Something More Nurturing Your Childs Spiritual Growth:

Something More Jean Grasso Fitzpatrick,1992-12 As a parent you can easily teach your children the basic skills they will need in life from reading to swimming to computer literacy But how do you nurture a sense of spirituality *Something More* offers parents of all faiths even those who don t consider themselves religious everyday ways to make family life more meaningful Jean Grasso Fitzpatrick reminds us that spiritual nurturing is not something we do to our child but is a journey that parent and child take together This powerful book integrates spiritual insights current child development theory and in their own words the experiences of parents It features advice on how to answer your child s often difficult questions on everything from death to religious holidays to homelessness and includes lists of suggested books music and videos that will help you explore your own and your child s spirituality Written in language that will touch the hearts of today s mothers and fathers *Something More* is a very different kind of parenting book one that parents will keep and treasure *Home Sweeter Home* Jann Mitchell,2011-10-04 We search the world for spirituality and peace only to discover that happiness and satisfaction are not found out there in the world but right here in our houses and in our hearts There s no place like home holds true whether we live in a castle or a condo a mansion or a studio apartment *Home Sweeter Home* offers creative insights and suggestions for making our home life more nurturing spiritual and rewarding for ourselves our families and our friends *Parenting by Developmental Design* Vivian L. Houk,2010-01-15 In this book Vivian Houk acknowledges that parenting is really hard work There is no getting around that It just is While many books have been written about all major areas of development she brings light to what may be the least understood and most confusing area of parenting today the spiritual lives of their children *Parenting by Developmental Design* was written for interested and engaged parents who need affirmation and want to know more about the pathway of spiritual formation for their children For those who don t know how to begin it offers hope and encouragement God has given us some amazing and powerful tools writes Houk which are useful and effective in providing direction for those of us who suffer from the fear of failure or incompetence We have the gift of imagination the use of symbol ritual and celebration and the tools for calming fears and healing wounds And above all the gift of the Holy Spirit You are not alone or incapable Anyone who values the stories of both the adult and child who walk with God will find this book enjoyable engaging and challenging **Making Our Way to Shore** Eileen O'Farrell,2004 Since 1991 members of the Jewish Catholic Couples Dialogue Group in Chicago have celebrated a combination Hebrew Baby Naming and Baptism ceremony as they welcome their children into the world with the support and participation of a Catholic Priest and Reform Rabbi These ceremonies are spiritual moments created in the spirit of finding new pathways for interfaith families to share in their religious traditions For some couples their ceremony makes a statement about the religious identity of their child either in one tradition or another For others it is an expression of thanks to God for new life and the wish to ask for God s blessing on their family In either case the celebration is an authentic manifestation of a Divine presence in their

new family In addition to the ceremony this text includes an overview of the current literature regarding Catholic Jewish families a review of Hebrew Rites of Initiation as well as a short course on Catholic sacramentality and Baptism commonly asked questions and answers facing Catholic Jewish couples a lively conversation between a Rabbi and a Priest regarding rites of initiation a resource section of books and websites and a closing chapter on topics of family faith formation
