Smart Women:

What Smart Women Know Steven Carter, Julia Sokol, 2000-02 What Smart Women Know is a straightforward and honest guide from women who have learned the hard way how to be smart about men

Why Smart Men Marry Smart Women Christine B. Whelan, 2006-10-17 For years it's been common knowledge that once a woman hits thirty her chances of finding a husband diminish to the point of despair That men are intimidated by a woman's career success preferring docile helpmates to ambitious achievers That women are biologically driven to seek a strong provider That the higher a woman's IQ the less likely she is to marry let alone have babies leaving single successful women to ask themselves Are men intimidated by smart women In *Why Smart Men Marry Smart Women* Christine B Whelan shatters the myth that high achieving women are at a disadvantage in the marriage market There's good news for the millions of American SWANS Strong Women Achievers No Spouse that today's smart successful women marry at the same rates as all other women and that more income and education may in fact increase a woman's chances of marriage What's more as Dr Whelan shows through newly released U S Census data a large scale Harris Interactive survey commissioned especially for this book plus extended interviews conducted in cities nationwide this profound demographic shift shows every sign of progressing That means that the success penalty that has endured for generations is as soon as 2010 destined for the history books Accomplished daughters sisters and friends not to mention their mothers can finally stop worrying that the twin pinnacles of personal and professional happiness are inherently unattainable In fact smart men do marry SWANS Ninety percent of high achieving men surveyed want a woman who is as intelligent or more intelligent than they are And two thirds of men said they believed smart women make better mothers Pairing cutting edge research with sound advice Dr Whelan brings to mind what smart women everywhere have long known in their hearts that the goal is not just to get married but to have a good marriage and to lead a fulfilled life

Smart Women Love Money Alice Finn, 2017-04-11 YOU ARE A SMART WOMAN BUT DO YOU STILL Feel you're too busy to invest your money Rely on someone else to deal Get bored by financial talk Think that investing is something only men do Worry you're not smart enough THINK AGAIN Women have made strides in so many areas and yet we still have a blind spot when it comes to managing our money Why A myriad of factors cause women to earn less than men over a lifetime making it all the more imperative that we make the money we do have work for us as much as possible And here's a reality check as many as nine out of ten of us will have to manage our finances and those of our family at some point in our lives And a lot of us think that means keeping our money safe in savings accounts and not investing it But not doing so has an opportunity cost that will lead to opportunities lost the ability to pay for a college education own a home change careers to pursue a dream or retire Alice Finn wants to change how you think about your money no matter how much or little you have In *Smart Women Love Money* Finn paves the way forward by showing you that the power of investing is the last frontier of feminism Drawing on more than twenty years of experience as a successful wealth management adviser Finn shares five

simple and proven strategies for a woman at any stage of her life whether starting a career home raising children or heading up a major corporation Finn's Five Life changing Rules of Investing will secure your financial future 1 Invest in Stocks for the Long Run Get the magic of compounding working for you starting now 2 Allocate your Assets Strategize your investing to get the most of your returns 3 Implement with Index Funds Take advantage of passive investing with simple low cost and diverse funds 4 Rebalance Regularly Sell high and buy low without much effort to keep you on track toward your goals 5 Keep Your Fees Low Uncover hidden fees so you don't lose half of your wealth to Wall Street Finn will also provide the tools you need to achieve long term success no matter what the markets are doing or what the headlines say So even in the face of uncertainty such as the possible dumping of the fiduciary rule requiring financial advisers to act in their client's best interests by the Trump administration Smart Women Love Money will help you protect yourself and all of your assets for your future Whether you have 10 10 000 or more it's time to get smart about your money

What Smart Women Know Steven Carter, Julia Sokol, 2000 Before Ally McBeal there was What Smart Women Know a straightforward and honest guide from women who have learned the hard way how to be smart about men This national bestseller is geared for women from all walks of life

Smart Women and Small Business Ginny Wilmerding, 2007-06-30 Are you one of the many women out there who needs a brand new model for your business career Are you looking for entrepreneurial alternatives to the world of big business but aren't sure where to start A transition into small business is a natural progression for countless women who have invested the first phase of their careers in large companies Many mid-career women dream of starting their own businesses but until now there hasn't been a book that gives them the sense of multiple choice that helps them find the right entrepreneurial fit options that go beyond starting a venture to include buying an independent business or a franchise joining or consulting for small businesses or working with partners There's a confusing array of how to books out there with general advice about starting a business conducting a job search or balancing work and family But what entrepreneurial women really need are the strategic tools for choosing and growing a business that will not only make them money but make them happy as well Women need direct gender specific advice about succeeding financially in their businesses they also crave the feeling that their work matters and they want flexibility and control over their professional lives in order to achieve a healthy work life balance This book offers them the womenfriendly business advice they need and numerous true life role models to identify with and emulate Author Ginny Wilmerding opens women's eyes to the advantages of buying joining or consulting for existing small businesses fully explaining the alternatives to starting from scratch If you lack an original business idea this book will give you the confidence you need to get excited about pursuing a business idea other than your own But if you do want to start a company from the ground up there's plenty of food for thought for you here too Wilmerding not only shares her own stories and outside experts advice but also includes insightful vignettes from women who have found their niches and are succeeding financially If you're wondering how to finance your small business Wilmerding steers you toward success

