Something In My Mind Besides The Everyday Women And Literacy:

Something in My Mind Besides the Everyday Jennifer Horsman, 1990 This book grew out of a belief that the omission of studies about women and literacy is a crucial mistake If we are to challenge the myths of illiteracy we need studies that start from the standpoint of the women who are labeled illiterate or silent We need to listen to women s accounts of their own lives I m even feeling better just learning having something else in my mind besides the everyday Judy I think it s probably pretty strange to anyone that doesn t realize the kind of a life that a battered woman lives I made it my little mini war trying to win battle after battle to get my own little place my own little piece of myself I want to work I want to work at something that I can enjoy getting up in the morning where I think I m accomplishing something where I can get paid a reasonable amount to live on I m asking for the moon and the stars and everything else Alice **Women and Literacy** Susan Imel, 1996

Women and Literacy Beth Daniell, Peter Mortensen, 2020-08-17 Path breaking research on women and literacy in the past decade established conventions and advanced innovative methods that push the making of knowledge into new spheres of inquiry Taking these accomplishments as a point of departure this volume emphasizes the diversity of approaches and subjects that characterizes the next generation of research on women and literacy It builds on and critiques scholarship in literacy studies composition studies rhetorical theory gender studies postcolonial theory and cultural studies to open new venues for future research Contributors discuss what literacy is more precisely what literacies are but their strongest interest is in documenting and theorizing women s lived experience of these literacies with particular attention to the diversity of women s literacies within the U S including but not limited to the varying relations that exist among women literacy economic position class race sexuality and education relations among women literacy and economic contexts in the U S and abroad including but not limited to changes in women s private and domestic literacies the evolution of technologies of literacy and women s experience of the commodification of literacies and emergent roles of women and literacy in a globally interdependent world This broad significant work is a must read for researchers and graduate students across the fields of literacy studies composition studies rhetorical theory and gender studies **Gender Identity and Discourse Analysis** Lia Litosseliti, Jane Sunderland, 2002-05-31 Gender and discourse interface in many more epistemological sites than can be represented in one collection Gender Identity and Discourse Analysis therefore focuses on a principled diversity of key sites within four broad areas the media sexuality education and parenthood The different chapters together illustrate how taking a discourse perspective facilitates understanding of the complex and subtle ways in which gender is represented constructed and contested through language The book engages critically with long running and on going debates but also reflects and develops current understandings of gender identity and discourse particularly the shift from gender differences to the discursive shaping of gender Gender Identity and Discourse Analysis thus offers not only insights and methodologies of new empirical studies but also careful theorisations in particular of discourse text identity and gender The collection is a valuable

resource for researchers postgraduates and advanced undergraduates working in the area of gender and discourse

Remnants of Nation Roxanne Rimstead, 2001-01-01 Treating poverty not simply as a theme in literature but as a force that in fact shapes the texts themselves Rimstead adopts the notion of a common culture to include ordinary voices in national culture in this case the national culture of Canada
