Communal Life Yosef Gorni, IaÃicov Oved, Idit WyEd Paz, 1987-01-01 This remarkable compendium brings together more than eighty scholars from throughout the world to examine the experience of the kibbutz and communal living Through careful examination of the ideological historical educational sociological and economic origins and realities of communal living the contributors provide strong and positive support for the belief that a cooperative society can exist within an antagonistic competitive system Taken together these contributions provide dialogue among and between those who research communal life and those who live it **Abacus** Christopher McGowan, 2010 Time travel historical science fiction for young adults **Architecture and Identity** Chris Abel, Norman Foster, 2012-10-02 Instead of tuning the consumer to the machine we can now tune the machine to the consumer This edited collection of essays now in its second edition brings together the author's key writings on the cultural technological and theoretical developments reshaping Modern architecture into a responsive and diverse movement for the twenty first century Chris Abel approaches his subject from a wide range of knowledge including cybernetics philosophy new human science and development planning as well as his experience as a teacher and critic on four continents The result is a unique global perspective on the changing nature of Modern architecture at the turn of the millennium Including two new chapters this revised and expanded second edition offers radical insights into such topics as the impact of information technology on customized architecture production the relations between tradition and innovation prospects for a global eco culture and the local and global forces shaping the architecture and cities of Asia Chris Abel is an architectural writer and educator based in Malta He has taught at major universities in the UK North and South America Southeast Asia and the Middle East and is a contributor to numerous international journals and other publications He currently holds visiting appointments at the University of Malta and the University of the Philippines

Managing Construction Industry Development George Ofori, 1993 This study looks at how the construction industry of developing countries can be improved with special attention to the role and importance of a central agency in administering the industry's continuous development The book first reviews the nature and problems facing the construction industry in developing countries and the recommendations commonly made which in turn show the need for action of a different nature Part 2 then focuses on the Singapore experience over a 25 year period as it attempted to develop its industry without a central agency for construction development later set up as the CIBD of Singapore while Part 3 considers the circumstances behind the Board's formation and assesses its work Lessons from Singapore's experience especially relating to the setting up and work of a central agency and factors contributing to the success of such an agency are discussed in the final part

The Free Trade Adventure Graham Dunkley, 2000-03 Free trade lies at the heart of the new era of globalization This is a review of the history of 20th century trade agreements tracing what happened to the General Agreement on Tariffs and Trade GATT before the USA pushed the world into the Uruguay Round This renegotiation of the rules of international trade

enshrined in the World Trade Organisation agreements is now taking free trade much further than ever before The author examines the benefits and hidden costs of the WTO Agreements their implications for weaker economies and their likely consequences in terms of environmental protection labour standards and political sovereignty Alternatives do exist he argues to an over reliance on free trade These include managed trade fair trade and self reliant trade He also sets out a series of innovative proposals for reforming the WTO IMF and World Bank

Study of the Orders Frank C. Brown,2002 The Study of The Orders is a simple but comprehensive treatise on The Five Orders of Architecture It provides clear concise description of the Classic Orders and the system of proportions to which the Orders were reduced by the Renaissance architects Originally offered to students of the American School of Correspondence in Chicago this volume contains the three instruction papers and accompanying plates as well as photographs of noted examples of Classic and Renaissance Architecture The architectural use of the classical orders continues unabated yet there are limited sources for formal study The Study of the Orders offers complete and detailed instruction on their history and use
