otherwise blank canvas for without them there would be only hear say Their story is taken up by two reporters who finally get to the bottom of a racist conspiracy on the other side of the world It follows that a knowledge and empathy with the past is all important in a story such as this Im an historian and retired teacher of politics as well as being a part time jazz musician and I have just concluded a radio show called Jazz Dreams Ive come across racism in many different guises and in many corners of the Globe during my lifetime and I know how insidious it can be In this story I have tried to explain how important it is that individuals take personal responsibility and confront it That takes courage and the book is about this also A recent visit to New Zealand including Milford Sound and Doubtful Sound gave me the idea for a perfect hiding place Bond meets Lord of the Rings perhaps *The Martyrology* B.
