography and epistemological critiques of Eurocentrism Ultimately it teaches us how to think with and act alongside struggles for liberation Part I Key Debates in Decolonial Theory Part II Geopolitics and Geographies Part III Transdisciplinarity Part IV Feminisms Genders Sexualities Part V Racial Capitalism Rastafari Reasoning and the RastaWoman Jeanne Christensen, 2014-02-14 Rastafari Reasoning and the RastaWoman Gender Constructions in the Shaping of Rastafari Livity examines the complex ways that gender and race shaped a liberation movement propelled by the Caribbean evolution of an African spiritual ethos Jeanne Christensen proposes that Rastafari represents the most recent reworking of this spiritual ethos referred to as African religiosity The book contributes a new perspective to the literature on Rastafari and through a historical lens corrects the predominant static view of Rastafari women In certain Rastafari manifestations a growing livity developed by RastaMen eventually excluded women from an important ritual called Reasoning a conscious search for existential and ontological truth through self understanding performed in a group setting Restoring agency to the RastaWoman Christensen argues that RastaWomen intimately in touch with this spiritual ethos challenged oppressive structures within the movement itself They skirted official restrictions speaking out in public and written forums whenever such avenues presented themselves and searched for their own truth through conscious intentional self examination characteristic of the Reasoning ritual With its

powerful theoretically informed narrative Rastafari Reasoning and the RastaWoman Gender Constructions in the Shaping of Rastafari Livelihood will appeal to students and scholars interested in religious transformation resistance movements gender issues critical race studies and the history and culture of the English speaking Caribbean *The Philosophical I* George Yancy, 2002-11-19 Philosophy is shaped by life and life is shaped by philosophy This is reflected in *The Philosophical I* a collection of 16 autobiographical essays by prominent philosophers Candid and philosophically insightful these personal narratives critically call into question the belief that philosophy should be kept separate from the personal experience of philosophers Each contributor traces the fundamental influences both philosophical and otherwise that have shaped his or her identity In this postmodern world the self is often viewed as irreparably fragmented and fractured but the reflections in this volume point to a self that is a continuous though dynamic storyline What shines through in each of these essays is that philosophy is a profoundly personal adventure Cultural Mobilities Between Africa and the Caribbean Birgit Englert, Barbara Gföllner, Sigrid Thomsen, 2021-06-17 This book investigates the cultural connections between Africa and the Caribbean using the lens of Mobility Studies to tease out the shared experiences between these highly diverse parts of the world Despite their heterogeneity in terms of cultures languages and political and economic histories the connections between the African continent and the Caribbean are manifold stretching back to the trans Atlantic slave trade The authors in this book look to the past as well as to the present focusing on the manifold mobile connections between the regions subjects objects ideas texts images sounds and beliefs In doing so the book demonstrates that mobility extends beyond just the movement of people and that we can also see mobility in objects and ideas travelling either in a material sense or in imaginary terms in physical as well as in virtual spaces Bringing the transdisciplinary fields of African Studies Caribbean Studies and Mobility Studies into dialogue this book will be of interest to students and scholars across the humanities and social sciences The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial CC BY NC 4.0 license Funded by Universität Wien Working Against the Grain Anthony G. Reddie, 2014-12-18 Christianity has been both the cause of oppression among Black communities and a source of liberation Black Christianity has sought solace in the redemptive figure of Christ in its struggle for human dignity and freedom Working Against the Grain addresses the displacement of Black theology in Diasporan African churches by charismatic and conservative neo Pentecostalism The essays present a radical Black theology that empowers disenfranchised Black people whilst challenging White power to see and act differently Working Against the Grain is an essential text for all those interested in the pursuit of racial justice and other forms of anti oppressive practice both inside the church and beyond it *Literary Black Power in the Caribbean* Rita Keresztesi, 2020-11-11 Literary Black Power in the Caribbean focuses on the Black Power movement in the anglophone Caribbean as represented and critically debated in literary texts music and film This volume is groundbreaking in its focus on the creative arts and artists in their evaluations of and insights on the