in obtaining SBA loans and other financing Finally if you re considering partnering with others to share the risk and the fun she prepares you for partnership success and explains the importance of good advisers and mentors The goal of this book is to get you started on the path to a successful career in the small business world a world that needs experienced smart versatile women like you to join its ranks Smart Women and Small Business is the ultimate professional guide for mid career business minded women who want to achieve the same independence and success as their entrepreneurial male peers but in their own way *Smart Girls in the 21st Century* Barbara Kerr, Ph.D.,Robyn McKay, Ph.D.,2020-11-01 Drs Barbara Kerr and Robyn McKay tackle what it means to live with work with and be a modern smart girl Through their keen insights and academic research of real girls and women they offer valuable information and advice on giftedness achievement self actualization and more They examine bright girls development types of intelligence differences in generations eminent women barriers to achievement education growing talent adolescence college gifted minority girls women twice exceptionalism and career guidance *Smart Women* Judy Blume,1983 B B and Margo two forty year old divorcees are unprepared for the frustrations pain and passion which arise when B B s ex husband hits town in a story about a complex romantic triangle Smart Chicks on Screen Laura Mattoon D'Amore,2014-09-08 While women have long been featured in leading roles in film and television the intellectual depictions of female characters in these mediums are out of line with reality Women continue to be marginalized for their choices overshadowed by men and judged by their bodies In fact the intelligence of women is rarely the focus of television or film narratives and on the rare occasion when smart women are showcased their portrayals are undermined by socially awkward behavior or their intimate relationships are doomed to perpetual failure While Hollywood claims to offer a different more evolved look at women these movies and shows often just repackage old character types that still downplay the intelligence and savvy of women In *Smart Chicks on Screen* Representing Women s Intellect in Film and Television Laura Mattoon D Amore brings together an impressive array of scholarship that interrogates the portrayal of females on television and in movies Among the questions that the volume seeks to answer are In what ways are women in film and television limited or ostracized by their intelligence How do female roles reinforce standards of beauty submissiveness and silence over intellect problem solving and leadership Are there women in film and television who are intelligent without also being objectified The thirteen essays by international interdisciplinary scholars offer a wide range of perspectives examining the connections and disconnections between beauty and brains in film and television *Smart Chicks on Screen* will be of interest to scholars not only of film and television but of women s studies reception studies and cultural history as well *Where Have All the Smart Women Gone?* Alice Ann Rowe,1996 **Marry Smart** Susan Patton,2014-03-11 The Princeton mom delivers unvarnished truths in this book of life lessons for women **Body-for-Life for Women** Pamela Peeke,2009-04-14 Drawing from cutting edge research in gender based medicine women s health expert and best selling author Dr Pamela Peeke tailors the original Body for Life program to the unique

Women's Empowerment and Microcredit Programmes in India Annabel Dulhunty,2023-08-21 Women s Empowerment and Microcredit Programs in India examines the value of microcredit based self help groups SHGs for women in India and provides an alternative model for women s empowerment programming The microcredit sector continues to boom globally with private investors governments and multilateral financial institutions all investing substantial amounts in self help group

