Jorgenson, 2007-12-18 A gripping account of ordinary men with extraordinary courage and heroism who had one last chance to make good and one helluva war zone to do it in The new commander of the Company E 52d Infantry LRRPs Capt George Paccarelli was tough but the men's new AO was brutal It was bad enough that the provinces of Binh Long Phuoc Long and Tay Ninh bordered enemy friendly Cambodia but their vast stretches of double and triple canopy jungle were also home to four crack enemy divisions including the Viet Cong's notorious 95C Regiment Only the long range patrols could deliver the critical strategic intelligence that the 1st Cav so desperately needed Outmanned outgunned far from safety these LRRPs stalked the enemy to his lair staging bold prisoner snatches and tracking down hidden jungle bases Hiding in ambush surrounded by NVA these teams either pulled off spectacular escape and evasion maneuvers in running firefights or died trying      **Death in the Midnight Sky: Flying the Mighty Gunship in Combat** Joe Berardino, 2017-07-06 Death in the Midnight Sky By Joe Berardino I closed my eyes raised my chin to heaven and felt the words surround me They filled my heart with love encouragement and boundless hope I dreamt of marching over Russian tanks freeing the Jews in Europe opening schools in Africa My chest filled with pride I knew I could do anything I could live the dream of my young President My fate was sealed I knew I had to become part of the greatest challenge of my generation the new generation Patriotism served as the inspiration for Joe Berardino's tour in Vietnam flying the mighty gunship Like countless other American servicemen hard work perseverance and tenacity became ingrained in Joe's character allowing him to accomplish his life's goals including earning a scholarship to attend Michigan State University Death in the Midnight Sky is about the bravery and honor of the U S serviceman about their honor and integrity and about their inherent truth and honesty      **Vietnam Firebases 1965-73** Randy E. M Foster, 2012-08-20 Artillery fire support bases of the Freeworld forces played a critical role in the conduct of operations during the Vietnam War They served to lay down high volume fire on enemy firing sites supported friendly infantry operations and executed harassing fire missions where exact targets were not known But the firebases themselves which housed a range of other facilities such as troop shelters surveillance radars and command centers had to be defended against ground attack and as a result became significant fortifications in their own right This book describes the design development and operational history of the fire support bases throughout the conflict      *Returning Fire* Col. James W. Booth, 2011-09-28 This book is the factual story of the development of armed helicopters in the US Army and their first employment in combat The story is dramatically told by the courageous men who lived it flying daily into enemy infested areas facing murderous fire from automatic and anti aircraft weapons In late 1961 the US Government deployed five Transportation Helicopter Companies H 21 lift ships to South Vietnam to increase the mobility of South Vietnamese ground forces The Viet Cong quickly recognized that the H 21s were unarmed and began shooting at them endangering the lives of American crewmen A helicopter company equipped with 25 UH 1 helicopters had been cobbled together on Okinawa by the Commander US Army Pacific Believing the company was

soon to be deployed to Vietnam the men assigned to the unit armed its helicopters by scrounging weapons systems left over from WW II and Korea stored in Army Air Force depots in Okinawa Machine guns and 2 75 inch rockets were jury rigged onto the UH 1s Officially designated the Utility Tactical Helicopter Company but widely known as the UTT the company deployed to Saigon in September 1962 After some jurisdictional squabbles with the Air Force over roles and missions UTT began combat operations in October It quickly became widely known for professionalism and the courage of its crew members Such was its fame that for years South Vietnamese military personnel called all armed helicopters UTT Unfortunately over its years in RVN the Company endured frequent designation changes UTT 68th 197th 334th Armed Helicopter Company Why remains a mystery even today The Companys legacy is strong and endures today Armed helicopters are a major component of US Army combat forces The current Army Apache program over 600 is a direct descendent Additionally the Marines and Navy have strong armed helicopter programs as does every major military power in the world Ironically it all began with a small group of courageous men mounting scavenged weapons mostly outmoded on helicopters originally designed for medical evacuation This is their story **Airman** ,1969 **The Encyclopedia of the Vietnam War** Bloomsbury Publishing,2011-05-20 Now in its second edition this comprehensive study of the Vietnam War sheds more light on the longest and one of the most controversial conflicts in U S history The Vietnam War lasted more than a decade was the longest war in U S history and cost the lives of nearly 60 000 American soldiers as well as millions of Vietnamese many of whom were uninvolved civilians The lessons learned from this tragic conflict continue to have great relevance in today s world Now in its second edition The Encyclopedia of the Vietnam War A Political Social and Military History adds an entire additional volume of entries to the already exhaustive first edition making it the most comprehensive reference available about one of the most controversial events in U S history Written to provide multidimensional perspectives into the conflict it covers not only the American experience in Vietnam but also the entire scope of Vietnamese history including the French experience and the Indochina War as well as the origins of the conflict how the United States became involved and the extensive aftermath of this prolonged war It also provides the most complete and accurate order of battle ever published based upon data compiled from Vietnamese sources This latest release delivers even more of what readers have come to expect from the editorship of Spencer C Tucker and the military history experts at ABC CLIO **Congressional Record** United States. Congress,1996 *Gunship Pilot* Robert F. Hartley,2015-02-24 It was 1968 and Robert Hartley was on his first combat mission in Vietnam as copilot of a helicopter gunship As he and his platoon leader flew over the A Shau Valley a Chinook helicopter engulfed in flames suddenly came into view Hartley noticed tiny black smoking objects exiting the tail ramp of the aircraft Seconds later he realized those objects were men escaping the flames and plunging to their deaths It was in that moment that he silently wondered How the hell did I get here Mr Hartley was still wet behind the ears when he was tossed into the cauldron of Americas most unpopular war as an attack helicopter gunship pilot As he shares a gripping

