Son Of Man The Mystical Path To Christ:

Son of Man Andrew Harvey, 1999-10-11 Galvanizing beautifully written a powerful expression of faith in the transforming power of Christ's love Publishers Weekly starred review Son of Man is Andrew Harvey's most basic statement on Christ and it has already become a treasured work to readers interested in Christian mysticism For the first time in any of his books Harvey provides spiritual exercises centuries old rites previously available only to a few that allow the reader direct experience with the mystical Christ Son of Man also includes an easily accessible section of classic readings and meditations on the nature of Christ making it the comprehensive experience in the Christ of the new millennium *The Expression Son of Man and the Development of Christology* Mogens Mueller, 2014-10-20 Son of Man is practically the only self designation employed by Jesus himself in the gospels but is used in such a way that no hint is left of any particular theological significance Still during the first many centuries of the church the expression as it was reused was given content first literally as signifying Christ's human nature Later Son of Man was thought to be a christological title in its own right Today many scholars are inclined to think that in an original Aramaic of an historical Jesus it was little more than a rhetorical circumlocution referring to the one speaking Mogens Mueller's *The Expression Son of Man and the Development of Christology A History of Interpretation* is the first study of the Son of Man trope which traces the history of interpretation from the Apostolic Fathers to the present concluding that the various interpretations of this phrase reflect little more than the various doctrinal assumptions held by its interpreters over centuries *Christology from the Margins* Thomas Bohache, 2008 Provides a comprehensive queer discussion of Christology concluding with the view of Christ's person and work from a queer perspective Suitable for undergraduate study **Sixty Seconds** Phil Bolsta, 2008-04-15 Spiritual awakenings whether quiet and subtle or dramatic and breathtaking are deeply personal events More than half of us have undergone a spiritual transformation each unique and life changing We may only have a moment or two to act or we may have a few months to sort things out We may curse the gods or sink to our knees in gratitude The circumstances vary but two things are certain One our life is about to change And two it's a day we will not soon forget *Sixty Seconds* is an uplifting collection of intimate heartfelt stories from prominent people who graciously share their personal experiences with the profound Their moving life altering interviews powerfully illustrate that sacred moments of illumination and insight are available to us all *The God Who is Here* Peter Traben Haas, 2011 *Cosmosophia* Theodore Richards, 2011-02-25 Richards writes skillfully and soulfully about the most pressing issues of our times and the deeper crisis out of which they have emerged Drawing from a vast trove of knowledge about the world's religious mystical and philosophical traditions he extracts the most valuable gems polishes them with the revolutionary insights of modern science and forges a radiant new cosmosophy a universal wisdom that honors the wisdom of the universe The beauty of this mythos is that it like the cosmos is not static but dynamic inviting our active participation and imaginative engagement This book succeeds in instilling

reverence for a living universe and hope for a dying planet May Cosmosophia blossom and flourish in the hearts of all beings

Radical Passion Andrew Harvey, 2012-10-23 This culmination of award winning author Andrew Harvey's life's work bridges the great divide between spiritual resignation and engaged spiritual activism A manifesto for the transformation of the world through the fusion of deep mystical peace with the clarity of radical wisdom it is a wake up call to put love and compassion to urgent focused action According to Harvey we are in a massive global crisis reflected by a mass media addicted to violence and trivialization at a moment when what the world actually needs is profound inspiration a return to the heart centered way of the Divine Feminine the words of the mystics throughout the ages and the cultivation of the nonviolent philosophies of Gandhi Nelson Mandela Aung San Suu Kyi and the Dalai Lama Harvey's concepts of radical passion and sacred activism fly in the face of restraint of pessimism of denial of all that is inhumane fusing the mystic's passion for God with the activist's passion for justice and for healing the division between heaven and earth heart and will body and soul prayer and action Sacred activism asks that we engage deeply on a personal spiritual and political level so as to become a fully empowered fully active and contemplative humanity that can turn tragedy into grace and desolation into the opportunity to build and co create a new world Unlike many spiritual books *Radical Passion* does not veil the dark with artificial hope It explores the catastrophes of our current times and celebrates the ecstatic hope and divinity that is possible right now and in the future

JESUS IN A NEW LIGHT Manfred

Bauer, 2021-11-25 Biblical statements and beliefs that were shaped by the ancient mindset have been mindlessly repeated for way too long In the process some of these ideas were eventually dogmatized By investigating the historical origin of such dogmas the author carries out an in depth analysis of the contents of established Christian doctrines without bothering about political correctness He is outspoken but is careful not to throw the baby out with the bathwater This book is therefore especially aimed at people with an interest in theology who are no longer satisfied with the usual clichés During his research the author put expert opinions to the test and found out quite frequently that they leave much to be desired He realized that many a Bible scholar makes his or her point on the basis of a limited and incomplete view of the world that is shaped as the case may be by his or her own faith or atheism As a result of the globalization that has occurred over the past few decades and the greater insight it has afforded us into other religions and worldviews our perspective on the nature and abilities of spiritual masters such as Jesus has broadened considerably Since such discoveries have been taken into account only rarely in biographies of Jesus it has been the author's intention to illustrate parallels between the teachings and actions of Jesus and those of spiritual masters from other religions This book also asks the questions What message does the Shroud kept in Turin Cathedral convey to us Did Jesus really lie in it Does the Shroud make it possible for us to see Jesus face some 2000 years after his death With forensic meticulousness the author provides proof that not everything went by the book during the 1988 radiocarbon dating that exposed the Shroud as a medieval fake The role of the Catholic Church leadership comes thereby

under intense scrutiny Hence the aim of this unconventional book is to invite the reader to accompany the author as he tries with the help of Jesus example to acquire a better understanding of the meaning and purpose of human existence and to show what consequences such a better understanding might have for the way we conduct our lives **The Future That Brought Her Here** Deborah DeNicola, 2009-04-01 A dynamic blend of history science psychology dreams and visions Deborah DeNicola s memoir is a compelling account of self discovery that is provocative and humble A poet dream analyst and college professor DeNicola writes about her struggle to live in the ordinary world of academia while honoring the competing call of the creative and the spiritual DeNicola s memoir shows her range of intellectual pursuits and spiritual experiences as she battles an inner war between depressive cynicism and faith and shares her lifelong search to heal the trauma of her father s tragic death when she was a teenager Struggles between cynicism and faith depression and hope independence and attachment creativity and financial security in the midst of spiritual searching motherhood teaching and writing are inextricably woven into the fabric of her story Sharing the process of her awakening and how dreams and visions guide her DeNicola stirs readers to listen courageously to their own inner voices Her visionary quest takes her to the American West Israel and Southern France Along the way she weaves together references from the Bible and the Gnostic Gospels the story of Mary Magdalene medieval history the Templar Knights the Black Madonnas String Theory and quantum physics to find the repeated linkage between divinity and humanity *Putting Away Childish Things* Margaret Cunningham, 2011-08-31 Putting Away Childish Things is a collection of sermons preached over the last fifteen years in churches on the east and west coasts primarily All Saints Church in Pasadena CA and the Church of the Redeemer in Bryn Mawr PA Neither strictly orthodox nor New Age these sermons address openly and honestly biblical issues that trouble or perplex many both inside and outside the church They have been enthusiastically received