programming Nowhere is this more evident than in India where the industry has further been deregulated in recent years Much of the rationale for increased investment in microcredit is based on the idea that it improves women s empowerment But is this true Researchers have fiercely debated the value of microcredit programs for women with some arguing that it is exploitative and others contending that it is empowering This book provides new insights into women s empowerment and microcredit programming elaborating on the themes of power dignity mobility and solidarity It takes a nuanced view of the complexities surrounding self help group programming and women s empowerment and argues that the model of microcredit self help group programming is key to whether it helps or harms women By focusing on the experiences and voices of microcredit self help group members in West Bengal India this book elaborates on the idea of microcredit models existing on a continuum from smart economics to more holistic feminist versions of programming It will be of interest to scholars in development studies anthropology sociology gender studies and public policy and Asian Studies **Ebony**,1978-04 **EBONY** is the flagship magazine of Johnson Publishing Founded in 1945 by John H Johnson it still maintains the highest global circulation of any African American focused magazine **The Women's National Indian Association** Valerie Sherer Mathes,2015-04-15 The Women s National Indian Association formed in response to the chronic conflict and corruption that plagued relations between American Indians and the U S government has been all but forgotten since it was disbanded in 1951 Mathes s edited volume the first book to address the history of the WNIA comprises essays by eight authors on the work of this important reform group The WNIA was formed in 1879 in reaction to the prospect of opening Oklahoma Indian Territory to white settlement A powerful network of upper and middle class friends and associates the group soon expanded its mission beyond prayer and philanthropy as the women participated in political protest and organized successful petition drives that focused on securing civil and political rights for American Indians In addition to discussing the association s history the contributors to this book evaluate its legacies both in the lives of Indian families and in the evolution of federal Indian policy Their work reveals the complicated regional variations in reform and the complex nature of Anglo women s relationships with indigenous people **Becoming Young Men in a New India** Shannon Philip,2022-08-25 **Becoming Young Men in a New India** tells the gendered story of a changing India through the lives of its young middle class men Through time spent ethnographically hanging out with young men in gyms bars clubs trains and gay cruising grounds in India this book critically reveals Indian men s violence towards women in various city spaces and also shows the many classed and masculine entitlements and challenges that they experience The book lays bare the often secretive and hidden social worlds of young Indian men and critically analyses the impact young men s actions and identities have not just for themselves but for the many women they encounter In this way it puts forward a critical queer feminist perspective of men and masculinities in postcolonial India where the politics of class gender sexuality violence and urban spaces come together **Understanding Deviance** David M. Downes,Paul Elliott Rock,Eugene McLaughlin,2016 **Understanding Deviance**

provides an indispensable guide to the major themes and theories which have come to form the sociology of crime and deviance from their origins in the research of the University of Chicago sociology department in the 1920s to the most recent work in cultural criminology

The 'Woman Question' and Higher Education Ann Mari May, 2009-01-01 The interdisciplinary mix of sharp commentary and scholarship has the potential to invigorate and reawaken debate on why women aren't advancing faster in academia and the role of theoretical social and institutional bias in perpetuating this inequity Undergraduate and graduate students of educational and workplace inequality women's studies and neoclassical theory will benefit from engaging in the dialogues raised in this book Lois Joy Feminist Economics this book offers a contribution to debates and is a timely reminder that the woman question remains a compelling issue The critical insights offered by scholars from across the disciplines of history philosophy psychology sociology and economics is a unique aspect of this text This is a thoughtful and scholarly contribution to the knowledge base Tanya Fitzgerald Journal of Educational Administration and History Detractors will find all the supporting data that they might fear to see as the authors have done their homework housework and it is spotless The opening statement of the acknowledgements can stand for the remainder of us that in encouraging our academic interests as a stimulus to creative energy in making us laugh and in reminding us to hold on to that which we value most for women and men in higher education there cannot be much improvement on this book Julia Swindells Times Higher Education a particularly readable and interesting set of complementary essays Education Economics These outstanding essays by eminent scholars provide sophisticated and highly readable analyses of the causes of women's exclusion from full participation in knowledge production today From multiple disciplinary perspectives the authors examine the roles of biology institutional impediments discrimination and women's choices A must read for all concerned with the role of women in contemporary higher education Myra H Strober Stanford University US These fascinating essays by scholars from a wide range of disciplines examine women's struggle since the nineteenth century for inclusion and voice in American higher education and the long often grimly comic history of the arguments that men with authority to speak have used and continue to use to rationalize limiting women's role Everyone interested in the history of women in American universities should read this book Robert W Dimand Brock University Canada These essays offer fresh insights on the question of the paucity of women in higher education and together form a thoughtful and contemporary response to Lawrence Summers and the Woman Question in the twenty first century This uniquely interdisciplinary study offers a provocative contemporary look at the Woman Question in relation to higher education at the dawn of the twenty first century Leading feminist scholars from a wide variety of perspectives and disciplines including history philosophy education psychology sociology and economics evaluate the role of biology discrimination and choice in rationalizing women's exclusion from fully participating in the process of knowledge production as well as examining institutional impediments Contextualizing arguments against women's inclusion and including contemporary perspectives on gender this book offers a

rich multi layered examination and critical insights into understanding the near universal difficulties that women encounter as they seek to participate fully in the process of knowledge production This book addresses one of the most compelling topics of our time and speaks to our need to understand the long struggle of women to gain an authoritative voice in higher education and the factors that underlie that struggle Scholars and researchers of women s studies higher education and a range of humanities and social sciences will find this book a welcome addition to the literature