birds eye view of battles that took him from the Demilitarized Zone in the north to the Mekong Delta in the south Mr Hartley compellingly details how he learned to rely on his superior training and equipment to follow through with his mission to kill the enemy and save the lives of his fellow soldiers below Gunship Pilot provides an unforgettable glimpse into two combat tours of duty in Vietnam as a helicopter pilot soaring high above rice paddies and jungles attempts to fulfill his duty of protecting Americas warriors on the ground *Primer of the Helicopter War* Charles Holley, Mike Sloniker, 1997 Theory and Practice of Aircraft Performance Ajoy Kumar Kundu, Mark A. Price, David Riordan, Peter Belobaba, Jonathan Cooper, Allan Seabridge, 2016-09-26 Textbook introducing the fundamentals of aircraft performance using industry standards and examples bridging the gap between academia and industry Provides an extensive and detailed treatment of all segments of mission profile and overall aircraft performance Considers operating costs safety environmental and related systems issues Includes worked examples relating to current aircraft Learjet 45 Tucano Turboprop Trainer Advanced Jet Trainer and Airbus A320 types of aircraft Suitable as a textbook for aircraft performance courses **Make: Maverick Scientist** Forrest M. Mims, 2024-02-14 Maverick Scientist is the memoir of Forrest Mims who forged a distinguished scientific career despite having no academic training in science Named one of the 50 Best Brains in Science by Discover magazine Forrest shares what sparked his childhood curiosity and relates a lifetime of improbable dramatic and occasionally outright dangerous experiences in the world of science At thirteen he invented a new method of rocket control At seventeen he designed and built an analog computer that could translate Russian into English and that the Smithsonian collected as an example of an early hobby computer While majoring in government at Texas A M University Forrest created a hand held radar like device to help guide the blind And during his military service he had to be given special clearance to do top secret laser research at the Air Force Weapons Lab Why Because while he lacked the required engineering degree they wanted his outside the box thinking on the project He went on to co found MITS Inc producer of the first commercially successful personal computer wrote a series of electronics books for Radio Shack that sold more than seven million copies and designed the music synthesizer circuit that became known as the infamous Atari Punk Console All this came before he started consulting for NASA s Goddard Space Flight Center and NOAA s famous Mauna Loa Observatory and earning the prestigious Rolex Award This intimate portrait of a self made scientist shares a revelatory look inside the scientific community and tells the story of a lifelong learner who stood by his convictions even when pressured by the establishment to get in line with conventional wisdom With dozens of personal photos and illustrations Maverick Scientist serves as proof that to be a scientist you simply need to do science **Air Force Magazine** , 2015-07 Air Force and Space Digest , 1970 **Raiding the Sanctuary** Robert J. Gouge, 2006-05-15 The Warriors of the 5th Battalion 12th Infantry 199th Light Infantry Brigade joined the U S Army s lightning offensive into the Cambodian border sanctuaries late in the afternoon of May 12th 1970 Less than six hours after arriving at a small poorly constructed patrol base called LZ Brown two under strength infantry companies from the battalion

were fiercely engaged with the 174th NVA Regiment This battle marked the North Vietnamese Army s first major counter attack of the Cambodian Incursion For the next two months during that hectic summer of 1970 the 5 12th Infantry and Delta Battery 2nd Battalion 40th Artillery fought head to head on a daily basis with some of the toughest and most determined units in the North Vietnamese Army      **Secret Green Beret Commandos in Cambodia** Fred S. Lindsey,2012 We could call this book Special Operations Recon Mission Impossible A small group of highly trained resourceful US Special Forces SF men is asked to go in teams behind the enemy lines to gather intelligence on the North Vietnamese Army units that had infiltrated through Laos and Cambodia down the Ho Chi Minh trails to their secret bases inside the Cambodian border west of South Vietnam The covert reconnaissance teams of only two or three SF men with four or five experienced indigenous mercenaries each were tasked to go into enemy target areas by foot or helicopter insertion They could be 15 kilometers beyond any other friendly forces with no artillery support In sterile uniforms with no insignia or identification if they were killed or captured their government would deny their military connection The enemy had placed a price on their heads and had spies in their Top Secret headquarters known as SOG SOG had three identical recon ground units along the border areas This book tells the history of Command and Control Detachment South CCS The CCS volunteer warriors and its Air Partners the Army and Air Force helicopter transport and gunship crews who lived and fought together and sometimes died together This is the first published history of CCS as compiled by its last living commander some forty years after they were disbanded It tells of the struggles and intrigue involved in SOG s development as the modern day legacy of our modern Special Operations Commands Forbidden to tell of their experiences for over twenty years their After Action Reports destroyed even before they were declassified surviving veterans team together to tell how Recon men wounded averaged 100 percent and SOG became the most highly decorated unit in Vietnam and all were awarded the Presidential Unit Citation
