Smell The Subtle Sense:

Smell, the Subtle Sense Alvin Silverstein, Virginia Silverstein, Robert Silverstein, 2000-05 Smell is one of your most important senses It stimulates your appetite influences the way you feel warns you of danger and even unlocks your memories Yet it is your vaguest and most neglected sense In this book you will discover more about this mysterious sense and learn just how complex and essential it is in your own life and in those of other living creatures Did you know that different types of smells influence the way you feel think and act that your body odor can often be used in diagnosing an illness that you can distinguish 5 000 different odors but probably cannot describe the smell of a freshly baked cookie Black and white illustrations
