After Words Elizabeth Leake,2011-01-01 After Words investigates how the suicide of an author informs critical interpretations of the author s works Suicide itself is a form of authorship as well as a revision both on the part of the author who has written his or her final scene and revised the natural course of his or her life and on the part of the reader who must make sense of this final act of writing Elizabeth Leake focuses on twentieth century Italian writers Guido Mor selli Amelia Rosselli Cesare Pavese and Primo Levi examining personal correspondence diaries and obituaries along with popular and academic commemorative writings to elucidate the ramifications of the authors suicides for their readership She argues that authorial suicide points to the limitations of those critical stances that exclude the author from the practice of reading In this innovative and accessible assessment of some of the key issues of authorship Leake shows that in the aftermath of suicide an author s life and death themselves become texts to be read
