Son Of God To Super Star Twentieth Century Interpretations Of Jesus:

Son of God to Super Star John Haralson Hayes, 1976 *Familiar Stranger* Michael J. McClymond, 2004-03-22

McClymond summarizes current scholarship on Jesus and offers a clear comprehensive and compelling report on what is known about him here at the start of the 21st century *The Trinity Guide to the Bible* Richard H. Hiers, 2001-10-01 In this marvelous book Hiers leads readers through a book by book overview and analysis of the Bible *George W.E. Nickelsburg in Perspective, vol. 1* Jacob Neusner, Alan Avery-Peck, 2022-11-07 Here we reread George W E Nickelsburg's more important articles and encounter afresh some of his books to criticize them and to attend to his response to the criticism This set of Auseinandersetzungen thus carries forward the life of learning and debate that yields a rich harvest of scholarship It pays tribute to a scholar through acts of engaged critical scholarship in which specialists reread articles reproduced in these pages and respond to them with Nickelsburg then joining issue a protracted engagement spanning an entire intellectual career and many of its more important moments Nickelsburg's work not only deserves such rigorous analysis it also sustains it On any list of scholars who over the past forty years have defined and cultivated the field of Second Temple Judaism and early Christianity George Nickelsburg is included at or near the top Here we present the natural outcome of such a life in the academy scholars in contention over truth The print edition is available as a set of two volumes 9789004129870

Remembrance of Things Past? Michael J. Thate, 2013 In this book Michael J Thate offers an experiment in reception criticism in its consideration of the formation and reception of the historical Jesus discourse He also attempts to historicize Leben Jesu Forschung within debates and narratives of secularization These two foci guide the book through its two parts First Thate explicates Schweitzer's dominant archival function in Leben Jesu Forschung while aiming to make fragile the grand architect's receptive hegemony Then he combines critical memory theory and other theoretical readings of the material in an attempt to refocus the study of the historical Jesus as early Christian memory politics in the service of identity explication He attempts to problematize Schweitzer's legacy of a tidy systematic approach in which much of historical Jesus scholarship continues to operate *History and Interpretation* M. Patrick Graham, William P. Brown, Jeffrey K. Kuan, 1993-11-01 History and Interpretation is a collection of seventeen essays on the Old Testament and the history of ancient Israel and commemorates the sixtieth birthday of John H Hayes Professor of Old Testament at Candler School of Theology Emory University All the contributors were Hayes's doctoral students at Emory and their essays cover a wide range of topics that reflect their teachers own scholarly interests from historical geography and the history of ancient Israel to religion theology and the exegesis of individual texts The methodologies employed are equally diverse some focus on text critical or form critical issues while others are essentially historical rhetorical or literary critical studies Three essays are devoted to the Pentateuch three to the Historical Books four to the Prophets and seven to the history of ancient Israel A bibliography of Professor Hayes's publications is also included **Jesus Christ in World History** Jan A. B. Jongeneel, 2009

Based on the author's thesis Th D Leiden University 1971 *Psychological Insight Into the Bible* Wayne G. Rollins, D. Andrew Kille, 2007 Foreword by Walter Wink In recent years theologians and biblical scholars have begun to delve into the insights that come from the application of psychology to biblical texts While these methods continue to be useful and popular nowhere have the foundational texts in the field been collected Wayne Rollins and Andrew Kille who have both published and taught widely in the area of psychological biblical criticism have assembled an excellent guide for those interested in this fascinating topic Included in this anthology are articles from across the landscape spanning over one hundred years and including such authors as Franz Delitzsch M Scott Fletcher Max Weber Walter Wink and many other scholars

Scandalizing Jesus? Darren J. N. Middleton, 2005-11-03 2005 marks the fiftieth anniversary of Nikos Kazantzakis' *The Last Temptation of Christ* Since Kazantzakis ranks as one of the twentieth century's most important European writers and given that this particular work of his has garnered so much publicity this collection of essays reassesses the novel though not forgetting the movie in light of one half century's worth of criticism and reception history Clergy and laity alike have denounced this novel When it first appeared the Greek Orthodox Church condemned it the Vatican placed it on its Index of Forbidden Texts and conservative evangelicals around the world protested its allegedly blasphemous portrayal of a human struggling Messiah who succumbs to the devil's final snare while on the Cross the temptation to happiness Assuredly the sentiments surrounding this novel at least in the first thirty years or so were very strong When Martin Scorsese decided in the early 1980s to adapt the novel for the silver screen even stronger feelings were expressed Even today his works are seldom studied in Greece largely because the Greek government is unable or unwilling to anthologize his material for the national curriculum After fifty years however the time seems right to re-examine the novel the man and the film locating Kazantzakis and his work within an important debate about the relationship between religion and art literary and cinematic Until now a book length assessment of Kazantzakis' novel and the film it inspired has not appeared No such volume is planned to commemorate the fiftieth anniversary of the novel's publication For those who work in Kazantzakis studies a focused anthology like this one is missing from library collections The volume contains original essays by Martin Scorsese the film critic Peter Chattaway and Kazantzakis translator Peter A Bien **Anatomies of the Gospels and Beyond**, 2019-01-28 *Anatomies of the Gospels and Beyond* is an edited volume structured around essays that focus on one of the four canonical Gospels and Acts and/or theoretical issues involved in literary readings of New Testament narrative The volume is intended to honor the legacy of R Alan Culpepper Emeritus Professor and Former Dean at Mercer University's McAfee School of Theology The title of the volume which alludes to the title of Culpepper's ground breaking monograph *Anatomy of the Fourth Gospel* and the breadth of the essays are apt reflections of his research interests over his academic career of over forty years The twenty five contributors are internationally recognized experts in New Testament studies thus the essays represent a snapshot of current research
