A Nimble Arc Emilie Boone, 2023-08-28 While James Van Der Zee is widely known and praised for his studio portraits from the Harlem Renaissance era much of the diversity and expansive reach of his work has been overlooked From the major role his studio played for decades photographing ordinary people and events in the Harlem community to the inclusion of his photographs in the landmark *Harlem on My Mind* exhibition at the Metropolitan Museum of Art in 1969 Van Der Zee was a foundational Black photographer whose work illustrates the shifting ways photography serves as a constitutive force within Black life In *A Nimble Arc* Emilie Boone considers Van Der Zee's photographic work over the course of the twentieth century showing how

history have attempted to situate art in a more global framework since the 1980s. Offering analyses of the successes and setbacks of these efforts to globalize the art world, this innovative volume presents a new and exciting way of considering art in its global contexts. Essays by an international panel of leading scholars and practicing artists assert that what we talk about as art is essentially a Western concept; thus, any attempts at understanding art in a global framework require a revising of established conceptual definitions. Organized into three sections, this work first reviews the history and theory of the visual arts since 1980 and introduces readers to the emerging area of scholarship that seeks to place contemporary art in a global framework. The second section traces the progression of recent developments in the art world, focusing on the historical and cultural contexts surrounding efforts to globalize the art world and the visual arts in particular global and transnational frameworks. The final section addresses a wide range of key themes in contemporary art, such as the fundamental institutions and ontologies of art practice and the interactions among art, politics, and the public sphere. A Companion to Contemporary Art in a Global Framework is essential reading for undergraduate and graduate students, scholars, researchers, and general readers interested in exploring global art beyond the traditional Euro American context.
