Song Of The Buffalo Boy:

Song of the Buffalo Boy Sherry Garland,1994 Seventeen year old Loi s family promises to wed her to an older man She flees to Ho Chi Minh City and with her boyfriend prepares to leave for America in search of her biological father *Song of the Buffalo Boy* Sherry Garland,1994-03-01 Shunned and mistreated because of her mixed heritage and determined to avoid an arranged marriage seventeen year old Loi runs away to Ho Chi Minh City with the hope that she and the boy she loves will be able to go to the United States to find her American father **Indio** Sherry Garland,1995 Fourteen year old Ipa struggles to survive a brutal time of change as the Spanish begin the conquest of the native people along the Texas border Cultural Journeys Pamela S. Gates,Dianne L. Hall Mark,2010-08-16 As multicultural education is becoming integral to the core curriculum teachers often implement this aspect into their courses through literature However standards and criteria to teach and promote active discussion about this literature are sparse Cultural Journeys introduces pre service and experienced teachers to the use of literature to promote active discussions that lead students to think about racial diversity More than just an annotated list of books for children Pamela S Gates and Dianne L Hall Mark provide systematic guidelines that teachers can use throughout their careers to evaluate multicultural literature for students in grades K 8 At the same time the text leads the reader to a deeper understanding of how to use multicultural literature throughout the entire curriculum and not just during specially designated months or time periods With the example unit plans and extensive annotated bibliography this book is a valuable resource that pre service teachers will utilize when they begin teaching and in service teachers will reference repeatedly during their planning periods **Multicultural Programs for Tweens and Teens** Linda B. Alexander,Nahyun Kwon,2010-07-02 Following the practical programs laid out here young adult librarians in public libraries school librarians and adult and young adult services staff can easily explore many diverse cultures

Families in Children's Literature Nancy LE Cecil,Patricia Roberts,1998-02-15 Using quality children s literature that presents families positively and promotes appreciation of family diversity this book offers you a unique way to help students understand the common complexities of today s families Books are grouped into four major categories diverse family groups family heritage and tradition relationships within families and family conflicts Within these areas books are chosen for specific topics ranging from Death in the Family to Homelessness For each title there are questions for reflection and discussion and a target activity that reinforces the concepts presented in the book **Under Egyptian Palms** Howard Hopley,1869 Reading Programs for Young Adults Martha Seif Simpson,2015-11-16 School and public libraries often provide programs and activities for children in preschool through the sixth grade but there is little available to young adults For them libraries become a place for work the place to research an assignment or find a book for a report but the thought of the library as a place for enjoyment is lost So how do librarians recapture the interest of teenagers This just might be the answer Here you will find theme based units such as Cartoon Cavalcade Log On at the Library Go in Style Cruising the Mall

Space Shots Teens on TV and 44 others that are designed for young adults Each includes a display idea suggestions for local sponsorship of prizes a program game to encourage participation 10 theme related activities curriculum tie in activities sample questions for use in trivia games or scavenger hunts ideas for activity sheets a bibliography of related works and a list of theme related films The units are highly flexible allowing any public or school library to adapt them to their particular needs

Recreating the Past Lynda G. Adamson, 1994-06-30 Spanning grades 1-10 this annotated bibliography of 970 recommended American and world titles published through early 1994 includes adult titles suitable for young readers at least 200 of the titles are award winners In support of interdisciplinary English and social studies curricula librarians and teachers can easily assemble a basic list of books on a geographical place and time period Geographical sections are divided into historical time periods within which entries are organized alphabetically by author Each entry contains both reading and interest grade levels a short incisive annotation about the historical event setting plot protagonist and theme current publication availability and awards won Seven reference appendices allow for easy searching These helpful appendices and an authors a titles and an illustrators index help to make this volume a critical professional tool

Rhapsody in Red Sheila Melvin, Jindong Cai, 2004 Western classical music has become as Chinese as Peking Opera and it has woven its way into the hearts and lives of ordinary Chinese people This lucidly written account traces the biographies of the bold visionaries who carried out this musical merger Rhapsody in Red is a history of classical music in China that revolves around a common theme how Western classical music entered China and how it became Chinese Chinas oldest orchestra was founded in 1879 two years before the Boston Symphony Since then classical music has woven its way into the lives of ordinary Chinese people Millions of Chinese children take piano and violin lessons every week Yet despite the importance of classical music in China and of Chinese classical musicians and composers to the world next to nothing has been written on this fascinating subject The authors capture the events with the voice of an insider and the perspective of a Westerner presenting new information original research and insights into a topic that has barely been broached elsewhere The only other significant books touching on this field are *Pianos and Politics* Middle Class Ambitions and *The Struggle Over Western Music* by Richard Kurt Kraus 1989 and Barbara Mittler's *Dangerous Tunes The Politics of Chinese Music* Both target the academic market *Pianos* focuses narrowly on the political aspects of the Cultural Revolution and subsequent re opening *Rhapsody in Red* is a far better read and benefits from considerably more research with primary source material in China over the past decade and it covers classical music in general over all the history of East West interaction This book will appeal to a general readership interested in China the same readers who made *Wild Swans* a bestseller It will also appeal to all who are interested in the future of classical music It could easily be used for college courses on modern China cultural history and ethnomusicology