relevance of the Black Power message across the region The author takes a cultural studies approach to bring together the political with the aesthetic enriching an already fertile debate on the era and the subject of Black Power in the Caribbean region The chapters discuss various aspects of Black Power in the Caribbean on the pages of journals and magazines at contemporary conferences that radicalized academia to join forces with communities in fiction and essays by writers and intellectuals in calypso and reggae music and in the first films produced in the Caribbean Produced at the 50th anniversary of the 1970 Black Power Revolution in Port of Spain Trinidad this timely book will be of interest to students and academics focusing on Black Power Caribbean literary and cultural studies African diaspora and Global South radical political and cultural theory     *The Poetics and Politics of Diaspora* Jerome C. Branche, 2014-08-21 This book studies the creative discourse of the modern African diaspora by analyzing poems novels essays hip hop and dub poetry in the Caribbean England Spain and Colombia and capturing diasporan movement through mutually intersecting axes of dislocation and relocation and efforts at political group affirmation and settlement or location Branche s study connects London s multimillion dollar riots of 2011 and its antecedents associated with the West Indian settler community to the discontent and harrowing conditions facing black immigrants to contemporary Spain as gateway to Fortress Europe It links the brutal massacres that target Colombia s dispossessed and displaced poor and mainly black throwaway citizens victims of the drug trade and neoliberal expansionism to older Caribbean stories that tell of the original spurts of capitalist greed and the colonial cauldron it created at the center of which lay the slave trade In revisiting the question of what really has awaited Afro descendants at the end of the Middle Passage this volume brings transatlantic slavery the making of weak postcolonial states that bleed people and the needle s eye of racial identification together through a close reading of rappers black radicals dub poetry and novelists from Europe Africa and the Americas Branche at once demonstrates the existence of an archive of Afro modern diasporan discursive production and just as importantly points toward a historically rooted theoretical framework that would contain its liberatory trajectory     Reggae, Rastafari, and the Rhetoric of Social Control Stephen A. King, 2014-07-10 Who changed Bob Marley s famous peace and love anthem into Come to Jamaica and feel all right When did the Rastafarian fighting white colonial power become the smiling Rastaman spreading beach towels for American tourists Drawing on research in social movement theory and protest music Reggae Rastafari and the Rhetoric of Social Control traces the history and rise of reggae and the story of how an island nation commandeered the music to fashion an image and entice tourists Visitors to Jamaica are often unaware that reggae was a revolutionary music rooted in the suffering of Jamaica s poor Rastafarians were once a target of police harassment and public condemnation Now the music is a marketing tool and the Rastafarians are no longer a violent counterculture but an important symbol of Jamaica s new cultural heritage This book attempts to explain how the Jamaican establishment s strategies of social control influenced the evolutionary direction of both the music and the Rastafarian movement From 1959 to 1971 Jamaica s popular music became identified with the Rastafarians a social

movement that gave voice to the country's poor black communities. In response to this challenge, the Jamaican government banned politically controversial reggae songs from the airwaves and jailed or deported Rastafarian leaders. Yet when reggae became internationally popular in the 1970s, divisions among Rastafarians grew wider, spawning a number of pseudo Rastafarians who embraced only the external symbolism of this worldwide religion. Exploiting this opportunity, Jamaica's new Prime Minister Michael Manley brought Rastafarian political imagery and themes into the mainstream. Eventually, reggae and Rastafari evolved into Jamaica's chief cultural commodities and tourist attractions.

**Black Theology** Anthony Reddie, 2012  
An accessible introduction to Black Theology helping readers understand the inherited legacy of race, ethnicity, difference, and racism, as well as the diversity and vibrancy of this movement.

Colonial Mentality and the Destiny of Africa Godfrey Mwakikagile, 2020-03-20  
In his book *Colonial Mentality and the Destiny of Africa*, Godfrey Mwakikagile examines the negative impact of colonial mentality on Africa's well-being as a continental crisis and how it impedes Africa's progress and the quest for an African renaissance.

**Conquest of the Mind: Imperial subjugation of Africa** Godfrey Mwakikagile, 2019-10-04  
The author looks at the imperial conquest of Africa and the devastating impact it has had and continues to have on her people. It includes conquest of the mind, which he contends is the worst form of imperial subjugation. The work is also about the destiny of Africa, which is being partly shaped by the forces of globalisation beyond the capacity of Africans to resist or control. The author contends this is the era of a new form of imperialism: globalisation, its euphemism, dominated by the big powers and other industrialised nations to the detriment of Africa's well-being.

**Conquest of the Mind** Godfrey Mwakikagile, How imperial powers conquered the minds of many Africans to facilitate and perpetuate imperial rule and domination.
