Baehre, 1999-11-17 There was a time in history when the sea was as important as the land for defining a country's social and cultural identity *Outrageous Seas* is about that time and about the harrowing almost mythic experience of shipwreck near shipwreck and survival in waters off Newfoundland Travellers from many walks of life explorers and missionaries traders fishers and mariners Native Peoples aristocrats and immigrants have left rare and fascinating first hand accounts of such disasters Their narratives span four centuries and touch many historical sub themes such as the appeal of religion in times of crisis gender roles and the ocean as workplace Apart from its obvious scholarly appeal this collection evokes psychic responses to calamity and brushes with death perhaps the most universal experience of all *Ships & Shipbuilders* Fred M.
