Some Ballad Folks:

Some Ballad Folks Thomas G. Burton, 1981 **Feminist Messages** Joan Newlon Radner, 1993 Burning dinners stitching scandalous quilts talking hard in the male dominated world of rap music Feminist Messages interprets such acts as instances of coding or covert expressions of subversive or disturbing ideas While coding may be either deliberated or unconscious it is a common phenomenon in women s stories art and daily routines Because it is essentially ambiguous coding protects women from potentially dangerous responses from those who might be troubled by their messages **The Ballad and the Folk** David Buchan, 2015-02-11 The ballad is an enduring and universal literary genre In this book first published in 1972 David Buchan is concerned to establish the nature of a ballad and of the people who produced it through a study of the regional tradition of the Northeast of Scotland the most fertile ballad area in Britain His account of this tradition has two parallel aims one specifically literary to investigate the ballad as oral literature and one broadly ethnographic to set the regional tradition in its social context Dr Buchan applies the interesting and important work which has recently been done on oral tradition in Europe on the relationship of the ballad to society to his study of this particular part of Scotland He examines a nonliterate society to discover what factors besides nonliteracy helped foster its ballad tradition He analyses the processes of composition and transmission in the oral ballad and considers the changes which removed nonliteracy altered social patterns and seriously affected the ballad tradition By demonstrating how people who could neither read nor write were able to compose literature of a high order David Buchan provides a convincing explanation of the ballad s perennial appeal and an answer to the ballad enigma His book is also a valuable study in social history of this culturally distinct region the Northeast of Scotland **American Ballads and Folk Songs** John A. American Folk Songs Norman Cohen, 2008-09-30 This state by state collection of folksongs describes the history society culture and events characteristic of all fifty states Unlike all other state folksong collections this one does not focus on songs collected in the particular states but rather on songs concerning the life and times of the people of that state The topics range from the major historical events such as the Boston Tea Party the attack on Fort Sumter and the California Gold Rush to regionally important events such as disasters and murders labor problems occupational songs ethnic conflicts Some of the songs will be widely recognized such as Casey Jones Marching Through Georgia or Sweet Betsy from Pike Others less familiar have not been reprinted since their original publication but deserve to be studied because of what they tell about the people of these United States their loves labors and losses and their responses to events The collection is organized by regions starting with New England and ending with the states bordering the Pacific Ocean and by states within each region For each state there are from four to fifteen songs presented with an average of 10 songs per state For each song a full text is reprinted followed by discussion of the song in its historical context References to available recordings and other versions are given Folksongs such as those discussed here are an important tool for historians and cultural historians because they sample experiences of the past at a different level from that of contemporary newspaper accounts and academic histories These songs in a sense are history writ small Includes Away Down East The Old Granite State Connecticut The Virginian Maid's Lament Carry Me Back to Old Virginny I'm Going Back to North Carolina Shut up in Cold Creek Mine Ain't God Good to Iowa Dakota Land Dear Prairie Home Cheyenne Boys I'm off for California and others
