Skills For Success Audio Program:

Academic Success in Online Programs Jacqueline S. Stephen, 2024-04-02 This book provides higher education students with a comprehensive resource to assist them in their academic persistence in an online course or program. It addresses a wide selection of topics emphasizing a myriad of factors that impact a student's persistence and ultimate success in an online program or course. The book helps students to gain insight into the skills, knowledge, and attributes needed to succeed in the autonomous nature of an online learning environment. Thus, this book helps students to proactively engage in activities to prepare for online learning. Information presented in each chapter is drawn from theory and recent research centered on persistence of online students in higher education. It incorporates hands-on practical activities to promote application of theory and research and encourages students to demonstrate their knowledge, skills, and abilities through the use of reflective and thought-provoking activities. Hence, this book provides online students with an up-to-date resource they can use to develop an awareness of their readiness and preparedness for online learning. Additionally, this book equips students with information and strategies aimed at helping them to address gaps in their skills and knowledge that may present them with barriers to academic success. The content of this book is aligned with widely used student learning outcomes and objectives of first-year student seminar courses and orientation programs for graduate and undergraduate students enrolled in online programs. Furthermore, it is deliberately organized and structured to support an online student's academic journey as they navigate the online learning environment. As such, these features make it an ideal book for use by students, instructors, and academic advisors or college and university academic support staff.

Year to Success Bob Bennett, 2018-08-20 Have you been promised success if you follow a few quick and dirty rules or secrets of success? Are you tired of irrelevant analogies that do nothing for you but make you feel inadequate? Have you had enough of highly metaphysical concepts and not enough practical solutions? Have you had your fill of grossly exaggerated claims that try to trick you into thinking success is easy? Are you all affirmationed out? You are not alone. Think of success as a game of chance in which you have control over the odds. As you begin to master concepts in personal achievement, you are increasing your odds of achieving success. Year To Success is a full-year course in success designed to be a practical guide to achieving your definition of success. Each day of this course will, through practical application, increase your odds of achieving success. It has been said that one line of wisdom can change your life more than volumes of books. Imagine what hundreds of pages of wisdom can do. Year To Success is perhaps the most complete book on success ever written. It uses my formula for success: education, inspiration, action, success. Education: each week starts off with two educational articles and ends with two more educational articles. Inspiration: the third day of the week is a success biography on someone I believe is one of the most successful people in history. These success biographies are full of inspiration to help keep your flame for success burning on high. Action: each of the educational articles has one or more action steps associated with it. Taking action and getting results.

The Top 1% Most of this press has been negative casting the 1% as the villains and the 99% as the victims Most every major problem in our society and in individuals inability to progress has been blamed on this elite income class Yet the paradox is that the vast majority of people in America strive every day to become part of that 1% Why is this Because most people intuitively understand that the picture of the 1% is largely incorrect at worst or incomplete at the very least So is much of what we ve been told about the 1% incorrect Is there another reality about the 1% that has not been told by the media And should you and I aspire to be part of The Top 1% The answers to these questions are an unqualified yes In this compelling book personal development expert and researcher Dan Strutzel will give you a completely new and ultimately inspiring view of this income class And best of all he will outline the specific things you need to do to become a proud member of The Top 1% You ll learn The most popular myths and the hidden truths of The Top 1% Why average is over and striving for the Top 1% should be everyone s goal regardless of whether you ever reach that goal The 12 qualities that The Top 1% have in common How to develop an owner s mentality not a consumers mentality Why you don t get your dream job you create it Why traditional goal setting concepts no longer make sense and will not get you to the top 1% Why you should focus on value and equity and not on income Why the 1% and the 99% need each other to achieve the greatest level of success and happiness After reading this book you ll not only have a road map for joining The Top 1% you ll emerge more inspired and excited about your future and the future of our society

Unstoppable Brian Tracy,2023-03-14 Master the Art of Motivation The idea of being successful is an attractive dream that fills us with positive emotions However the actions required to be successful at work in our relationships in sports competition are often difficult and lengthy Therefore even though we want to be successful happy and influential very few of us take the specific actions that will actually move us directly toward those goals So what do we need to bridge the gap between what we say we want and what we must do to achieve it We need goal oriented motivation The specific kind of motivation that is the fuel which can take us across the long and often uncertain bridge to our desired destination in life Brian Tracy can show you how to develop this kind of motivation on demand sustain it through the difficult periods of life and instill this motivation so intricately into your daily life that you make the very idea of motivation unnecessary That s when you become UNSTOPPABLE
