Third Series Library of Congress. Copyright Office,1969

Springboard to Tokyo Canfield Cook,1943 Lucky Bob Terrell continues his duties in fighting the enemy in World War II In this episode he takes command of a former Japanese held base in East China **Spitfire Pilot** Canfield Cook,1942 Lucky Bob Terrell continues his duties in fighting the enemy in World War II In this episode he wins the admiration of all despite his disobeying commands The Publishers Weekly ,1942 *Cumulated Index to the Books* ,1945 **Flying Adventurers**

David K. Vaughan, 2023-05-24 Aviation books were a unique and prolific subgenre of American juvenile literature from the early to mid 20th century drawing upon the nation's intensifying interest. The first books of this type Harry L. Sayler's series *Airship Boys* appeared shortly after the Wright brothers' first successful flight in 1909. Following Charles Lindbergh's solo flight across the Atlantic, popular series like *Ted Scott* and *Andy Lane* established the golden age of juvenile aviation literature. This work examines the 375 juvenile aviation series titles published between 1909 and 1964. It weaves together several thematic threads including the placement of aviation narratives within the context of major historical events, the technical accuracy in depictions of flying machines, and the ways in which characters reflected the culture of their eras. Three appendices provide publication data for each series, a list of referenced aircraft, and an annotated bibliography; there is a full index. *Red Randall in Burma* Robert Sidney Bowen, 1945 *The Ways of War* Paul M. Holsinger, 1995-03 Contains data about more than 1000 volumes written or translated to English since 1939. Indexes provide both the geographical setting of each volume and its thematic focus. *Pioneers, Passionate Ladies, and Private Eyes* Larry E. Sullivan, Lydia C. Schurman, 2013-02-01 Despite efforts of contemporary reformers to curb the availability of dime novels, series books, and paperbacks, *Pioneers, Passionate Ladies, and Private Eyes* reveals how many readers used them as means of resistance and how fictional characters became models for self-empowerment. These literary genres, whose value has long been underestimated, provide fascinating insight into the formation of American popular culture and identity. Through these mass-produced, widely read books, Deadwood Dick, Old Sleuth, and Jessie James became popular heroes that fed the public's imagination for the last western frontier; detective tales and the myth of the outlaw. Women, particularly those who were poor and endured hard lives, used the literature as means of escape from the social, economic, and cultural suppression they experienced in the nineteenth century. In addition to the insight this book provides into texts such as *The Bride of the Tomb*, the Nick Carter Series, and Edward Stratemeyer's rendition of the Lizzie Borden case, readers will find interesting information about the roles of illustrations and covers in consumer culture. Bowling Green's endeavor to digitize paperback and pulp magazine covers, bibliographical problems in collecting and controlling series books, the effects of mass-market fiction on young girls, Louisa May Alcott's pseudonym and authorship of three dime novels, special collections, competition among publishers, a collection of work presented at a symposium held by the Library of Congress, *Pioneers, Passionate Ladies, and Private Eyes* makes an outstanding contribution to redefining the role of popular fiction in American life. Montgomery Ward Montgomery Ward, 1946 The Whole Story John E. Simkin, 1996 This work is the only comprehensive guide to sequels in English with over 84,000 works by 12,500 authors in 17,000 sequences.
