The Year's Best Fantasy, 1988 **Science Fiction & Fantasy Book Review Annual**, 1989 **The Hugo, Nebula and World Fantasy Awards** Howard DeVore, 1998 Science fiction fans have voted for the Hugo Awards for best science fiction almost every year since 1953 Science fiction professionals have presented the Nebula Awards to their peers since 1965 In all this time lists of winners have been widely available but the losers have usually been ignored In 1970 long time fan Howard DeVore started publishing a complete listing of Hugo and Nebula awards including the stories that were nominated but did not win The fact that stories were nominated implied that they had considerable merit Mr DeVore felt that a complete listing would let fans compare them The International Fantasy Awards may have inspired the Hugos so he added them DeVore brought out new editions year by year publishing and distributing them himself with the aid of a number of devoted science fiction fans By 1998 the task had grown to the point where Mr DeVore happily relinquished the job to Advent This edition includes introductory and historical essays explaining how each award got started and how nominees and winners are chosen plus commentary in the yearly listings **The Worlds of George RR Martin** Tom

Huddleston, 2024-09-24 In the many realms of modern fantasy there is only one true King and his name is George Raymond Richard Martin With A Song of Ice and Fire Martin has created a world on a scale almost unrivalled by any other single writer Approaching two million words and still evolving this genuinely epic series of novels with its deeply interlocking narratives finely crafted drama and enormous range of characters is a creation of extraordinary breadth So how did a writer best known for short stories come to craft such a gigantic sequence of novels and what is the key to their extraordinary success What sources historical literary and personal did Martin draw upon in the writing and what inspiration did they give him The Worlds of George R R Martin is an in depth bringing together of the enormous range of inspirations behind Martin's work from historical borrowings as wide ranging as the Roman empire the Wars of the Roses and the Mongol conquests to diverse literary and mythological texts and Martin's own family experience and biography *Books in Print*, 1993-09 V 1
